

MRS. ROBINS SPEAKS TO LABEL LEAGUE

Chicago Woman Addresses the Opening Session of National Organization at Kansas City.

Kansas City, June 4.—Pleading for loyal support of the federal government and declaring that a new social and economic order is emerging in every land and that a new internationalism is coming through the suffering of mankind, Mrs. Raymond Robins of Chicago, president of the National Woman's Trade Union League of America, addressed the annual convention of that body here today. She thought the world was in the midst of a test of labor's three greatest principles—democracy, recognition of the worth of labor and the uplift of women.

Mrs. Robins closed by saying that the Women's Trade Union should give "united loyalty to this government in support of its war for democracy," that it should unite to maintain and extend its standards in industry and should work for the enfranchisement of women, and she quoted President Wilson as follows: "We are fighting for democracy in a larger sense than can be expressed in any political term. There are many forms of democratic government and we are not fighting for any particular form. But we are fighting for the essential part of it all, namely, that we are all equally interested in our social and political life and all have a right to a voice in the government under which we live; and that when men and women are equally admitted to those rights we have the best safeguard of justice and peace that the world affords."

Gardeners Told How To Raise Second Crops

Washington, June 4.—(Special).—Now that radishes, lettuce, and in some sections peas, spinach and other early crops are being harvested, home gardeners should be making their preparations to utilize the freed space by planting other crops, say specialists of the United States Department of Agriculture.

In planning for these plantings, the specialists suggest, it is well at all times, but especially this year, to concentrate efforts on the production of vegetables that have considerable food value and on those which may be stored in their natural condition, dried or canned for winter use. Late Irish potatoes is one of the important crops that can be grown on the freed ground.

Navy beans furnish substantial food which is easily stored, and the present market prices make it worth while in sections where they thrive, to replant space from which crops have been harvested with this legume.

Our vegetables having considerable food value from which choice may be made for late plantings include sweet corn, string beans, late beets, turnips, tomatoes, squash and pumpkins.

Seized German Vessels Are Renamed for Towns

Washington, June 4.—Secretary Daniels announced today that the names of the seized German ships assigned to the navy have been changed as follows:

Geier to Schurz; Breslau to Bridgeport; Kiel to Camden; Liebenfels to Houston; Saxonia to Savannah; Vogensen to Quincy; Nicaria to Pensacola; Odenwald to Newport News; Hohenfelde to Long Beach; Frieda Leonhardt to Astoria; Andromeda to Bath; Rudolph Blumberg to Beaufort; President to Kittery; Locksun to Gulfport.

Most of the names of the new vessels are of coast towns and cities which have some connection with the navy. The Geier, the gunboat interned at Honolulu, is renamed for Carl Schurz, the famous German-American soldier.

Prince Udine and Signor Marconi Are Ill

Washington, June 4.—The trip of the Italian war mission through the south and middle west, which was to have been begun today, has been postponed owing to the illness of the prince of Udine and Signor William Marconi.

The prince was taken with a slight fever today after all arrangements for the special train and for receptions in various cities had been completed. It was not felt possible for him to leave here at 1 o'clock as planned and the trip was therefore postponed until the nature of his illness became known. It is believed to be not serious.

Mr. Marconi has been ill for the last week with a rather chronic sickness and had planned to avoid the long journey through the south, with the hope of being able to join the mission at Chicago or New York.

German Theaters Ban Singers Who Go to U. S.

Amsterdam, June 4.—(Via London).—The German stage managers' meeting at Berlin Saturday passed without a dissenting vote the proposal of Count Seebach, director of the Dresden Court theater, binding their members not to engage for five years any German singer who accepts an American engagement. Count Seebach declared that his proposal had nothing to do with the war, but was a measure of self-defense.

Phelactine, New Wonder Worker for Hair Growth (Causes Even the Roots to Come Out)

By an entirely new and perfectly harmless method, any woman afflicted with a growth of superfluous hair can now remove the disfigurement completely—roots included—in just a few seconds. Isn't that glorious news? The recently discovered phelactine process is altogether different from electrical, depilatory and other methods heretofore employed for the purpose. It is the only thing that enables one to remove roots and all in one's own home without expert assistance. The result cannot be doubted, for the user sees the hair-roots with her own eyes. A stick of phelactine, with simple instructions, can be procured at any drug store. It is odorless, non-irritating, non-poisonous (a child could eat it without injury). Always sold under a money-back guarantee. The method is so thorough that the skin is left perfectly smooth and hairless, bearing not the least evidence of its former blemish.—Advertisement.

