

WILL PUT NEW ARMY IN SIXTEEN CAMPS

Shortage of Money, Material, Labor and Time Causes War Department to Reduce Cantonments.

Washington, June 1.—Important revisions in the plan for training the war army have been made by the war department. It announced today that the half million men to be called to the colors in September will be concentrated in sixteen cantonments instead of thirty-two, and that many of the forces probably would be put into tents instead of wooden barracks.

All of the guard units will have been drafted into service by August 5. That does not mean, however, that all will have been ordered to divisional training camps at that time. Presumably the best equipped and recruited forces will be made ready first for duty abroad, but there has been no announcement as to the process to be followed.

More than 60,000 guardsmen now are engaged in police work, guarding bridges, factories and other structures, and that work will have to be kept up.

Lack of funds, material, labor and transportation facilities, Secretary Baker said, were determining influences in the decision to reduce the number of cantonments.

Too Great a Demand. The previous plan to build thirty-two of the camps was reached, it was explained, after congress had appropriated \$77,000,000 on the theory that there would be only sixteen. For a time the larger number seemed practicable, but that would have made a much greater demand on the over-taxed resources at the department's command.

Although the change will upset all the tentative plans for camp locations made by department commanders, it is not expected to delay beyond September 1, the mobilization of the great draft army. Four of the sixteen cantonment sites provided for under the new plan already have been selected and choice of the others is expected soon. Secretary Baker indicated that building would proceed as rapidly as possible.

Four Sites Selected. The four sites selected are at American Lake, Wash., Atlanta, Ga., Ayre, Mass., and Wrightstown, N. J.

A more plentiful supply of canvas than expected made it possible to put some of the troops under tents. A canvas shortage was largely responsible for the original plan to house the army in wooden barracks, for army officials have preferred tenting from the start. Most of the tents used probably will be placed at southern camps.

In making the announcement Secretary Baker said also that forces in excess of those which could be cared for in the sixteen cantonments would be placed under canvas. This was taken as referring to national guard divisions, although the militia bureau has received no instructions in this regard.

Task Big One. The task of building a cantonment is a big one. Miles of roads, water, sewer and light construction must be put in. More than 2,000 buildings must be erected in each camp and railway connections must be established. To begin the simultaneous construction of thirty-two such cities, officials feel, would have been more than the resources of the department or the country could have borne without seriously interrupting the ordinary course of commercial life.

Must Fight War on Savings Of the Future—Vanderlip

New York, June 2.—The Liberty loan of \$2,000,000,000 is "but the start," Frank A. Vanderlip, president of the National City bank, said today in speaking before the Merchants' association on the necessity of employers assisting employees to subscribe to the loan.

"We are going to need sums of money such as were never dreamed of in any undertaking we have ever engaged in," he declared.

"Organization, Mr. Vanderlip said, would see America safely through. The sacrifice of the war, he asserted, will prove a boon for the country in the long run if they teach the American people much needed lessons in thrift and national investment. The war must be fought, he said, on the savings of the future.

Wilson Promises Farmers Reasonable Wheat Prices

Washington, June 2.—Spring wheat growers of the northwest were assured by President Wilson, in a personal interview today, that the government intends to protect farmers in marketing their crops and that prices will be guaranteed high enough to stimulate production. The farmers representatives were told the government hopes permanent marketing reforms may grow out of wartime measures.

It is not the present intention to fix minimum prices, the president said, as the government believes production prices will remain high without putting this measure into effect.

Illinois Bar Denounces Works' Anti-Draft Wire

Danville, Ill., June 2.—The Illinois State Bar association today adopted resolutions denouncing the statement of former Senator John D. Works of California, made in a telegram to the so-called first American conference on democracy and terms of peace in New York that "We dishonored ourselves by declaring war as unpatriotic, disloyal and treasonable" and pledging the support of the members to the president and country in the prosecution of the war.

A copy of the resolution was forwarded to President Wilson.

