

# Let's Go Shopping with Polly

Dress Up Now! There is no reason  
When the summer is in season  
Why you should not dress up neatly  
Smartly too. The shops discreetly  
Long have pondered o'er your buying  
With each other have been vieing  
These days much 'tis being quoted  
"Do your bit" and ways are noted.  
If so far as we're concerned  
We spend normally what we've earned  
We are helping Uncle Sam  
Just the best way that we can  
"Living normally, spending too"  
Here's the advice I'm sending you.

Dear Bee Readers—

I feel that I really should thank you for all those nice appreciative letters—why, some of you are getting to be just like old friends! I'm so interested whenever I see a familiar handwriting on an envelope and recognize it as Mrs. —'s of Falls City, or Miss —'s of Oacoma, S. D., or well, it would really take the rest of this column if I told about all my pleasant correspondents. Nevertheless, my dears, I'm mighty glad if you've been pleased with the things I've bought for you and don't hesitate to send as often as you like, for it's my pleasure to shop for you. Tell your friends of The Bee's Free Shopping Service and I may be able to help them, too. I only ask that you be explicit in your directions as to style, size and color of garments desired and please do not send me any money. Purchases will be sent C. O. D. unless you have established credit in the stores. If you wish to know where things can be bought I'll be delighted to send you any desired information if you will kindly send stamped envelope.

Some women can be nurses  
And some can sew and knit,  
Some are making garments,  
Or some a "comfort kit."  
And some of us are canning,  
For this is truly writ  
That every single woman  
Can "do her little bit."  
But if you can cook a dinner well,  
Oh, Soldier Girl! You're IT!

**YOUR** kitchen is the power plant of your family—in your keeping is given the health, the happiness and the life of the family. At Orchard & Wilhelm's they are offering a Sibley Fireless Cooking Gas Range which will not only cook any food more appetizingly than can be done on any other range, but will cut your kitchen expense in two. I could scarcely believe my ears when told that this range, which formerly sold for \$50.00, is being sacrificed at \$12.50 during their Summer Sale. It's a most wonderful bargain!

**I** KNOW of no store which keeps so up-to-the-minute in the various styles and types of swimming suits as does Lucien Stephens' 1901 Farnam—all the very latest models, and priced 75c, \$2.50, \$3.00 and \$4.00. There are bath robes and beach robes—really the best looking things you ever saw, which are just as appropriate for women as men. These robes of ratine and Japanese crepe have slippers to match.

**"R**OCK-A-BYE baby on the tree top"—your dreams will surely be sweet ones when you're clad in one of those cool Arnold Knit Nighties which I saw at Benson & Thorne's in The Wee Folk's Shop. Yes, it's necessary that only the softest, smoothest and most soothing garments be used for Babykins. These nighties, which are for infants and children 1 and 2 years old, are priced 75c to \$1.45. Then there are woven, gauze bands, 50c to 80c, or silk and wool bands at 70c to \$1.15, which will protect his little tummy from naughty aches and pains. Arnold Knit Goods are highly endorsed by Mothers all over the land.

**B**UTTON, button—who's got the button? No need to hunt longer—go to The Ideal Button and Pleating Co., Brown Block, where they'll make any kind of button your heart could wish, from buttons of the dinner-plate variety to dainty midget-sized buttons. Flat buttons, bullet buttons, buttons of two tones, odd shaped buttons. Why, buttons are used so extensively for trimming by the arbiters of Fashion that we see them on gowns, suits, blouses—even on bags and parasols.

**W**HEN one rummages through the shops one glimpses so many fascinating things that it's quite bewildering at times. Have you seen that wonderful array of KIMONOS at Eldridge's? If not, you haven't the least conception of what the word "KIMONO" can mean, for there are styles, fabrics and marvelous needlework shown that have never before been seen in Omaha—and, what's more, there's another shipment coming. 'Tis a treat to visit Eldridge's, 1318 Farnam, just to see the KIMONOS.

**H**URRY up! Yes, you'd better make a bee-line for Napier's Booterie the first thing tomorrow morning, for there's a sale on this week of the season's smartest and newest hand-made boots. They have the kid-covered Louis XV heels and are in those shades so popular this season—white, ivory, champagne and gray. When a sale is announced at this very fashionable Booterie, we may be assured 'twill be quite noteworthy of our attention. Boots, formerly selling at \$12.00 and \$18.00, will be on sale at \$9.90 and \$11.90.

**S**UMMER FURS! So voguish are they that your summer wardrobe is incomplete without this ultimate touch. For wear in the evenings, at the summer clubs, for motoring or for wear with the popular Sports costume, there is nothing that adds so much style to a garment. Benson & Thorne's have a wonderful display of summer ermine, gray and white coneys, fox furs—in fact, all the furs that Dame Fashion decrees are modish for the Summer Season.

