ROCKY ROAD AHEAD TO THE WHITE HOUSE

Democrat Politicians Figure Nebraska Senator Will Find Others at Work in His Own Pastures.

(From a Staff Correspondent.) Lincoln, June 28.—(Special.)—Senator Gilbert M. Hitchcock may find the road to the presidency a rocky one to travel.

Men strong for Champ Clark at the Nebraska primaries in 1912 are pronounced in their allegiance to him at the present time. With the probability that President Wilson will not be a candidate for a third term before them these democrats have perfected an organization, so it is said, which extends throughout the state, to lend its every effort to land the Nebraska vote for Clark in the next presidential primary.

Colonel John G. Maher is said to be the chief engineer of the movement and has built up a strong machine which reaches out to all parts of the state. Colonel Maher is now in the government service as a major in the quartermaster's department at Omaha, but the machine is said to be running pretty well even if the chief engineer is away.

With Senator Hitchcock in the ring, it is the opinion of Lincoln politicians the works will be cluttered just a little and hot skirmishing will result to discover how strong the senior senator from Nebraska may be with the politicians.

Five Booze Thieves Are Fined \$500 and Costs

Beatrice, Neb., June 28.—(Special.)—The five young men who were arrested at Crab Orchard Monday by Sheriff Holmer with the aid of the Beatrice bloodhounds, on the charge of stealing liquor from the cellar of Peter Kruger, a farmer, and who later pleaded guilty to burglary before the county judge at Tecumseh, were fined \$50 and costs each yesterday by Judge Raper of the district court. They paid their fines and were released.

Ray F. Morehead of Mayberry and Miss Alice Roth of Lewistown were married yesterday afternoon by County Judge O'Keefe. They will make their home at Mayberry.

Phil Clancy, son of Mr. and Mrs. E. W. Clancy of this city, was married yesterday at Omaha to Miss Marian Smith, daughter of Mr. and Mrs. F. C. Smith of that city. After a brief honeymoon trip to Denver and other points they will make their home at Omaha.

Former Governor Morehead Says Politics in Background

(From a Staff Correspondent.) Lincoln, June 28.—(Special.)—Former Governor John H. Morehead of Falls City, while at the state house today said that while Richardson County has had an over abundance of crops are looking good and he believes there will be a good crop of corn. The apple crop, which is a big thing for that county and others along the Missouri valley, will be a bumper one.

Ex-Governor Morehead would talk little about politics.

"The fact is," said the former executive, "the present war situation has completely overshadowed the political situation and I hear very little down our way."

He would not say how the United States senatorship situation was developing.

Stockmen Enjoy Western Sports After Rainy Day

Alliance, Neb., June 28.—(Special Telegram.)—A heavy rain and hail storm broke up the festivities of the stockmen's reunion here yesterday, but today with ideal weather conditions the celebration was renewed with vigor and the old time outdoor sports including broncho and wild horse breaking with good horse racing entertained the 2,000 or more celebrants at the fair grounds.

Dwight Zediker, a local horseman with his string made a good showing in the races today, winning two out of three races.

Food Commissioner Has "Dry" Problem to Solve

(From a Staff Correspondent.) Lincoln, June 28.—(Special.)—Whisky containing 93 per cent alcohol in the mind of Food Commissioner Otto Murschel is just a trifle strong, in fact, so much so that he does not care to risk returning the flash sent him, to the owner.

Some officer out in the state whose name is held back by the commissioner, sent the latter a flask of whisky to have it analyzed. Discovering that it had a perfect right to be listed as an alcoholic beverage, Mr. Murschel does not like to ship it back with the present law so strong against shipments of that kind and will seek more authority in the matter.

Boy With Weak Heart Hikes Forty Miles in Day

Beatrice, Neb., June 28.—(Special.)—Roy Hitt, a Beatrice boy, who recently enlisted in the army and went to Fort Logan, Colo., where he failed to pass a physical examination because of a weak heart, returned to Lincoln Wednesday, having been furnished transportation to that point. He reached that point without money and walked to Beatrice in one day. He stated that he wanted to join Company C. Captain Brewster decided that the weak heart of a boy who could hike forty miles in a day on light rations would be equal to the demands that might be placed upon him and accepted him.

Take Care of Yourself.

If you want a clear head and good digestion you must not let your bowels become clogged with poisonous waste from the body, as is always the case when you become constipated. Proper food, an abundance of water and plenty of outdoor exercise should keep your bowels regular. When that fails, you should take Chamberlain's Tablets. They cause a gentle movement of the bowels and are easy and pleasant to take.—Adv.

Washington, June 28.—Two more women suffragists were arrested today when they entered the national museum to attend the unveiling of the Robert Emmet statue which President Wilson attended. They carried with them a banner which they had not time to unfold. It read:

"Mr. President, why be a liberal abroad and a conservative at home? Why land past struggles for freedom and suppress the struggle for freedom at your gates?"

The women were Iris Calderhead of Wichita, Kan., and Elizabeth Stuyvesant of New York. They were taken to police headquarters.

Greek Swindled Out of \$1,499 by an Odd Trick

Grand Island, Neb., June 28.—(Special.)—Duplication of resources rather than conservation appealed to Stephen Hangos, Greek proprietor of a bakery, when two men of his own race, but whose names are unknown sang to him the legend of doubling his money over night, if it were turned over to them and packed in a specific manner. Hangos counted out \$1,499, saw the pack given the wizard touch of the stranger, received it in return, obeyed the mandate not to open it until morning, and then found a \$1 bill and some stage money. He decided that he needed the police rather than an occultist, and the police do not dispute his contention that he was in a strange hypnotic state and could not help doing what the two men wished. No traces of the duo could be found.

Nebraska Girl Hurt in Auto Wreck in Colorado

Longmont, Colo., June 28.—(Special Telegram.)—Miss Cora Panabaker of Superior, Neb., is at the Longmont hospital, recovering from serious injuries received in an auto accident Monday night.

That she is alive is due to the presence of mind of her fiancé, David Butler, of Superior. other members clear. Dr. Scace was rendered temporarily unconscious. A bad cut from the glass of the windshield severed an artery in the right leg of Miss Panabaker.
