Americans Fail to Find Victims of Submarine

Base of the American Flotilla in British waters, June 26.—One of the American destroyers in the patrol flotilla reported this morning that it was unable to find any trace of the fifty members of the crew of a British merchantman which was being attacked by a submarine when the American craft snatched the Britisher's wireless distress call from the air.

"Submarine shelling us," was the first message the destroyer picked up. The position showed the Britisher was forty miles away, which meant a run of five hours through high seas for the destroyer.

The American craft was just getting under full speed when its wireless sounded the second and final message. It read: "Abandoning ship." Only floating wreckage greeted the American blue jackets when they reached the place, but they patrolled the sea for two days, hoping to find the survivors. Owing to the high seas it seems doubtful if any of the vessel's crew was rescued by passing ships.

Six Are Convicted in Election Fraud Case

Indianapolis, Ind., June 26.—Samuel W. Perrott, chief of the Indianapolis police, and five others were found guilty of conspiracy to commit election frauds in connection with the 1914 registration and election, by a verdict of a jury returned tonight in the United States district court here. The others who were convicted were Roy A. Pope, police captain; Wayland Sanders and Martin C. Hulse, police sergeants; Lee Stringer, city detective, and Herman F. Adams, city inspector of weights and measures.

A seventh defendant, Frank M. Johnson, a patrolman, was acquitted by the jury.

Seven others who were indicted in the case pleaded guilty some time ago. The case grew out of a civil suit for damages for the alleged prevention from voting of a negro in which the 1914 political conditions in one city precinct were exposed.

Expect Aged Runaways To Return to Prison

Sacramento, Cal., June 26.—Folsom prison officers were keeping an eye out today for the return of Dick Larken, 75, and Bill Nye, 73, who wandered away from prison yesterday. Dick had been living there off and on for thirty-seven years and Bill for a period of fourteen years. Both are expected back soon because the prison authorities say they will not know where else to go. The old men had been raising hogs on the prison farm and are regarded as good hands. Both have been eligible for parole for some time.

In private life Dick has been known as a thief, hence his frequent periods of incarceration. Bill was mixed up in a manslaughter matter, but has nearly lived it down, according to the mandates of the state. They are thought to be taking a short holiday and it is hoped they will obviate the bothersome detail of going after them.

ANARCHIST HORDE MENACES FINN CITY

Reign of Terror Threatened by Criminal Band; Militia Men Recapture Church and End Trouble.

Helsinki, Finland, June 26.—This city has finally been relieved from the threat of a regime of terror under Jean Boldt, an anarchist leader, who had lately risen to power and who had gathered about him a group of followers, comprising anti-religious maniacs, pickpockets and other professional criminals, lately released from jail. After a series of incendiary speeches Boldt followed by 400 rogues raided the Nicholas Cathedral in the middle of a service being conducted there, declared the building captured and turned into a "Temple of the Poor." One of Boldt's followers, an unlocked priest, stepped into the pulpit and preached a blasphemous, violent sermon on the history of religious shams.

Early the next morning a hundred militiamen stormed the cathedral and notwithstanding Boldt's appeals to his followers to massacre, defeated the criminals in a hand-to-hand struggle during which there was considerable shooting and two of the militiamen were wounded.
