

Nebraska

NO SENATE JOURNAL IN SIGHT THIS YEAR

Secretary Walrath Declares Money All Used Up Paying Employees; Nothing for the Printer.

(From a Staff Correspondent.)
Lincoln, June 22.—(Special.)—The state of Nebraska has many things by which to remember the last legislature, but it looks now as if the usual souvenir of the session, the proceedings of the senate, will not be on the desks of the members at the next session nor will the people at large ever have a chance to know what the upper body really did.
Secretary Gene Walrath of the senate has refused to have the proceedings printed, because there are no funds. Mr. Walrath was here a few days ago and to several persons at the state house said he did not intend to have the proceedings printed. He said Lieutenant Governor Howard had made a raid on the funds and forced the payment of employees of the senate over and above the constitutional requirement and there was not enough money left to pay for printing the journal.

Looks Out for Walrath.
The senate before adjournment voted \$1,400 to the secretary to get out the proceedings. According to the records Mr. Walrath has already drawn \$900 of the amount and this leaves \$500 yet to be paid.

According to the records in the office of the state auditor only \$400 remains of the total amount voted in the appropriation bill for expenses of the senate and claims more than enough are out against this amount to use it up besides the \$500 due Secretary Walrath for preparation of the proceedings of the senate.

The law allowed \$3 a day for payment of help in instances. This was raised to \$4 by the senate, but when the claims were made out they were made for only \$3 by the secretary, he claiming that \$3 was the constitutional pay and the senate had no right to allow any more, especially when there were not sufficient funds voted to pay it.

Howard Dips In.
Lieutenant Governor Howard came to Lincoln personally to see that the old soldiers affected got their money. It was understood he was able to fix things so they could draw the full amount voted, but it appears his action has depleted the treasury or rather the appropriation, according to Mr. Walrath, and he refuses to have the proceedings printed with no prospect of money forthcoming until the next legislature meets and a deficiency claim is allowed.

According to Commissioner Webster of the state printing board proofs of the pages already set up by the firm having the contract for printing the journal, were sent to Secretary Walrath ten days ago, but have never been sent back.

Superior Cement Plant Now Being Enlarged

Superior, Neb., June 22.—(Special Telegram.)—The business men of Superior and the officials of the cement company here are wrought up over news that the cement plant has changed ownership.

The new company had a meeting yesterday, at which the property was turned over to the new firm and a decision was made to build a new 70,000 barrel stock house, a new bag house, also a packing room and rebuild the track to the quarry.

The company expects to be able to turn out cement by the middle of July and to have a capacity of 3,000 barrels per day. New men are being hired every day and over a hundred will be employed by July 1.

Dodge County Responds To Red Cross Call

Fremont, Neb., June 22.—(Special Telegram.)—The total amount raised in Fremont for the Red Cross fund up to Thursday afternoon was \$9,500. The goal has been set at \$10,000 for Fremont, while the other part of the county is expected to raise \$17,000.

Saturday is Children's Day

Drexel's is the only shoe store that maintains a separate and distinct department for children. Everything in our children's department is made for the little folks—the men in charge do nothing but fit and sell children's shoes—and everything is up to the high standard of Drexel quality. They prove it in the way they outwear the ordinary kind.

The largest and most complete line we have ever carried in children's, misses' and growing girls' white canvas, patent colt, gun metal calf and kid, turned all welt soles, in strap sandals and pumps. **STRAP SANDALS AND PUMPS**

We quote you a few of the prices:
Infant Sizes, 1 to 5—**\$1.00 to \$1.50**
Children's, 5 1/2 to 11—**\$1.50 to \$2.50**
Misses', 11 1/2 to 2—**\$2.00 to \$3.50**
Growing Girls', 2 to 7—**\$2.50 to \$4.00**

We cater to the little folks every day, but Saturday is a special day at this big store.

Alaska Shell Fish Will Add to the Food Supply

Juneau, Alaska, June 22.—Alaska possesses practically untouched resources in crustacean or shell fish products, according to Ernest P. Walker, inspector of the fisheries bureau, now here in the interest of the early development of all food sources in the territory. He has recently been engaged in investigating the various scallops, clams, crabs, shrimp and other members of the family existing in northern waters.

