

Nebraska CAPITAL CITY TO AID MEN TO REGISTER

Business Houses Will Close and Proprietors Will Assist Men Who Are of Draft Age.

(From a Staff Correspondent.)
Lincoln, June 4.—(Special.)—Registration day tomorrow will be a big day in the capital city of Nebraska, and it is intended to make the entire day a holiday.

The merchants and business firms of the city will assist in every manner in giving their employes a chance to register. In the afternoon a big parade will start from the north side of the state house grounds and march north to O street, where a demonstration will be given all along the line.

It is expected that every hand in the city will assist in furnishing music and the patriotic orders and other societies will join in the demonstration.

In the morning several committees composed of businessmen will canvass the city for the sale of liberty bonds and from sunrise to sunset everybody will know that Tuesday, June 5, is being recognized in Lincoln.

Decorations are being placed especially in line with patriotic ideas. Strings of electric lights have been placed the entire length of O street, from Ninth to Twenty-first, the south side being in red, the center in white and the north side in blue, so that for the entire length a stream of the national colors will show out in the darkness.

Wants Transfers Issued For Fort Crook Traction.

(From a Staff Correspondent.)
Lincoln, June 4.—(Special.)—A system of transfers between the Omaha & Southern Interurban railway and the Omaha & Council Bluffs railway is asked for in a complaint filed with the State Railway commission today by J. J. Buresh of Omaha.

Mr. Buresh informs the commission that he Omaha & Southern operates a line of road between South Omaha and Fort Crook, a distance of five miles and charges 15 cents for the passage. In transferring to the Omaha & Council Bluffs road at Twenty-fourth and N streets in South Side, no transfer is given and passengers are compelled to pay an additional 5 cents into Omaha, making 20 cents for the entire trip of ten miles.

He contends that as the Omaha & Council Bluffs company that it should give transfers from one line to the other. He shows that the latter road runs a line to Florence, a distance of twelve miles and only charges 5 cents for the trip, and therefore along the line of equality the two roads should have interchange of transfers between Omaha and Fort Crook.

Railway Commission Stops Plans to Bore for Oil

Ded Cloud, Neb., June 4.—(Special Telegram.)—The Railway commission has put a crimp in the plan to organize a corporation to bore for oil in this vicinity by refusing to permit such an organization to be formed until Prof. Schramm of the State university has inspected the site of the proposed well and submitted a favorable report. This inspection is to be made at the expense of the company, who must pay the professor \$100 per day and expenses.

It is thought that an inspection would require several days and would be of no benefit to the incorporators consequently it is likely that the incorporation will be dispensed with and the work will be done under a partnership agreement.

Mr. Peterson, the oil expert who has been investigating, is convinced from further inspection today that the chances of finding oil here are very favorable.

Registration Rallies At All Johnson Precincts

Tecumseh, Neb., June 4.—(Special.)—County Assessor Ray Allen has checked the tax schedules, just returned by the deputies, and he finds about 750 men in Johnson county who will have to register Tuesday. The Tecumseh, Sterling and Cook bands will furnish music that day, going from precinct to precinct. There will be speaking and vocal music at nearly every registration place, as well as some are planning on refreshments for the men. The patriotic demonstration is in the hands of the Johnson county defense council, recently organized, and the band speakers and vocalists have donated their services.

Red Cloud All Ready For Registration Day

Red Cloud, Neb., June 4.—(Special Telegram.)—Ringings of bells and blowing of whistles will announce the beginning of registration tomorrow. A committee of young women will furnish a ribbon to each man who registers. In the afternoon a parade will form, which will include the city officers, the men who have registered, the band, school children and other citizens. After passing through the principal streets the procession will end at the court house, where a program will be given.

Railroads No Longer Need Report Loaded Grain Cars

(From a Staff Correspondent.)
Lincoln, June 4.—(Special.)—The State Railway commission has notified railroads of the state that they may cease for the present to report to the commission the number of cars loaded with grain on each division.

The order is given for the reason that there appears to be no car shortage and therefore no need of keeping a line on the cars. The order will be effective again whenever there appears to be a demand for it.

Will Drain Stockham Basin Through Tunnel

Aurora, Neb., June 4.—(Special.)—The big drainage tunnel, which is being built by J. H. VanWormer, north of Stockham, in what is known as the Furr drainage project, is one of the wonders of the county.

Scores of visitors from all parts of the county visit the project each week. The tunnel is three feet in diameter and is being tiled with segment tile. It will drain about 350 acres. At its deepest point, the tunnel is thirty feet beneath the surface.

Hamilton county has a number of basins which will probably be drained in the same way as an open ditch will be too deep. The tunneling costs less and will be better, experts declare.