**O**NE of the coolest stores in Omaha is F. W. Thorne's Uptown Shop for Women at 1812 Farnam street. Even in the heat of midday it's cool, it's airy, it's comfortable. There is a perfect system of ventilation, wide aisles and high ceilings, electric fans even in the fitting rooms, and ice-cooled water. No wonder so many women these days are shopping at "Thorne's."

**"A** GARDEN is a lovable thing, God wot!"—and now that everyone must have a bird-bath, all the birds think so, too. If you haven't yours yet, go to Orchard & Wilhelm's Gift Shop and get one of those beautiful gray pottery bowls for \$3.50 and put it on a tree stump and listen to the birds say, "Thank you."

**D**RAHOS-LUTTIG'S, that voguish little Hat Shop at 1704 Douglas St., will offer at a clearing sale this week all their pretty mid-summer hats for \$2.50 and \$5.00.

**W**HEN I happened into Lamond's, 2d Floor Rose Bldg., Wednesday afternoon, a pretty girl named "Elizabeth" was trying on a crisp, cool, green summer frock, and she did look so charming in it that I was almost rude the way I stared. Those new arrivals in summer frocks at Lamond's, though, are well-nigh irresistible and every girl could add greatly to the summer landscape by the possession of one. There are voiles, batistes and summer grenadines in plain colors, big checks, stripes and polka dots—some have that newest of new touches, the suede or patent leather belt, which gives the summer frock quite a distinctively "different" air.

**T**HIS is real Palm Beach weather, isn't it? In a call at The Panatorium I saw a rack of Palm Beach suits which had been so beautifully cleaned that I couldn't help marveling at the process that had been used. On inquiry Mr. Liggett, the manager, told me that they do not starch them, but use a regular Palm Beach finish, as used by the manufacturers of the cloth, and can therefore make them look as nice and new and in many cases better on account of the care and skill used in pressing. If you don't want to feel all "starched up" in your "Tropical" garments have them cleaned at The Panatorium. The auto will call.

**P**ARTY Bags! Permit me to be a bit enthusiastic over the handsome Japanese silk crepe bags I saw at that delightful shop of the Nippon Importing Co., 218 S. 18th St. Embroidered in chrysanthemums, cherry blossoms, lilies, birds and fantastic designs of dragons which we connect in our thoughts with the Orient. And the colors! all those "delicious" tints of blue, lavender, pink, rose and Nile green—a shade to match every party frock you own, and these BAGS are so modestly priced at \$3.25. There are some hand-embroidered Chinese slippers which have just arrived that you ought to see—\$1.00 a pair.

**T**HERE'S a sweet young girl living next door to me who has just been graduated from Central High and has been the recipient of hosts of lovely photographs from her school friends. "I do want to have my class pictures and my diploma framed," she said. "Where shall I take them to have them properly done?" I advised her to take them to The A. Hospe Art Shop and last night she called me over to see them, and I must say I've never seen more artistic framing. My little friend was "simply delighted" that I'd told her about Hospe's.

**Y**OU'LL be glad it's summer, you'll be glad that you're alive! when you go bathing at the lake or seashore if only you're nattily attired in one of those bathing suits they're displaying at Benson & Thorne's, for they're so pretty and practical withal. Made of wool jersey material, they're becomingly trimmed with a contrasting color. And you'll look stunning wearing one of those new white rubber hand-painted caps or one adorned with saucy wings, coquettish rosettes or butterflies. There are also bags in which you can carry your wet bathing suit—'cause they're waterproof.

**E**VERY time I visit Arnold H. Edmonston's Jewelry Shop on the 2d floor of the Rose Building, I see something that pleases me so much that I can't refrain from telling you about it. This week 'twas exquisite diamond ear screws with high Tiffany platinum settings—just the daintiest things imaginable for Missy's pretty ears. Priced \$35 to \$100.

**H**EAPS of answers came, guessing what the new style garment is that Miss Cole is making in her Lingerie Shop, 511 Bee Bldg. A few were correct; but the Bungalow apron which was offered as a prize, goes to Miss Adelaide Shilling, North Platte, whose answer came first. We'll announce the name of the garment July 8, and in the meantime don't forget Miss Cole's clever "Saucy Jane" hous. frocks and Bungalow aprons—they're surely fine for summer.

**O**NE of the best ways, oh, Soldier Girl, to show your patriotism is to be CANNING all the fruits and vegetables now obtainable. And my advice is to use "SELF-SEALING" Mason Jars, which will keep your fruit better than any other Mason or glass jar. They're priced 65c per doz. for pts., 70c for qts. and 90c for half-gallons, in Orchard & Wilhelm's basement. And, by the way, I noticed that there is a splendid 6-qt. aluminum kettle specially priced at 98c, which was \$1.50.

