

Spring Days are Joy Days for the man or woman who is wise enough to jump from the heavy foods of winter to the cereals, fruits and green vegetables of spring.

Made at Niagara Falls, N. Y.

Two Year Old Child Had Eczema On Face and Body

Began as Blister. Skin Inflamed and Red. Could Not Sleep. Two Cakes Cuticura Soap, Two Boxes Ointment Healed.

My little girl two years old had eczema on her face and body. It began as a blister which burst causing more, and the skin became inflamed and red.

A friend told me to try Cuticura Soap and Ointment so I sent for a free sample. I purchased more, and I used two cakes of Cuticura Soap with two boxes of Ointment when she was healed.

With an apparent tendency to skin troubles you should use these fragrant, super-creamy emollients for all toilet purposes. They prevent as well as preserve, purify and beautify.

For Free Sample Each by Return Mail address post-card to "Cuticura, Dept. H, Boston." Sold everywhere. Soap 25c. Ointment 25 and 50c.

Resinol surely did knock out that eczema

Three days ago, my arm was simply covered with red, itching eruption and I thought I was up against it for fair. But Joe had a jar of Resinol in his kit.

Resinol is sold by all druggists.

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly.

You can get purified cocoon oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Advertisement.

OLD AGE A CRIME!

Some people are young at 60—red cheeks, ruddy and vigorous. Others are old at 40—joints beginning to stiffen up a bit; sleep beginning to lag and lose its springiness; occasional touches of pain in the back, feet, or limbs, and possibly a twinge of rheumatic pain.

It is most cases these are the danger signals to warn you that the kidneys are not promptly doing their work of throwing off the poisons that are always forming in the body. To neglect these natural warnings is a crime against yourself. If you have these symptoms you can find prompt relief in GOLD MEDAL Haasler Oil Capsules. For more than 200 years this has been the recognized remedy for kidney and bladder ailments.

GOLD MEDAL Haasler Oil Capsules are imported direct from the laboratories at Haasler, Holland. Get them at your druggists. Do not take a substitute. In boxes, three sizes.—Advertisement.

BELL-ANS Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

KAHN RESENTS SLUR AT FORMER TEUTONS

Californian Says Most Men of German Descent Are Loyal Citizens and Will Serve Nation Anywhere.

New York, July 4.—Suggestions that persons of German birth or parentage be not sent to the firing line in the war against Germany, but be given noncombatant work instead, were denounced as insulting to them in an Independence day address here today before Tammany Hall by Representative Julius Kahn of California.

Mr. Kahn, who is ranking republican of the house military affairs committee, is said to be the first republican in public life ever invited to address a Tammany Independence day celebration.

"Persons high in authority have repeatedly asserted that we entered the war for the benefit of humanity and in the interest of democracy," Mr. Kahn said. "I voted for the war resolution because I believed in the protection of American lives, the safeguarding of American property and the maintenance of American honor and prestige. These are the principles for which I am ready to fight."

"Democracy itself is on trial," he said, and for that reason he believed in conscription. He called on all citizens, whether native or foreign born, to show their undivided allegiance.

"Such a practice as excepting those of Teutonic origin," he said, "is unthinkable. Furthermore, it is absolutely ridiculous. It is an insult to the intelligence of the persons it would keep out of the trenches; it is equivalent to telling them: 'You may make bullets, but others must fire them.'"

"The patriotic American of German birth or parentage in this crisis may well say to the imperial government: 'You have sunk our ships and murdered our people; look upon your hands; they are stained with the blood of our innocent fellow Americans; we were long friends; we are now enemies; I stand for my adopted country.'"

Burness Wins Scott Flag Golf Contest

The largest field of the season at Seymour Lake Country club took part in an eighteen-hole handicap medal play golf contest, the winner to receive an American flag presented by Al C. Scott. The players were given a flag at the first tee with the bogey of the course, 83, plus their handicap on same, and wherever they played the stroke equal to the number on their flag, there they planted the flag.