One Dead 23 Hurt When Circus Tent Blows Down

Uniontown, Pa., June 2.—One person was killed and twenty-three were injured, none seriously, when a circus tent was blown down during a performance here today. Mrs. Mary Hileman, aged 55, of Addison, Pa., was found dead beneath the canvas, and it is suspected that she suffocated. Six elephants and a number of horses broke loose, but were captured before any one had been trampled by them.

Russian Minister of Commerce Quits Post

London, June 2.—A Reuter dispatch from Petrograd says A. I. Konovloff, minister of commerce and trade, has resigned owing to a complete divergence of views with M. Skobeleff, minister of labor, concerning the economic and financial measures necessary in the present crisis.

M. Konovloff was given the portfolio of minister of trade and commerce in the new national cabinet appointed after the recent revolution, and retained his office when the coalition cabinet was formed.

Shortly after his appointment in the new ministry, M. Konovloff declared he considered an economic rapprochement with the United States of great importance.

On May 25 he took part in a conference between Foreign Minister Tereschenko and Minister of Labor Skobeleff on measures to overcome the strained relations between workmen and employers.

Germany Promises Safe Conduct for Neutrals

London, June 2.—The German admiralty has promised a safe passage through the barred zone to all neutral vessels in English ports on July 1, provided they carry distinctive signs and follow indicated routes, according to a Reuter dispatch from Berlin. The announcement says England has prevented the sailing of neutral vessels from British ports on dates fixed by the German admiralty as safe, thus hampering the supply of food to neutral countries.

German assurances of safe conduct to Swedish and Norwegian steamers in British ports on July 1 were announced on May 30.

Gerald Cudahy Would Serve in Aero Corps

San Diego, Cal., June 2.—Gerald Cudahy, son of John Cudahy, of the well known family of meat packers, has applied for service in the officers' aeronautical reserve corps. His papers were received from the aviation school here today.

Two of Cudahy's relatives, Michael Cudahy, jr., and E. A. Cudahy, are in training to become infantry officers.

Would Take "Movies" Off War Tax Schedule

Washington, June 1.—Exemption of popular priced moving picture theaters from amusement taxes and the levying of a new federal license tax on automobile owners, ranging from \$7.50 to \$25, with reduction for cars used a year or more, were agreed upon today by the senate finance committee in continuing revision of the house war tax bill.

Son of David Starr Jordan Joins Officers' Reserve

Salt Lake City, Utah, June 2.—Knight Starr Jordan, son of Dr. David Starr Jordan, the pacific leader, has signed an application for the naval officers' reserve corps. Jordan is 29 years old, married and gave his residence as Provo, Utah.

"Feminalls" for Women Are an All-Purpose Home Garb of Far-Reaching Utility

FEMINALLS fill a long felt want of the woman who does her own housework, or who enjoys working in the garden and the like. They meet every requirement—every purpose of the home. Cool, comfortable, serviceable and easy to wash and launder.

Demonstration on living models Monday 10 A. M. to 12 M. and 2 to 5 P. M.

Illustration on Left--

shows it arranged as a breakfast set, the skirt hiding the trousers or "bloomers." In this costume the most sensitive woman can appear before either friends or strangers without embarrassment.

In the privacy of her home she can discard the skirt, pull the trousers to the knee (where they are held by an elastic band) and she has an ideal costume for house-cleaning, sweeping, dusting or mopping the floor and a dozen different kinds of work. Made of fine quality gingham in assorted patterns; collar, cuffs and belt of plain colors; at \$3.75.

Illustration on Right--

shows how "Feminalls" appear when worn in this way—the so-called "athletic costume" arrangement. The trousers may be extended to the ankles, if desired. Worn thus, in combination with the jacket, the costume is suitable for garden work. The trousers are cut full, and there is no exposure of the person. Made of gingham, in assorted patterns; collar, cuffs and belt of plain material; price, \$2.75.
