day, there were practically no cattle here except for beef, and the market was nominally steady at the week's decline. Receipts for the week have been very liberal for to the week have been by far the heaviest June cattle supplies in the history of the trade. Beef steers have sold at very uneven prices all week. Early in the week choice cattle registered a new top of \$13.85 and choice yearlings a new top of \$13.85 and choice yearlings a new top of \$13.86. Since then the trend of values has been decidedly downward and at the close values are anywhere from 25c to 75c lower than they were at the close of last week. The big slump in prices this week has been due largely, if not entirely, to the hot weather, and the heavy supplies of grass cattle at practically all points. Practically all grades are selling from 50c to \$1.00 lower than they were a week or to days ago, and the movement has been very light, even at the sharply lower quotations.

# U. S. Government Indian Land Sale

Oils Hits Top Price Per Barrel.

THE OKLAHOMA EXHIBIT CAR, now in Omaha, has been sent here for the purpose of advertising the opening of a half million acres of Choctaw and Chickasaw Indian Lands, located in Southeastern Oklahoma, which are soon to be sold by the United States Government—on easy annual payments. All in the Oklahoma Oil Belt. This is a chance of a lifetime, as the Government does not require you to live on these lands or improve them, and they can be bought direct from Uncle Sam at a few dollars per acre, on easy payments. Irrigation not necessary; forty-five inch rainfall. Agricultural, timber and grazing lands, close to railroads and prosperous towns.

State produced 117,000,000 barrels last year. Throughout the oil fields are wonderful examples of fame and fortune gained by the gush of oil. Dan Tucker, 10-year-old boy, gets \$190 daily oil royalty. Sarah Rector, a 17-year-old girl, receives \$35,000 monthly. Henry Page, former railroad brakeman, gets \$100,000 monthly from oil leases. Roy Johnson, a Michigan printer, cleared \$100,000 on a \$200 investment. Cole McGhee, Oklahoma carpenter, made \$85,000 on a \$175 investment. Hundreds of others, purchasers of cheap Indian lands, and heirs to Indian allotments, have reaped huge fortunes from oil royalties.

THE OKLAHOMA EXHIBIT CAR contains an extensive display of Oklahoma products, both agricultural and mineral, as well as numerous photographic views of Western development. For those interested in the Indian Lands we have maps, charts, plats, blue prints, geological surveys, etc., on car, and demonstrators are on hand to acquaint the public with the terms and conditions.

DON'T FORGET—The population of the United States doubles every thirty years but there will never be any more land than there is today. Open daily, 9 to 12 a. m.; 1 to 5 p. m., and 7 to 9 p. m. Your last opportunity. Do it now or never. **OMAHA**

and three stories high. Forty men are employed under the general foremanship of William A. White, who came here from Kansas City to take charge of the work as foreman.

The Fowler Lock and Cooperage company was only recently organized. Alvin F. Haffner is president and manager, John M. Fixa is vice president. M. J. Greevy is secretary and H. L. Ottomeler is treasurer. These four, together with three other stockholders, constitute also the board of directors. This is a Nebraska corporation capitalized at \$99,000.