The prize was won by Jim Burness, who had a handicap of fourteen and succeeded in playing around the full eighteen holes, also Nos. 1 and 2 and reached the edge of the third green before he had used up his ninety-seven strokes. He was followed by J. H. Conrad, George M. Graham and Harry Bowman, who all played twenty holes before using their number of strokes, while of the low mark men Wally Shepard got nineteen holes, spoiling a chance for a very fine score by taking a seven for the thirteenth hole, usually an easy four. About 140 players were out during the day.

The result of an approaching and putting contest was a tie between the following four players: V. R. Gould, J. M. Gilchrist, W. E. Palmatier and E. W. Cornell. Same were pitched into the ring at the second hole from about forty yards and putted out, while about twenty others finished with a total of ten. Next Saturday the qualifying round for the R. M. Laverty trophy will be played, sixteen to qualify.

Large Quantities of Wet Goods Are Seized

Shenandoah, Ia., July 4.—(Special.)—Drivers of cars from Iowa, Missouri and Kansas were separated from their Fourth of July "wet goods" when 220 bottles of beer, several gallons of whiskey and a quantity of wine were seized by Fremont county officials as they entered the county from across the Missouri line.

Saturday night Sheriff C. B. Dilts and his deputy, Roy Bullock, were stationed on the Nishna river bridge east of Hamburg, and Sunday night they were in a different location. Many Fourth of July picnic plans were interfered with.

Raymond Hall Shot Through Ear When on Way to Grocery

Mrs. James J. Freeder, 2625 Cass street, sent Raymond Hall, aged 9 years, who is living with her, to the grocery store yesterday. When near Twenty-eighth and Davenport streets he was shot through the left ear and has a small hole in the head back of the ear. His injuries are not serious.

PERSONAL MENTION.

Miss Edw. Dowling and an old lady left for the east, where they will join Miss Gertrude Dowling.

Two Can't Agree With Taxi Driver; End of Perfect Day Occurs in Jail

Well, they had a good time anyhow, even if it did terminate in jail. A. D. Agosto and Secundo Marcella, 1924 North Fifty-first street, went out for a regular Fourth of July outing yesterday. They hired a taxi from the Omaha Taxi company to take them way out in the country near Calhoun. They spent the day eating sandwiches, drinking pop, shooting fireworks and everything. At the end of the perfect day the taxi called for

them as per the agreement and whisked them to their home. But as they were about to go in the house the taxi driver reminded them that it was the custom to charge passengers for their haul and that in this case the bill happened to be \$16. Neither Agosto nor Marcella agreed with the driver, especially as to the amount. They were then given a ride free of charge and tomorrow they must tell it to the judge.

UNOSLIP RECEIVED BY OMAHA PUBLIC

Many Embarrassing Situations Obviated as Compared With the Ancient Roman Toga.

By A. R. GROH.

It is astonishing how my great one-piece garment for men, Unoslip, is being welcomed on all sides. John Grover of the weather bureau, a most conservative dresser, asked me where he could get a pattern. I told him that patterns are not necessary for the making of a Unoslip. That is one of the beauties of the garment. It is so simple that any plain sewer can make one. (That word, "sewer," I mean, of course, is a person who does plain sewing.)

As I was saying, any person who can do plain sewing can make the Unoslip. Patterns are needed for the foolishly elaborate gowns and suits that people wear, but not for the Unoslip, the garment of simplicity, freedom and comfort. Directions for making it are very simple: Cut the cloth to make a loose fitting garment reaching from the shoulders to the ankles in one direction, and to the elbows in the other direction. Make it button down the front.

Is a Great Invention.

"It is certainly the greatest invention that I have heard of in many a day," said Mr. Grover. "I never could see why the people today don't adopt a loose-fitting garment like the toga the Romans wore."

"Or like the Unoslip," I added.

"Yes, like the Unoslip," agreed Mr. Grover.

I took occasion to point out to him that the Unoslip is far superior to the Roman toga, which, so far as I can see, was nothing more than a sheet draped about the body. Suppose we should try to wear such a thing nowadays where would we land? Think how it would blow about in these Nebraska winds. In fact, embarrassing situations might occur on windy days if we wore togas, very embarrassing situation, indeed.

