

GERMANS ACTIVE IN THE CHAMPAGNE

Failure to Take Positions Along Aisne Followed by Assaults West of Mont Carnillet.

(Associated Press War Summary.) Having failed disastrously in their recent effort to drive the French from their commanding positions on the Chemin-des-Dames, on the Aisne front, the Germans are now turning their attention to the Champagne.

Attacks were made by the crown prince's troops last night on the French lines west of Mont Carnillet and southeast of Tahure, but Paris reports they were easily repulsed.

Artillery fighting is active in the Champagne and in the Verdun regions.

Hint at Big Movement. London is reticent as to what is going on along the British front in France, where there have been indications that some important movement was in prospect.

In Macedonia there is some revival of activity, but seemingly not on a large scale. Enemy troops, probably Bulgarians, launched an assault on the west of Doljeki, southwest of Lake Doiran, but were compelled by a British counter attack to relinquish the footing they obtained.

British Counter Attack Succeeds. London, July 6.—The enemy gained a temporary footing on the ridge west of Doljeki (southwest of Lake Doiran), but was driven out by a counter attack, says an official report from the Macedonian front.

Nineteen tons of explosives were dropped and considerable damage was inflicted by British airplanes in June.

The following report from the Egyptian front was given out here today: "The situation is unchanged. There has been considerable artillery fighting."

"We put out of action thirteen enemy guns and destroyed many gun emplacements in June. The sickness of the troops was lower than the average in Egypt in the five years preceding the war."

Heavy Gunfire in Galicia. Petrograd, July 6.—The heavy gunfire of both the Russians and Teutons in the region of Zlochoff, on the eastern Galician front, was increased yesterday, the Russian war department announced today.

Eleven Suffragists Are Sent to Jail for Three Days. Washington, July 6.—Eleven of the thirteen suffragists arrested at their Fourth of July demonstration in front of the White House were tried today and given the alternative of a \$25 fine or three days in jail. They chose to serve the three days.

The police judge who tried them offered to take their personal bonds on promise to stay away from the White House, but they refused and were taken to jail.

The suffragists are: Gladys H. Griner, Margaret F. Whittemore, Vida Milholland, Mrs. Helena Hill Wood, Iris R. Calderhead, Mrs. Frances B. Green, Elizabeth Stuyvesant, Joy Young, Mrs. Lucille Shields, Lucy Burns and Doris Lewis.

Miss Hazel Hunkins, who contended she did not carry a banner in the demonstration was granted a separate trial. Miss Kitty Marion, a suffragist, and Charles E. Morgan, a War department clerk, charged with fighting, also are to be tried tomorrow.

Ban Against Frankfurter Zeitung Lifted by Censor. Copenhagen, July 6.—In consequence of vigorous representations in the Reichstag main committee, the preventive censorship imposed a few days ago on the Frankfurter Zeitung has been raised.

The measure was the result of a financial article by Prof. Weber of Heidelberg university on the financial and exchange situation.

The socialist newspaper, Vorwaerts, of Berlin, says there is no doubt that the vote of the constitutional committee of the Reichstag today will result in rejection of the socialist proposal to introduce universal and equal suffrage in the federated states by action of the Reichstag.