Charges Filed Against Head of Deaf Institute

(From a Staff Correspondent.)
Lincoln, Neb., June 4.—(Special Telegram.)—Charges were filed this morning with the State Board of Control against Frank W. Booth, superintendent of the State Institute for the Deaf at Omaha.

The complaint, which is signed by C. W. Bilger, 3536 North Forty-fifth; Miss Bertha L. Sellner, a teacher in the school, and several others, alleges that the school is not being conducted along proper educational lines and that the superintendent shows favoritism.

A hearing will be held at Omaha about June 15 after the closing of the school year.

Nurses' Examining Board Established at Lincoln

(From a Staff Correspondent.)
Lincoln, June 4.—(Special.)—Headquarters of the nurse's examining board has been established in the state house on the fourth floor in charge of Miss Margaret McGreevey of Omaha.

Miss McGreevey was formerly superintendent of nurses in the Douglas county hospital and was recently selected by the state board as secretary, following the resignation of Miss Catherine Wollgast of Lincoln.

Mayfield Will Speak to Convicts on Patriotism

(From a Staff Correspondent.)
Lincoln, June 4.—(Special.)—Chairman Mayfield of the State Board of Control will deliver a patriotic address to the men at the state penitentiary Tuesday morning at 10 o'clock. An attendance is compulsory. "Gene" will probably have a crowd, and as the crowd will be under strict surveillance he will also be safe.

Superior to Pave Streets With Asphaltic Concrete

Superior, Neb., June 4.—(Special.)—The city council let a contract today for the paving of two districts in the residence part of Superior to Watts & Ammerman. The material to be used is asphaltic concrete, with base of five inches. The price of the low bidder, \$1.66 per square yard.

North Platte D. A. R. Active.

North Platte, Neb., June 4.—(Special.)—The Daughters of American Revolution of this city are doing their "bit" in this war crisis. The members are helping to make the Red Cross a large chapter and all are knitting for the navy. Registration day they will serve coffee and sandwiches to all who register and pin a flower on them. The chapter expects to keep open house all summer.

Fire in Store at Aurora.

Aurora, Neb., June 4.—(Special.)—Fire broke out in the novelty store, managed by Mrs. A. W. Steele, on the south side of the square, Saturday night about midnight. The firemen were able to put out the blaze before it had accomplished much damage. The water, however, badly wrecked the novelty stock. The building belonged to Fritz Hoefler.

DELIGHTFULLY REFRESHING
Horsford's Acid Phosphate

You can make for yourself, with your own hands, the mildest, most fragrant cigarette in the world and the most economical. Machines can't imitate it.

Carload of Alfalfa Seed Condemned by Murschel

(From a Staff Correspondent.)
Lincoln, June 4.—(Special Telegram.)—A carload of alfalfa seed shipped by J. L. Maxon of Buffalo Gap, South Dakota, to Ed McGowan of Gibbon, which was refused by the latter because of its poor quality and afterwards an attempt at sale made to other parties in this state has been condemned by State Food Commissioner Murschel.

The seed is of poor quality and about 50 per cent of it weed seed, according to tests made by the seed analyst and it is what is called alfalfa screenings.

Farmers' Grain Company Does Profitable Business

Cambridge, Neb., June 4.—(Special Telegram.)—The Farmers' Grain and Live Stock association held its annual meeting today. The last year has been successful. The salary of W. A. Wagey, the manager, was increased \$300 for the coming year. John Bogie, Charles Fattig and Frank Haugnon were elected directors and Ed Foster secretary. The association, with a \$6,000 capital, did a \$352,000 business.

Forestration Commission Loses Another Member

Lincoln, Neb., June 4.—(Special Telegram.)—The death of C. H. Tully of Alliance removes another member of the State Forestration commission, which the governor has had some trouble in keeping filled up.

The governor reappointed two members of the old commission, A. H. Metzger of Merriman and Carl Rhode of Columbus, but refused to appoint Woodruff Ball. The two former refused to serve after the political fight made on Ball, which resulted in his failure to be reappointed and the appointment of F. A. Cumbow of Valentine in Ball's place. The other two members of the board were then appointed in the person of J. W. Steinhart of Nebraska City and Mr. Tully.

It is intimated that the appointment of Cumbow was distasteful to the other two members of the board for some reason which was responsible for the registrations, and while some publicity was given Cumbow's appointment nothing was given out regarding the resignation of the two old members.

also paid off all indebtedness and had \$7,500 net profits.

