**TREASURER HALL**  
**SOME ADVERTISER**  
 Puts Name on Office Door  
 When Title of Office Only  
 Adorns Every Other One  
 in State House.

(From a Staff Correspondent.)  
 Lincoln, June 18.—(Special).—Is State Treasurer George Hall a permanent fixture in the state house?  
 For the first two years of his official career as treasurer, Mr. Hall allowed the offices to remain with the old and much worn paper put on by his republican predecessors. Carpets full of holes and otherwise the worse for wear, remained upon the floor.  
 Now all is changed. Bright and beautiful paper adorns the wall and there is an indication of prosperity on every hand. On the outside door has been painted in letters so plain that the "wayfaring man though a fool need not err therein," the magic words, "George E. Hall, State Treasurer."

**Looks Like Fixture.**  
 People wonder if this is an indication Mr. Hall expects to continue indefinitely as state treasurer of Nebraska and that he has forgotten the constitutional injunction "Four years shall ye serve and no longer."

Some people say Mr. Hall expects to be a candidate for the democratic nomination for the United States senate against his old friend, Attorney General Reed, and that the name upon the door is simply keeping his name before the public "lest we forget."  
 When Governor Morehead was chief executive he issued a warning against writing names on any part of the state house and proclaimed a reward of \$25 for information leading to the discovery of any individual who "defaced" and part of the building by placing his name thereon.  
 Doors of offices of other state officials bear name of the office only.  
 Mr. Hall has seized time by the forelock and has indicated he has a strangle hold on publicity.

**State Defense Council Urges**  
**Precautions at Meetings**

Lincoln, Neb., June 18.—(Special Telegram).—The state Council of Defense today sent out instructions that extra precautions be taken wherever patriotic rallies are held. Special deputies to guard places of meeting are addressed and it is urged that all packages be denied within the building without previous examination; that speakers refrain from shaking hands with the crowd, especially where handkerchiefs are held in the hand or a handkerchief appears on the hand. Although investigation of the hall or stand where the meeting is held and special care of the speakers is urged. The order is promulgated by the adjutant general.

Dr. E. O. Weber of the department of mediation and sanitation urges extra care in preparing food for soldiers and a guard over all food and water to be used for troops.

**Stock Yards Company**  
**Wants Higher Corn Charge**

(From a Staff Correspondent.)  
 Lincoln, June 18.—(Special).—General Manager Buckingham of the Union Stock Yards company, with Attorney Norris Brown appeared before the State Railway commission today in an effort to have the rate charged for corn to shippers raised.  
 The present rate is one fixed by the commission after a hearing about a year ago and is 10 cents above the average price paid for corn per bushel the month previous.  
 The company contends that this is insufficient and quoted prices at other points charged by stock yards companies running from \$2 to \$2.25 per bushel.

**Members of Guard Count**  
**In Army Draft Quota**

(From a Staff Correspondent.)  
 Lincoln, June 18.—(Special).—Many rumors are coming to the governor relative to the matter of counties receiving credit on the quota of men changed to each county on the draft.  
 The governor has announced that all counties will be credited with all men now in the National Guard. If a company belongs to any of the regiments of the state guard their men will count in the quota charged to that county.

**THE RED CROSS SPIRIT SPEAKS**

By JOHN FINDLEY.

(Continuation of Education for the State of New York and Chairman Albany County Chapter of the Red Cross.)

I. Wherever war, with its red woes,  
 Or flood, or fire, or famine goes,  
 There, too, go I:  
 If earth in any quarter quakes,  
 Or pestilence its ravage makes,  
 Thither I fly.

II. I kneel behind the soldiers' trench,  
 I walk 'mid shambles' snear and stench,  
 The dead I mourn:  
 I hear the stretcher and I bend  
 O'er Fritz and Pierre and Jack to mend  
 What shells have torn.

III. I go wherever men may dare,  
 I go wherever woman's care  
 And love can live,  
 Wherever strength and skill can bring  
 Succor to human suffering,  
 Or solace give.

IV. I helped upon Waldora's shore,  
 With Hospitalier Knights I bore  
 The first red cross:  
 I was the Lady of the Lamp;  
 I saw in Solferino's camp  
 The crimson loss.

V. I am your pennant and your pennant:  
 I am your bodies on their pennant:  
 Of pain afar;  
 I am you, doing what you would  
 If you were only where you could—  
 Your avatar.

VI. The cross which on my arm I wear,  
 The flag which o'er my breast I bear,  
 Is but the sign  
 Of what you'd sacrifice for him  
 Who suffers on the hellish rim  
 Of war's red line.

**Big Auto Which Carried**  
**School Children Is Burned**

Kearney, Neb., June 18.—(Special).—Seven St. James parochial school children had a narrow escape from injury Saturday night, while autoing to Shelton where they were to stage a school play, the automobile caught fire. Fortunately the driver of the machine discovered that the machine was on fire and he brought the big car to a standstill, relieving it of its passengers and all stood back at a safe distance, awaiting the explosion of the gasoline tank. The accident took place two miles east of Buda. The car, belonging to Dr. A. D. Cameron of this city, is a total loss.

