Proclamation for Fourth of July

To the People of the City of Omaha:
The coming Wednesday marks the one-hundred and forty-first anniversary of our independence.
It is needless for me to urge a patriotic observance of this day. Never, since the first Fourth of July has the real significance of the day been more keenly appreciated than at the present time. With practically all the great nations of the world in the throes of a terrible war, struggling to bring real freedom, real democracy to all the peoples of the earth, let us not be unmindful of our own happy privilege of being the great model which these nations may copy.
Let us read with new fervor our immortal Declaration of Independence and realize more fully its potent import; and let us pray for a hastening of the day when all men shall have the right to "life, liberty and the pursuit of happiness."
Let us be patriotic, but peaceful. Let us maintain good order and exercise thoughtfulness for others, thereby preventing accidents and undue alarm.
Especially do I urge this in the use of fireworks and explosives. Let there be no discharge of cannons, pistols, revolvers or dynamite upon the streets or in the alleys of our city, or in any other confined space.
In short, let the day be spent in a manner befitting the occasion, thereby reflecting honor on our country and our fair city.
JAMES C. DAHLMAN, Mayor.

Lakeview Park, New Summer Resort, Will Open Today

Lakeview Park, the new summer resort, south of Carter Lake club, will have its formal opening today. Quite a crowd was out last night. The park is the largest summer resort Omaha has ever had and is full of new paraphernalia for the amusement of fun lovers.
The park, which is located on the site of the old Young Men's Christian association summer camp, is credited with having the longest roller coaster in this section of the country, and much money has been spent in dredging the lake front, until it is now free from all debris and will make an ideal place for boating and swimming. An enormous dance hall has been erected, where dancing will be continuous during the day and night. Several bands will make things lively for the amusement seeker. Seats have been arranged along the cool lake front, where visitors will be able to enjoy the concerts undisturbed. Boats will be for rent for people wishing to ride out in the lake to listen to the music. Free movies are also provided for the patrons.
Merry-go-rounds, swings and slides have been installed for the children. The park can be easily reached via the street car, special cars having been arranged for from Sixteenth and Locust streets, where transfer should be made.
Special programs have been arranged for the Fourth.

IZETTA SMITH
LUMIERE PHOTO
Mrs. Otis M. Smith has a specialty. It is not bridge, although she plays bridge; it is not horse racing, although she is interested in the work of the Omaha Driving club, of which her husband is secretary. Of the many interesting things which Mrs. Smith does her specialty is most unusual. For a long time she has devoted a great share of her time to looking after some of the less fortunate people of Omaha's thousands.
Every spare minute and some minutes that she can ill spare, she goes to the poorer quarters of town and