Red Cross Chapter is Organized at Bayard

Bayard, Neb., June 4.—(Special.)—A Red Cross chapter was organized in Bayard last week with about 200 charter members. Officers elected are: C. H. Harpole, chairman; Miss Winitred Winter, vice chairman; A. M. Paulson, secretary, and G. G. Cronkleton, treasurer.

The census of the city was taken this week and shows that Bayard has grown from a village of 500 to a city of 1,600 in the past six months.

Bayard tendered a reception Friday evening to the boys who enlisted in Company G. An appropriate program was rendered and refreshments were served.

Argue Over Merits of Irish and Scotch; Fifteen Days

Micky Carver and Jack McNeerney, 1909 Douglas street, bought a quart of whisky Sunday for \$3, after which they proceeded to Seventeenth and Cuming streets and started an argument over the relative merits of the Irish and Scotch. They had reached the point where each had a black eye and several cuts on the face when officers stopped the argument. They were sentenced to fifteen days in the workhouse.

All Americas to Oppose Germany in Year—Barrett

Baltimore, June 4.—John Barrett director general of the Pan-American union, in a speech here today before a Liberty loan mass meeting, predicted that within a year all the Americas would be fighting together against Germany.

"If Brazil enters the conflict, as today seems imminent," he said, "two-thirds of the entire population and five-eighths of the total area of the western hemisphere will be at war with the common enemy. Can the remaining one-third of population and three-eighths of area stand against the psychological, sympathetic and economic appeal of their sister peoples and countries having similar interests, similar institutions, similar governments and similar destiny?"

U. S. Destroyer Damaged by Collision With Freighter

Washington, June 4.—The destroyer Ammen put into Boston navy yards today, the Navy department announces, with a slight damaged bow as a result of a collision with the American freighter Herman Frasch in a fog off Nantucket Lightship, early Saturday morning.

When You Eat Bread you are entitled to everything in the whole wheat grain. Dr. Wiley says: "Wheat is a complete food containing all the elements necessary for human nutrition." But be sure you get the whole wheat in a digestible form. Shredded Wheat Biscuit is whole wheat made digestible by steam-cooking, shredding and baking—the best process ever devised for preparing the whole wheat grain for the human stomach. Two or three of these crisp little loaves of baked whole wheat with milk and berries, make a delicious, nourishing meal. Made at Niagara Falls, N. Y.

BUY "Liberty Bonds" Here Beginning Tuesday

THERE IS NOTHING mysterious about a Government bond. For years the French nation—the thriftest people on earth, have put their savings, bit by bit, into French bonds. We, in America, do not half appreciate the advantage of this sensible habit.

A Liberty Bond is the safest investment you can possibly make. It is backed by the Entire Resources of this powerful, wealthy nation.

It is as easily bought as a postage stamp. It is turned into money as readily as changing a bill. This is because it is a security that is widely in demand—"negotiable" as the phrase is. You will have no difficulty in finding a purchaser for it. AT ITS FULL MARKET VALUE, at any time.

The interest rate, 3 1/2%, is high for such an excellent bond. And further, if, as very likely will be the case, the government has to issue more bonds, at a higher rate of interest, you have the right to EXCHANGE your Liberty Bonds on even terms for bonds paying the higher rate—"convertible," in other words.

The Liberty Bonds are FREE OF ALL TAXES, except inheritance tax.

IN SHORT, PATRIOTISM AND SELF INTEREST, BOTH URGE YOU TO PUT ALL THE MONEY YOU CAN AFFORD INTO THE LIBERTY LOAN.

The Liberty Bond Booth is Situated in the "Bank," at the Rear of the Pompeian Room.

Billiken Shoes

Take care of the little feet—they must have room to develop normally.

The Best Shoes for Children No Cramped Toes—the Little Feet Can Grow as Nature Intended

A NEW idea? Most assuredly so. You've heard and read about "new idea" shoes—but here is one that is built upon scientific lines—that actually does all that it claims to do.

You know, as well as we, that the foot of a growing child should have a shoe of the right shape. But has it ever occurred to you that the weight and general construction of the shoe is fully as important?

BILLIKEN SHOES are not made to remedy foot ills—they PREVENT them. And "an ounce of prevention is worth a pound of cure" in any market. Consider these important points.

BILLIKEN SHOES are as flexible as a hand turned sole. They are as durable as a well—and as comfortable as a stocking. They make no noise—but they give adequate protection to the tender foot of the child and permit of normal development.

We are enthusiastic over BILLIKEN SHOES because we know how good they are; and we have acquired the exclusive agency, so that every father and mother, may know their real worth. They're the right kind of shoes for all kinds of wear, and there are enough style variations to satisfy every need.

Prices are according to style and size