Absolutely Safe.

The Unoslip is a garment of absolute security as well as of perfect freedom. The wearer need not worry about keeping it on and he can walk freely in the wildest wind that blows. The Unoslip is well supplied with buttons.

Even the ladies are seeing the common sense of the Unoslip. Recognizing my genius, they have asked me to design a Unoslip for the fair sex. "I fail to see why the men should have a monopoly of the comfortable clothes," said Miss Edith Tobitt of the city library. And Mrs. K. Jensen, 3511 Dodge street, suggests that I design a corresponding garment of comfort for the ladies and call it the "Junoslip." The name is certainly a good one.

But to all the fair ones I have replied:

"The Unoslip, my great invention, is not exclusively for men. That is one of its beauties. It is as well suited for women. All who love clothes comfort can enjoy the Unoslip. Directions for making the women's Junoslip are precisely the same as for making the men's Unoslip. (See paragraph 3.)"

In fact, the better acquainted you become with the Unoslip the more you appreciate its advantages.

"How strange that no one ever thought of the Unoslip before!" people are exclaiming. They have said the same thing about all great inventions.

Equipment Ready for First Draft September 1

Washington, July 4.—Clothing and camp equipment for the first million men of the new armies will be delivered by September 1, the tentative date of the mobilization of the first increment of the national army. A statement tonight by the War department says that adequate supplies for all the National Guard and national army will be available by the time the troops are called out.

The department already has equipped 300,000 men, National Guard and regulars, and the troops in France have with them stores to last six months.

The Bee's Free Milk and Ice Fund

Claude F. Bossie, city milk and dairy inspector, is in a position to know the great good done by The Bee's milk and ice fund. Here is a letter from him:

"July 1, 1917.—To the Editor of The Bee: Your editorial in The Bee of July 1 should appeal to the generous hearted people of our city and state. A more worthy cause could not be fathered by any newspaper. Enclosed find check for \$5, same to be used for Milk and Ice fund of The Bee.

LAST CHANCE TO BECOME OFFICER

Nebraskans Urged to Send in Applications to Second Officers' Reserve Camp Before July 15.

That there will be room at the second officers' reserve training camp for all persons with proper qualifications who apply, is the belief of Captain George L. Byroade, chief examining officer for Nebraska and now at Fort Crook.

The captain said a large number of men have applied because they are of the belief that more already have done so than possibly can be accepted.

"This is far from true," the officer stated. "I would like to have at least 1,000 more men from this state apply."

Captain Byroade added that the requirements for entrance to the camp were not greater than that expected from new employees in many large firms.

"Men between the ages of 21 and 44 years who are citizens of this country are eligible to apply. Of course, preference will be given to older men, but there is plenty of room for men between the ages of 25 and 35 years."

This is the Last Chance.

Captain Byroade wishes to impress that the second camp will be the last one at which men will have a chance to become officers from civilian life.

He said the third camp will be primarily for men already in the service.

Men selected for the second camp will have a chance to secure commissions above the rank of second lieutenant.

More than enough men are now at officers' reserve training camps to fill all the lower commissions the army will need for some time, Captain Byroade said. "For this reason men who have executive ability and who have had experience in handling men are needed for the higher commissions."

All applications must be in by July 15.

McCoy and Clark Fight Ten Rounds Without Decision

Cumberland, Md., July 4.—Al McCoy, middle weight champion, and Jack Clark, of Allentown, Pa., fought ten rounds without a decision at Lonaconning today. The crowd gave Clark the better of it on points. McCoy fought under cover.

Americans May Control Great Mines of Russia

Petrograd, July 4.—A special mining commission of the ministry of trade has decided to recommend the transfer to American hands of a great part of the empire's mines and other mineral deposits. The commission has decided to speed up its proceedings in order to reach a decision during the stay of Elihu Root, head of the American mission, and also in view of the pending departure to America of Russian mining experts, who will join the party of Ambassador Bakhmeteff.