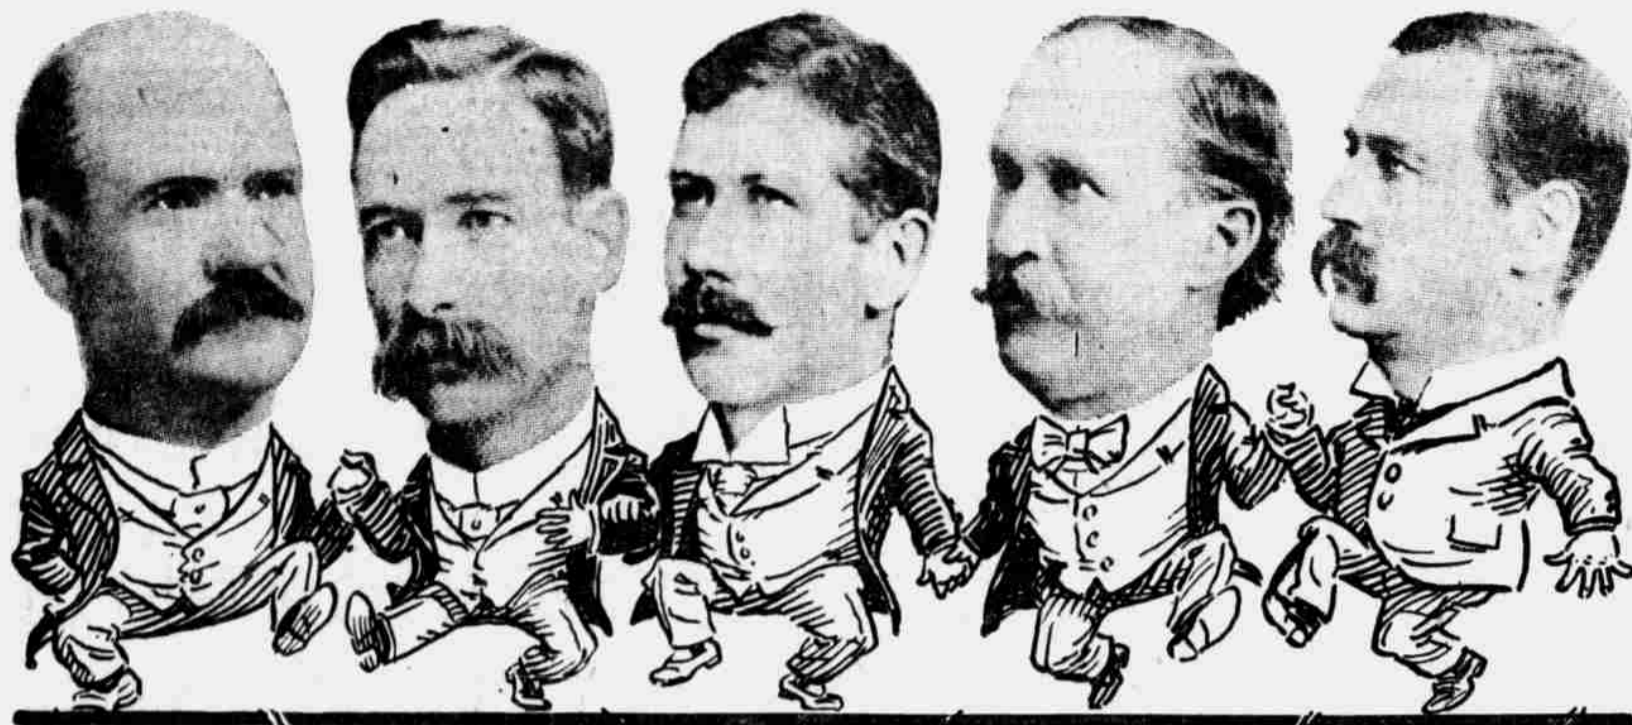

Argentina Demands Apology from Kaiser. London, July 6.—According to a dispatch from Buenos Aires to the Times the Argentine government has demanded an immediate apology and indemnity from Germany for the torpedoing of the Argentine vessels Oriana and Toro and a guarantee that the Argentine flag will be respected in the future.

A dispatch from Buenos Aires last Sunday said that the Argentine government was determined to enter a claim against Germany for the sinking of these vessels and that a note embodying the demands was sent to Germany the day before.

Socialists Held On Charges of Treason. Philadelphia, July 6.—Thirteen young men and women socialists arrested last night for distributing alleged treasonable literature were today held under bail ranging from \$5,000 to \$10,000 for trial. Two of the six were charged with inciting to riot.

FLETCHER MEETS LANSING ON TRAIN

Rush Visit of Ambassador is Taken to Indicate Important Developments in Mexico.

Washington, July 6.—Enough importance was attached to the mission of Henry P. Fletcher, ambassador to Mexico, to arrange for a conference today with Secretary Lansing on board the train which is carrying the secretary to Henderson Harbor, N. Y., for a three weeks' vacation.

State department officials have professed ignorance as to the nature of the mission of Ambassador Fletcher. He requested permission to come to Washington three weeks ago and left as soon as authorized.

By some officials it was assumed the ambassador wished to explain to the secretary the extent to which German activities have been carried on in Mexico. Reports that Mexico would enter the war as an ally of the entente powers is not regarded by most officials here as probable.

They also believe it improbable that Mexico will become active in its support of Germany.

Belgian War Mission Is Touring Montana

Billings, Mont., July 6.—The Belgian war mission after two days' riding through the grain belt on its special train will reach Butte, Mont., at 5 p. m. tonight. The welcome of the envoys at the principal stations along the line has been most hearty.

Everywhere Belgian flags have been prominently displayed while delegations of citizens have met the train at stopping points.

German Critic Writes of Part of Americans in War

Copenhagen, July 6.—Captain von Salzmann, military critic of the Vossische Zeitung of Berlin, devotes a two-column article to the military influence of America on the war, which he says is already evident and that the effects must not be underestimated.

Captain von Salzmann assures his readers that in regard to quality the American soldiers will not attain the standards of brilliance characterizing

the French and German armies or their talent in leadership, finesse in execution and quickness of decision, but that America's military contribution, like Great Britain's, will find expression in numbers and mechanical application of brute power.

America's numbers, he writes, are counted upon by the entente in respect of men, artillery and particularly aviators. Incorporated in divisional units with British and French troops, as Captain von Salzmann expects the American forces to be, he

says they will be worthy opponents. Nevertheless the Americans will not affect the result on the western front, he writes in conclusion, because Field Marshal von Hindenburg says the submarine will force a decision before they become a decisive factor.

SOLDIERS GUARD BLOOMINGTON, ILL.

Quiet Follows Night of Rioting, During Which Several Street Cars Were Burned and One Man Shot.

Bloomington, Ill., July 6.—With several companies of National Guardsmen patrolling the streets, this city was quiet today after a night of rioting by street car strike sympathizers. During the disturbances many street cars were burned and several persons were injured.

The strike had been in progress for several weeks, but had been orderly until last night, when "Mother" Jones addressed a crowd of strikers and sympathizers. Following her speech the crowd began attacking street cars and crews. One man in the crowd of rioters was shot through the neck and is in a hospital today.

The rioters then visited the power plant, but this was shut down, and they left, breaking the windows of the offices of the traction company as they went and attacking more street cars. Appeals by the mayor and sheriff finally influenced them to desist from further rioting and early today the crowd began to disperse.

Mayor E. E. Jones appealed to Governor Lowden to send troops to quell disorder today and to prevent further destruction of property and it was learned from Springfield that the governor had ordered six Chicago companies of the First Illinois cavalry, two artillery units and Troop G, First Illinois cavalry, of Peoria, to the scene of the trouble.