**Shubert Raises \$500**  
**For Red Cross Campaign**

Stella, Neb., June 18.—(Special).—A Red Cross chapter was organized at the Christian church in Shubert last evening, with Rev. Mr. Pardee, the pastor as leader. Four hundred dollars was subscribed and this forenoon enough more had been subscribed to make the total nearly \$500. Elder Pardee was chosen president, Elmer Ham, secretary; J. F. Shubert, treasurer, Ex-Governor J. H. Morehead, chairman of the Red Cross committee at Falls City, was present.

**Family Escapes From Burning**  
**Home in Night Clothes**

Beatrice, Neb., June 18.—(Special Telegram).—The home of Joseph Wills, eight miles east of Beatrice, was destroyed by fire at 3 o'clock yesterday morning from an unknown cause and the family was forced to escape from the building in their night clothes. The loss is placed at \$2,500, partially covered by insurance.

**Notes From Beatrice.**

Beatrice, Neb., June 18.—(Special).—Attorney Fulton Jack left last evening for Washington, Pa., to attend the twenty-fifth annual reunion of his graduating class. He was accompanied by his son, Juny, a member of Company C.

Donald Hillyer, an old Beatrice boy, wired friends from Omaha yesterday stating that he was enroute to Allentown, Pa., and from there he would go to France to fight for Uncle Sam.

The Paddock hotel Saturday evening turned over nearly \$1,000 to the Red Cross society as proceeds from the three meals served during the day. E. L. May, proprietor of the hotel, advertised that the money spent at his place would go to the Red Cross, and the hotel was a busy place during the day.

**Arrested at Broken Bow**

Broken Bow, Neb., June 18.—(Special).—Hal Carpenter, 22 years old, and a resident of Washington, Ia., has been arrested here charged with being a slacker. The sheriff of Washington county, Iowa, notified the sheriff's office here that Carpenter left home several weeks ago and he had reason to believe that he was visiting a relative in Custer county. Deputy Sheriff Thompson located Carpenter on a farm north of town and arrested him. He is now in jail awaiting the action of the federal authorities, who have been notified. When arrested Carpenter said his eyes were not in good condition and for that reason did not register.

**Coal Ship and Submarine**  
**Both Destroyed in Duel**

New York, June 18.—In a battle between a crippled, stranded British steamship and a submarine off the Italian coast in May, both craft were destroyed, according to members of the crew of the American steamship,

Hilonian, who arrived here today. The Hilonian itself has already been reported sunk off the Italian coast on May 16, the crew being landed at Albenga. On the same day an unidentified British freighter carrying coal was also torpedoed, but the captain managed to run his ship into shallow water before it partly sank. Two days later, the American

asserted, the submarine returned to the attack and launched a torpedo which hit the steamer amidships and almost blew it apart. As the submarine came to the surface to observe the effects of the shot, two deck guns on the stern of the freighter were turned on it.  
 A six-inch explosive shell hit the U-boat and it was seen to turn over twice and split squarely in two before going down.

**GOODRICH SILVERTOWN**

**Cable Cord—40% Rubber**  
**Immune to Tire Fever**

BEHOLD how cord and rubber are fused into the flexible, powerful cable-cord which forms the exclusive patent-protected body of a Silvertown tire. Note the rubber core, and how each cord tendon in the cable-cord lies completely encased in a cushion of rubber.

Cord and cabled under high pressure, which replaces all air in the fiber with rubber gum, it is fused with rubber as a cobbler's waxed end is waxed with wax.

That fusion of rubber and cord, cool no matter how fast the tire whirls, when cross-wrapped in the Silvertown's two-ply body, is the secret of Silvertown's IMMUNITY from TIRE-FEVER—the internal heat rubbed up between the plies of many-ply tires—the great destroyer of tires.

With but two plies of strong, cool cable cord—Silvertowns, trade marked, with the Red Double Diamond, are bound to outlast and outserve many-ply tires, with their multiplied tire fever.

Moreover they give a style, a smoother riding comfort and gasoline saving economy you can not afford to deny yourself.

**Driving the GMCs**

So Simple To Operate Are

**GMC TRUCKS**

A Woman Can Drive Them

and many times when all the men are busy at other jobs can the women on the farm be of inestimable aid by driving the GMCs with their enormous loads from the fields to the farm or to town.

Their utter simplicity of operation and freedom from complicated action means a woman can manage them quite as easily as a pleasure car.

"Put it Up to Us to SHOW YOU"

With the war soon to claim thousands of men from productive industry, the task before the farmer today is more difficult than ever.

Not only is he expected to produce greater quantities of food this year, but he will probably have to do so with a "help" problem before him such as he has never before experienced. Consequently, he must look for assistance to those labor saving machines which will enable him to do his work more effectively and with less men.

But the farmer who enlists the GMC truck into his service has no fears. He knows it will speedily and satisfactorily handle his immense hauling problems. He knows that by means of the GMC he can either dispense with entirely, or release for more productive work, the three or four teams usually required to do his trucking.

What's more, he knows that the teaming the GMC will handle will be done at a far lower operating and upkeep expense than by the old method, besides being done much quicker thus reducing the risk of spoilage from bad weather, etc.