A Medical Mongooos

We can manufacture poisons within our own bodies which are as deadly as a snake's venom. The liver acts as a guard over our well-being, sifting out the cinders and ashes from the general circulation. A blockade in the intestines piles a heavy burden upon the liver. If the intestines are choked or clogged up, the circulation of the blood becomes poisoned, the system becomes loaded with toxic waste, and we suffer from auto-intoxication or ptomaine poisoning. Something is wrong with the liver, and we suffer from headache, yellow-coated tongue, bad taste in mouth, nausea, or gas, acid dyspepsia, languor, debility, skin or eyes yellow, the water is scant and high colored, containing "brick-dust" deposits and bile pigments. At such times one should drink plenty of water between meals, and a pint of hot water before breakfast, and occasionally take a pleasant laxative. Such a one is made of the May-apple, leaves of aloe and root of jalap, first extracted and put in ready-to-use form by Dr. Pierce nearly fifty years ago, and sold by druggists as Dr. Pierce's Pleasant Pellets.

Do not take mineral oils or so-called "Russian Oil," for the experiments by R. F. McDonald have shown as lately reported in a government publication of the U. S. Public Health Service, that mineral oil may act as an irritant that produces gastrointestinal disturbances and that it may cause tissue proliferation, simulating cancer.

The next important organ to be reckoned with is the kidneys. Kidney disease carries away a large percentage of our people. What can the ordinary person do to properly balance bodily health? The answer is not easy, but I advise everybody to eat less meat, eat coarse, plain food, with plenty of vegetables, drink plenty of water between meals, and take an uric acid solvent, such as Anuric (double strength), before meals for awhile. Anuric can be obtained at almost any drug store.—Advertisement.

MINNESOTA The LAND of HIAWATHA

Take the children to the broad, sandy beaches of the Minnesota lakes this summer, where they can dig, wade, splash and grow brown and strong. Let them see Minnehaha Falls and tell them the story of Hiawatha. 10,000 sky-blue lakes to choose from, good hotels and boarding houses, bright, sunshiny days, cool nights—your nearest and best vacation land. Call or write for free descriptive folders. P. F. Bonorden, C. P. & T. A. Chicago Great Western R. R., 1522 Farnam Street, Omaha.—Adv.

HAPPENINGS OF THE SOUTH SIDE

Most People of the Town Observe Independence Day by Going to the Woods to Picnic.

C. R. Root, 3616 South Twenty-sixth street, driving east on L street, and Frank Beister, 4601 South Thirty-third street, coming west on L street, collided head-on with their autos Tuesday evening. Both cars

were damaged. Mr. Beister was stunned and bruised. He was taken home by Officer Knudson.

The Fourth of July celebration was safe and sane. No serious accidents were reported. Early in the day parties loaded up their picnic baskets and went to the parks and woods, where they spent the day.

The fourth annual picnic of St. Agnes' church was an enjoyable affair and attracted a big crowd to Bohemian Catholic Turners' park.

Magic City Gossip.

James Lash and family spent the fourth with friends at College Springs, Ia. John Jaki, Twenty-seventh and D streets, was arrested charged with being drunk.

City Jailor Mike Corcoran, who is ill at St. Joseph's hospital, is regaining his health. Arnold Yangman and Orval Karnes, arrested at Fort Collins, Colo., were arrested at Thirty-second and A streets as they alighted from a freight car. They were booked as vagrants and said they had relatives here whom they were coming to visit.

Fireworks caused slight damage to the roof of a house dwelling at Twenty-fourth and A streets owned by Charles Bertani, yesterday afternoon. Later an alarm was turned in from Deer Park boulevard, 2218, where firecrackers had set fire to the roof of the residence of Jos Kitzner and occupied by John I. Fleming. The damage was slight.

Girl Aviation Student Falls to Her Death

Marlin, Tex., July 4.—Mrs. Hattie Nixon, 26 years, of Waco, Tex., a student in the Marlin Airplane school, was killed today, while making a practice flight.