PAY LAST TRIBUTE TO BUFFALO BILL

Thousands Attend Services on Lookout Mountain When the Body of Col. W. F. Cody Is Laid to Rest.

Denver, Colo., June 4.—Last tribute was paid yesterday to the memory of Colonel William F. Cody (Buffalo Bill) by a vast assemblage, when the body of the famous scout and plainsman was laid to rest in a grave blasted from solid rock beneath the thin layer of earth on top of Lookout mountain, twenty miles from Denver.

More than 10,000 people went from Denver to Lookout mountain by automobile and electric train. For hours before the ceremony at the grave there was a steady procession of automobiles winding up the mountain side toward the summit. Several thousand persons, who had gone by trolley to Golden, at the foot of the mountain, climbed steep trails, or trudged along the automobile road

to Wildcat Point, where the burial was held.

The ceremony at the grave was not elaborate, only the Masonic ritual being used under the direction of the Golden Masonic lodge. A delegation of Knights Templar from North Platte, Neb., where Colonel Cody held his membership, acted as an escort.

Military Honors.

As the last shovel full of earth was thrown into the grave, a bugler sounded taps. When the last note had died out, a battery of Colorado National Guard artillery fired a salute of thirteen guns. As the last shot ceased, reverberating among the mountains the Stars and Stripes were broken out from a flag pole at the grave.

For an hour and a half before the services began the thousands of persons who had made the journey to the summit of the peak, where Colonel Cody often had gone to view the broad plains of Colorado, Nebraska, Kansas and Wyoming and the snow-capped peaks of Colorado—all visible from the spot chosen for his last resting place—passed in a stream on either side of the coffin for a last look at the face of the old plainsman.

Beside the scout's widow, his two sisters, Mrs. Julia Goodman of Cody,

WILL DROP POSTAGE TAX ON NEWSPAPERS

Senate Committee Favors Substitution of Two Per Cent Tax on Advertising Receipts.

Washington, June 4.—After several hours' discussion of how newspapers, magazines and other publications shall be taxed for war purposes, the senate finance committee today adopted a resolution against increasing second class postage rates and in favor of levying a direct flat 2 per cent tax upon advertising receipts. The decision was tentative, but is expected to be final.

Santos-Dumont Invents Powerful Seaplane

Paris, June 4.—Santos-Dumont, the Brazilian aviator, has invented a powerful type of seaplane for fighting submarines, according to a Turin dispatch, which says that the new machine will be manufactured in the United States.

Rebuke by Kaiser is Ignored by Pan-Germans

Copenhagen, June 4.—(Via London, June 4).—According to a report from the anti-Semitic Staatsburger Zeitung of Berlin, the German emperor some time ago personally interfered to check virulent outgrowths of the antagonism to Chancellor von Bethmann-Hollweg and administered to those participating in the notorious Hotel Adlon conference a stern rebuke, ordering them at the same time to discontinue the agitation aiming to force the chancellor's retirement, "which," the emperor added, "is equivalent to denying my capacity for political judgment." The rebuke apparently has had no effect on the pan-Germans and conservatives.

Boston Chemical Plant Is Destroyed by Fire

Boston, June 4.—Fire in the manufacturing section of the South Boston district today destroyed the chemical plant of T. C. Ashley & Co., the warehouse and rooms of the International Waste company, two stables and threatened for a time to spread to rows of tenement buildings nearby. The loss was estimated at \$100,000.

Shark Attacks Man in Sound Near Savannah, Ga.

Savannah, Ga., June 4.—Fear of a repetition of last summer's prevalence of man-eating sharks along the Atlantic coast was felt here today as the result of an attack by a shark on Wallace J. Pierpont, jr., son of Savannah's mayor, in Calibogue sound. Pierpont's arm was badly injured by the shark, which came close to shore.

BELL-ANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

NUTON

A compound of Iron, Nux and Pepsin. Gives new life and vigor. Reddens the blood and strengthens the nerves. For anaemia, loss of appetite, nervousness, weakness and general debility. 75 tablets; price \$1.00. If your druggist hasn't it write THE NUTON CO., Omaha, Neb.

The Happy "Hoppy" Drink
