## Back Lot Stuff in New York State League Game

Binghamton, N. Y., June 1.—Nineteen runs were scored today in one inning, the first, in a New York State league base ball game between Binghamton and Utica. The game was called at the beginning of the fourth inning because of darkness.

It required fifty-five minutes to play the inning, with the base ball crowd in a frenzy.

Seven pitchers worked in the three innings and Utica's first baseman had been called to the mound when the game was stopped.

## THREE DAYS LEFT FOR REGISTRATION

Commissioner Moorhead Hopes to Make List Here One Hundred Per Cent Full.

Three days till registration. Election Commissioner Moorhead, who, with Mayor Dahlman, constitute the registration board, announced that every cog in his machine is in place and that "bad luck" awaits the young man between the ages of 21 and 31 who may try to evade conscription by not registering.

"We want a 100 per cent registration in Douglas county next Tuesday, May 5," said Mr. Moorhead, "and we believe the number of intention slackers will be infinitesimal."

The law plays no favorites. Every man within the prescribed age limits must register, regardless of whether or not he thinks he is exempt. The exemptions will come afterwards, but no one is excused from registration.

Three Hoboes Register.

A rough exterior is no sign of lack of patriotism.

This fact was demonstrated in Mr. Moorhead's office Friday morning when three men of the type known as "hoboes" registered their names for selective conscription.

"We've got no home," explained these knights of the road, "but we're Americans and don't want anyone to ever accuse us of being slackers."

They said they were "blowing on" to "Kay See."

More than 500 absentees and sick persons have registered in Douglas county thus far.

The 124 voting places in the county are being put in shape for registration day.

About 400 volunteer registrars will serve. A dozen of them are women.

Mr. Moorhead has a reserve list of volunteers in case the registrars do not show up.

## Patriotic Services at All Saints' on Sunday

A patriotic service will be held in All Saints' church Sunday at 11 a. m. The Boy Scouts will carry banners specially made for this occasion and a platoon of the regular army will march in the procession. The salute to the flag will be given to the roll of drums and the whole congregation will be asked to pledge their devotion to Old Glory.

Dr. A. D. Laird will play a cornet solo and will lead in the singing of the patriotic hymns, assisted by the organ and full choir. The anthem will be the "Recessional" by Kipling.

G. W. Wattles will deliver an address on patriotism. Citizens cordially welcomed.

## FIRE WARDEN WARNS MILL MEN OF ALIENS

All Storage Places for Food Supplies Told to Be on the Lookout for Fires.

On the theory that alien enemies are abroad in the land and that they are bent on the destruction of food supplies in storage in different parts of the country, State Fire Commissioner Ridgell has sounded a note of warning to grain elevators and mill men around Omaha.

The state fire commissioner urges that both day and night grain elevators, mills and all other buildings used for the storage of grain and food supplies be well guarded by trusted men. He suggests that the buildings be guarded within as well as without in order that fires may not be started.

As an extra precaution, the fire commissioner urges that care be taken to keep the grain storage buildings clean and that electric wire connections be carefully looked after.

Julia Blackbird Files Suit For Allotment of Farm Land

Julia Blackbird, by her next friend, Na-Zae-in-zae Blackbird, filed suit in federal court seeking an allotment of land on the Omaha Indian reservation. Horace Fields and Josiah Fields, also minor Indian children, filed suit. This is a formal procedure under the law. It is stated that no more government land remains for the Indians. In that event the Indians making application take the status of the white man and cease to be wards of the government.

"Well, I settled the question of where I will have the pictures of the bridal party taken today," said the Bride of Mystery. "Hein's studio is going to get all our work in that line."

# How the Military Draft Will Affect You

Tuesday, June 5th, 1917, will be Registration Day under the selective draft law.

It is expected that it will give the United States Government a list of 10,000,000 men (including those who have taken out first citizenship papers) of ages ranging from twenty-one to thirty years. From this list the first 500,000 men of the new national army will be selected to begin training about September 1st.

THE LITERARY DIGEST for June 2d gives all the available official and unofficial information which throws light on the many points in the actual operation of the draft law. The article shows the questions that will be asked and how they must be answered; who must register and where; the penalties for failing to register or for making false statements at registration, whether about oneself or another person; those who are exempt, and how exemption claims must be made. Sickness or physical disability of any kind does not excuse absence or failure to register. The Canadian Government has closed the border to American citizens of military age until after Registration Day.

No date in the history of the country is fraught with more significance than will be on June 5th, 1917, for on that day, as the New York Evening Mail states, "will be laid the foundation for the great bulwark that the American people have pledged themselves to build in the defense of the liberties of the world."

If you would save yourself inconvenience, not to say future anxiety, be sure to buy and read THE LITERARY DIGEST for June 2d. The information alone which the leading article contains directly affects a great proportion of the American people.

To Test "The Digest" Is to Prove Its Worth

The dictionaries define news as fresh information regarding something that has recently happened. This implies that news, to be worthy of the name, must be up to the minute, must cover actual events, and must be bona-fide. The average man who confines his newspaper reading to one or two newspapers gets only a confused perspective. He reads "as in a glass, darkly," and is naturally be-

fogged. There is one periodical which sweeps away every cloud of doubt and mirrors back the sunlight of truth by giving all sides and every angle of the world's news-reports. This is THE LITERARY DIGEST, which presents all view points impartially, advocating none, giving the actual, unvarnished facts, and leaving you to form your own judgment. Test it and prove its worth.