"This country will, unquestionably, some day be a big producer of shell fish," said he. "Special attention is being paid to the development of scallops. We often find them in nets and fishing gear, which indicates that they abound, for in order to get scallops normally considerable digging is necessary."
"Proof of the great clam resources is seen in results obtained from recent development of the beds near the mouth of the Copper river by packers located at Cordova. A recent shipment from there to Seattle comprised 4,000 cases, the largest single shipment of canned clams ever received at the Puget sound port."
To aid in fishing development the government has four inspectors and assistants and four herring cure experts.

Wesley Wilcox at Head of West Nebraska Bar

Gering, Neb., June 22.—(Special Telegram.)—The Western Nebraska Bar association closed its convention here today. All judges of the supreme bench of Nebraska, with exception of Judge Cornish, together with sixty lawyers of this section, were in attendance. The business meeting was held at the Country club Wednesday afternoon, at which the following officers were elected: W. T. C. Wilcox, North Platte, president; Niles G. Olson, Lexington, secretary; P. R. Halligan, North Platte, treasurer. This was followed by an address by Dean W. G. Hastings of the University of Nebraska.

Largest State Consolidated School District Organized

(From a Staff Correspondent.)
Lincoln, June 22.—(Special.)—The largest consolidated school district in the state has just been organized. It has been formed from three districts just south of Madison in Madison county, with a valuation of \$195,000. A 10 per cent levy will be made to build a new school house and for the requirements of a new district and a four-room and basement brick building will be erected. This building will also be used as a community center.

J. L. Stroyer was present at the last meeting when the whole matter was agreed on.

READY RESPONSE TO CALL OF SIXTH

Eleven Nebraska Cities to Send Companies to Have Place in New Military Organization.

Lincoln, Neb., June 22.—(Special Telegram.)—Ready response has followed the call for immediate filling up of the Sixth regiment. Already eleven cities have said they are well on the way to send full companies. These towns are Chadron, McCook, Bostwick, Columbus, Gordon, Albion, Jewell, Pender, South Auburn, Johnston and O'Neill.

It is pretty well understood at headquarters that Omaha will be on deck at the proper time with perhaps four companies, while Plattsmouth, Wahoo, Lincoln and a dozen other towns are expecting to report.

Governor Neville Urges Young Men Enlist Now

(From a Staff Correspondent.)
Lincoln, June 22.—(Special.)—The period of June 23 to 30 is designated as Recruiting week by Governor Neville, during which time he urges a sufficient number of able-bodied men between the ages of 18 and 40 years to enlist to bring the National Guard regiments to war strength and to raise the quota assigned to Nebraska for the regular army.

In determining the quota to be raised by the draft, states and counties who have enlisted in the National Guard and the regular army, "Enlist now," says the governor, "do not wait to be drafted! The longer it takes to get ready, the greater will be the price we pay."

Nebraska Merchants Complain of Train Time

(From a Staff Correspondent.)
Lincoln, June 22.—(Special.)—Merchants of Columbus are objecting to the continuation of what they call the "Brandeis Special" running on the Norfolk branch of the Union Pacific. They say the train comes down from Norfolk so early that people along the line are enabled to make connection with the main line trains into Omaha and go there to do their trading.
The train was put on for the accommodation of traveling men out of Norfolk who desired to make the towns between Norfolk and Columbus without having to waste so much time.

George Clark Escapes From Jail at Tecumseh

Tecumseh, Neb., June 22.—(Special Telegram.)—George Clark, transient, who claimed both Lincoln and St. Joseph as his home, made his escape from the county jail here by sawing off a window bar. He is at large. Clark was in jail to serve time on two counts against the anti-booze law, being the first offender in the county since the law took effect. He got thirty days in jail for treating and \$10 and costs for intoxication. His offenses were committed at Elk Creek.

Improvement Bonds Sent Back for Correction

Lincoln, June 22.—(Special.)—Omaha bonds for internal improvements to the amount of \$36,000, sent to the state auditor for registry, have been returned to the city clerk of that city for corrections.
The bonds run for twenty years at 4 per cent and the interest is payable semi-annually. The semi-annual coupons were printed calling for the full annual interest instead of the semi-annual interest.

