AMERICA ACTS WITH A UNITY OF SPIRIT

Daniels Tells Annapolis Graduates War is Demonstrating Solidarity of the United States.

Annapolis, Md., June 28.—America is demonstrating to the world that a democracy of 100,000,000 persons can wage war efficiently and with unity of spirit, Secretary Daniels declared today in a commencement address to nearly 200 members of the naval academy third year class, whose graduation was advanced by a year to provide officers for fighting ships.

"Those who prophesied that America would not go whole-heartedly into this war have been discredited," said the secretary. "The only divided councils have been as to the best method to be employed and when the president and congress have spoken their decision has been accepted.

"We are going to war without passion, without hatred, without lust for land, without a trace of vengeance. We do not hate the people we are to fight. We have only he autocracy which harnesses them to the juggernaut.

"Our victory will not only make the world safe for democracy, will not only strengthen self-government and end the fiction of divine right, but it will also bring to the German people a new breadth of liberty and hope for the day when they will govern themselves and be no longer the pawns of militarism."

Mooney is now under sentence of death, having been convicted for one of the bomb murders.

Ferrari's charges were made in the course of submission of additional evidence offered to support the state's contention that Mrs. Mooney was a member of a group of conspirators, whose alleged unlawful acts since 1913 culminated in the bomb explosion during a preparedness parade.

Mrs. Mooney was active in soliciting funds for the International Workers' Defense league, according to the testimony of David Milder, a painter, who identified three receipts he had given her for money when he
