

POSTAL CLERKS BIG BUYERS OF BONDS

Nearly Every Man and Woman in Local Service Subscribes; Total Thirty Thousand.

Every man and woman in the post-office employ in Greater Omaha, excepting about half a dozen, has subscribed to the Liberty loan. The total is \$30,000, the largest amount subscribed by postal employes in any city of less than half a million population.

"Daddy" Tebbins, the veteran letter carrier, who has been in the service in Omaha for forty-four years, subscribed. An arrangement has been made whereby the employes can pay for their bonds at the rate of 10 per cent on every pay day, thus paying for the bonds in ten monthly payments.

"There were about half a dozen men," said "Pat" McGovern, "who kept up their record in this instance. These men would never give a nickel to help when any of the men were sick. In fact, they never let go of a nickel for any good cause that we know of. But the record of the Omaha postoffice with its branch stations is magnificent. Minneapolis, for instance, a city with 300,000 people, reports only \$20,000 subscription to Liberty bonds from the postoffice employes."

Drug Clerk Accused Of Having Liquor Illegally

J. W. Hazen, a clerk in the Drexel Pharmacy at 624 North Sixteenth street, was arrested Friday night charged with illegally having intoxicating liquor in his possession. Seven bottles of wine and a pint bottle of whiskey were found by officers hidden away in a box of paper.

Bert Hickman, colored, claiming 806 Pacific street as his home, was picked up on the streets with a bottle of gin partially full in his pocket. He was charged with being drunk and illegally having intoxicating liquor in his possession.

Vernie Merritt, a private in Company B, Signal Corps, located at Fort Crook, was arrested last night charged with illegally having intoxicating liquor in his possession. Four half pints of whiskey were found in his pockets. Merritt says he bought the liquor from a negro on the street.

Northwestern Crop Report Carries Optimistic Tone

The Northwestern Railroad company's report of crop conditions along the Nebraska lines for the week ending Friday shows heavy precipitation over the entire state and in some localities so much rainfall that farm work has been delayed.

While rain hindered working in the fields, apparently it did not interfere with the growth of crops. The report indicates that small grain of all kinds is in the best possible condition. In some of the southern counties, the heads are beginning to show in the fields of wheat and oats.

The weather during most of the week was unseasonably cool, but this seems to have been of great value to the wheat.

Corn planting has been finished and the fields where the ground was not too wet to work, there has been one cultivation. The stand is as good as ever known and in most localities the plant is as far advanced as usual at this season of the year.

It is said that there has never been so large an acreage as this year.

Potatoes are coming along rapidly and the acreage is the greatest in the history of the state.

Henry Ford's Cook Sues For a Divorce in Omaha

Henry Ford's cook sued for divorce in Douglas county district court.

She is Mrs. Alice M. Smith, formerly of 2409 Blondo street, and she asks her freedom from William B. Smith on grounds of alleged nonsupport.

When the Ford party was at the Fremont tractor meet last year, Mrs. Smith tickled the palate of the fiver king with her dumplings and biscuits. He asked her if she would take charge of the kitchen of his home near Detroit, and she accepted.

Mrs. Smith still regards Omaha as her residence.

The plaintiffs and the amounts they sue for follows:

Hattie Hamilton, \$16,000; J. D. O'Leary, \$24,000; Lee Watson, \$17,000; J. J. Melick, \$14,978; T. J. Gledhill, \$31,475; B. M. Sargent, \$17,500.