I'm wishing you adieu, my friends, I've nothing else to say, my friends, until next week, when I will seek to find you something new, my friends.

## ORIGINAL MOTHERS' CLUB ELECTS NEW HEAD.

MRS. J. O. DETWEILER

Carrie Peterson of Aurora, Neb., a past state president.

Reports were made to the effect that all sixty-seven chapters in the state were doing Red Cross work and were co-operating with the American Woman's Patriotic League.  
It was decided to abandon all useless expense at chapter meetings making them simple during the period of the war. A resolution was passed to help in the conservation of food in their homes and to co-operate with other organizations in the elimination of waste as far as possible.  
Plans were made for the national P. E. O. convention which will be held in Omaha October 17, 18 and 19 at the Scottish Rite cathedral.  
Luncheons and dinners will be served by the Scottish Rite Woman's club in the banquet room of the cathedral. Headquarters will be at the Hotel Fontenelle.  
Mrs. John R. Hughes of the South Side is chairman and Mrs. George Lenhoff, secretary of the central committee in charge of the convention.

A new South Side Dorcas war relief society has been organized and will have its first meeting on Friday with Mrs. John Wells. Anyone interested.

## Take Hair Out Not Off the Skin

It is useless to remove hair from the surface of the skin. This result is all that can be accomplished with pastes, rubens, preparations and lotions of De Miracle. To rob hair of its vitality, you must attack it under the skin as well as on the skin.  
De Miracle, the original liquid depilatory, does this by absorption. It alone contains certain ingredients which give it the power to destroy the hair. Well-groomed women always use De Miracle for removing hair from limbs and under arms. Buy De Miracle by name and you will get the only depilatory that has ever been endorsed by reputable physicians, dermatologists, medical journals and prominent magazines. In 50c, \$1.00 and \$2.00 bottles at your dealer's or direct, postpaid, in plain wrapper. De Miracle Chemical Co., Dept. A-1, Park Ave. and 129th St., New York.

**BLUE BOOK**  
"A sure remedy for this most humiliating and distressing affliction." Genuine magazines of the highest character endorse only De Miracle. Beware of so-called endorsements of bogus magazines which are used to exploit the sale of questionable depilatories.  
**WE CLEAN LACE CURTAINS, PORTIERS, RUGS AND CARPETS. DRESHER BROTHERS**  
Dyers, Cleaners, Hatters, Furriers, Tailors.  
2211 to 2217 Farnam Street

We Call For and Deliver.

ested is privileged to attend that meeting, at which plans will be formed for furnishing war relief babies here and abroad with necessary clothing.

The Young Womens' Christian association will hold its vesper service at the summer camp today at 5 o'clock. Mrs. Willard Slabaugh will sing and the Campfire girls who are in camp during there will appear in a professional.

Dr. Lillie Carpenter of Buffalo, who is on her way to take part in Dr. Julia S. C. S. summer school at Colorado Springs, will stop in Omaha from Friday until next Monday to deliver a short series of lectures before the Metaphysical Library club. The library in Theosophical hall, 701 Bee building, is open on Tuesday and Thursday at 2:30.

## Health Talks

(BY DR. BURHORN.)

Nervous debility or exhaustion, also popularly known as nervous prostration or nervous weakness or neurasthenia, is becoming alarmingly prevalent.  
The wear, tear and strain of modern life is concentrated upon the nervous system. The care and consequent fret, worry and labor of this age are greater than ever before known.

The human body in every function is controlled by the nerves—a vast network of nerves reach every portion of the human body and govern the operations of every organ and every function of the body.

Exposure to wet and cold, falls, jars, shocks or anything that injures the spine or causes a misplacement of one or more of the vertebrae, producing nerve pressure, is the direct cause of 95% of the human ailments.

Chiropractic Spinal Adjustments free impinged nerves, allowing nature to assert herself, which consists in eliminating bodily poisons and building up resistance and putting the body in the best condition possible.

Chiropractic has proven potent and efficient in all manner of diseases, including those of the head, stomach, liver, kidneys and bowels, as well as headaches, back aches, rheumatism, lumbago, tonsillitis, bronchitis and the very large class known as women's diseases.

Dr. Burhorn is a graduate of the Palmer School of Chiropractic, and has one of the finest equipped offices in the west, located on the fourth floor of the Ross Building, corner 16th and Farnam streets. Sanitarium accommodations for out-of-town patients. Phone Douglas 5347 for appointment.