Anthrax Among Cattle In Furnas and Madison

Lincoln, June 22.—(Special Telegram.)—Anthrax has appeared among cattle in Furnas and Madison counties, according to State Veterinarian J. R. Anderson. The herds, one of which was afflicted with the disease last year, have been quarantined. Ten cattle have died. The state veterinarian said investigation had disclosed the anthrax germs could live indefinitely in the soil. Because of this, he said, it was practically impossible to know when the disease was under control.

Lyman B. Cunningham Veteran Editor, Is Dead

Glennwood, Ia., June 22.—(Special.)—L. B. Cunningham, senior member of the firm of L. B. & R. E. Cunningham, publishers of the Glennwood Opinion and the Nemaha County Republican at Auburn, Neb., died Wednesday morning at 6:30 o'clock, after a short illness.

Short funeral services were held at the family home Friday morning at 8:30 in charge of Rev. Edwyn Evans of the Congregational church of which the deceased was a member. The body was taken to Kearney, Neb., for burial.

Lyman Beecher Cunningham was born on a plantation near Cornersville, Tenn., September 3, 1854. On September 3, 1874, he was united in marriage to Mary Elizabeth Clapp at the home of her parents in Fairfield, Ia. Three children were born to them. Carl, who died at the age of 8 years; Ralph E., who has been associated in business with him for the last twelve years, and is now at Auburn; Miss Lora, who is a teacher at Toppish, Wash.

Mr. Cunningham spent the greater portion of his business life at Kearney, where he was long identified with its growth and prosperity. He founded the Kearney Morning Times, in 1872. He has written much upon the early history of that state for the Historical societies as well as the press and anything in that line from his pen has been eagerly sought for. In 1905 he disposed of his paper in Kearney and purchased one at Pomeroy, Ia., and in 1908 disposed of that and purchased the Glennwood Opinion, which he has edited until his health prevented it.

Stop Corn Pain In Two Minutes By the Clock—Easy and Simple

The magic of Ice-Mint does it. Soreness stops quickly and gradually the corn loosens and comes out. Try it. Your feet will feel cool and fine.

Thanks to a new discovery made from a Japanese product, your foot troubles can be quickly ended. Ice-Mint, as this new preparation is called, is said to shrivel up hard corns, soft corns or corns between the toes so that they can be lifted out easily with the fingers. Rub a little on any tender corn or callous. Instantly the soreness is relieved and shortly the corn or callous will loosen so that it can be lifted right out with the fingers—root and all. No foolishness.

Ice-Mint is a clean, creamy, snow white, nonpoisonous substance and does not inflame or even irritate the most tender skin. There is no pain, smarting, or even a bit of soreness while applying Ice-Mint or afterwards. It acts so gently, so magically that you will never want to run the risk of blood poisoning by cutting a corn again. Ask your druggist for a small jar of Ice-Mint which will cost little yet is sufficient to rid one's feet of every corn or callous. You'll like it immensely.

BENSON & THORNE

"The Store of Individual Shops"

MEN'S SUITS

at **\$15.00**

- For the Tall
- For the Short
- For the Slender
- For the Stout

It makes no difference—please don't tell us you are "different." We make absolute assertion that you can select a suit to FIT YOU from our splendid selection of Benson & Thorne's standard suits at this price.

Our expert tailor is always at your service to advise and suggest. Not only that, but we've crowded into these suits the best materials, workmanship and style obtainable for the price.

MEN'S COOL CLOTH SUITS \$10.00

We believe this mere announcement, without another word, would interest men at once. There's no getting around the fact that it's getting "hot" and the experience you had last summer when later in the season you could not secure a Cool Cloth suit at all, has served to emphasize the need of making early purchases. These are genuine Eureka Cool Cloth, the linen and wool material that has been hand shrunk. Lightweight suits that will fit. Newest and most favored styles. Drop in and look'em over Saturday.

Of Course--"That Straw!"

No more "dilly-dallying" around now. It's getting straw hat time. If your felt hasn't already been cold stored, better do it quick.
