DISPOSITION—HEAD. Cattle, Hogs. Sheep. Morris & Co...d. Totals..... 593 11,233

Cattle-As usual on Saturday there was little of consequence in the way of beef on sale and prices were nominally unchanged. Receipts for the week have been comparatively small, owing to the intervention of the Fourth of July holiday, the total

tively small, owing to the intervention of the Fourth of July holiday, the total amounting to 12,500 head, or about 11,000 head short of the week previous.

Trade started in rather apspicuously with prices lower all around, but since then, owing to the lighter supply, the demand has shown improvement and at the close of the week fat cattle and butcher stock are selling in practically the same notches as a week ago. Choice heavy beeves would readily sell as high as \$13.50, but it would take something fancy in the way of yearlings to bring better than \$13.00.

The trade in stockers and feeders has been featured by the usual midsummer dullness. Supplies have not been heavy, but the demand has been so light and uncertain that the trade has been on the catch-as-catch-can order, with bids and safes frequently very wide apart.

Quotations on cattle: Good to choice beeves, \$11.50, 200 ft.35; common to fair beeves, \$3.75\tilde{g}\$ 11.50; good to choice yearlings, \$11.00\tilde{g}\$1.35; common to fair beeves, \$3.75\tilde{g}\$ 11.50; good to choice yearlings, \$12.00\tilde{g}\$1.35; common to fair beeves, \$3.75\tilde{g}\$ 11.50; good to choice yearlings, \$11.00\tilde{g}\$11.75; common to fair prevent to good grass steers, \$3.50\tilde{g}\$10.50; common to fair feeders, \$3.50\tilde{g}\$10.75; good to choice feeders, \$3.75\tilde{g}\$1.50; stock helfers, \$7.00\tilde{g}\$8.00; stock cows, \$5.50\tilde{g}\$1.50; hulls, stags, etc., \$5.50\tilde{g}\$1.00.

Hogs.—The trade was another unevenly lower affair this morning. Using the unusually heavy week-end receipts as a club, packers started out to break prices, and they did a good job of it, the market averaging fully 19:15c lower than yesterday. The good light and butcher hogs continue in best demand, with the better kinds of mixed best demand, with the better kinds of mixed stuff next in favor, and some of these were picked out of strings early by both packers and shippers at prices that were hardly 100

When it came to the big bulk of the of-When it came to the big bulk of the of-ferings, however, sellers were forced to ac-cept prices that were all of 10@15c lower than yesterday's average, and around 10c lower than the later end of yesterday's trade, which was the low time. Yesterday's market was so uneven, though, that a better description of the market can probably be furnished by calling packing hogs 15c lower than Thursday.

Sheep—It has been another week of steadily slumping lamb prices. Receipts have not been particularly heavy, but the eastern dressed mutton trade has been in a weak, sluggish, overstocked condition, and on top of this the local market closed weak, considerably higher than any place cise. For the week lambs are \$1.00 to in most cases \$1.25 lower than at the low spot a week ago—that is, than at last Friday's weak close. Yesterday \$15.75@16.10 bought the best Idaho lambs that were coming as compared with \$17.15@17.55 a week ago. The demand was at no time urgent and compared with \$17.15 @ 17.55 a week ago. The demand was at no time urgent and clearances were late most days. Natives were a scarce article all week and were hardly worth while quoting at any time. On mature stock the decline was hardly as marked as in lambs, best ewes being quotable within 50@75c of where they were week ago. Range yearlings and old wethers are possibly 50c@\$1.00 lower, while in fed western yearlings there has been a slump of \$1.00@\$1.50 on paper, though there has been nothing here to show it. A desent kind of ewes are selling around \$8.00@\$1.50 on paper, though there has been nothing here to show it. A desent kind of ewes are selling around \$8.00@\$1.50 on supply choice might selling to \$9.00. Old wethers are quoted at \$500@\$10.00 for the decent to best grades and \$10.00@\$11.00 is buying range yearlings, with the fed western variety quoted on up with the fed western variety quoted on up to \$12.00@12.50.

Quetations on sheep and lambs: Lambs, good to choice, \$15.75@16.25; lambs, fair to good, \$15.00@16.75; lambs, culls, \$13.00@15.00; lambs, feders, \$14.00@16.25; year-lings, fed westerns, \$11.50@12.25; yearlings, range, \$10.00@11.00; wothers, fair to choice, \$5.00@16.00; ewes, fair to choice, \$5.00@5.00; ewes, culls and feeders, \$6.00@8.50.

> Omaha, July 7, 1917. The cash wheat situation was rather dul again today, with continued light arrivals, and while the general demand for this cereal was very slow, there was some inquiry from the millers who were picking up enough wheat for their immediate needs. WINNERS OF THE PRIZES FOR RECRUITING POSTERS OFFERED BY THE CONFERENCE COMMITTEE ON NATIONAL PREPAREDNESS.

Henry A. Wise Wood, Chalrman of the Conference Committee on National Preparedness, today announced the winners of the two prizes—\$250 each—offered in competition for the best recruiting posters. The winners are Mr. McClelland Barclay, of 5329 Kenmore Avenue, Chicago, and Lawrence L. Wilbur, of 110 West 40th Street, New York City.

Mr. Barclay wins the prize for the Navy with a design, "Fill the Breech," showing the man behind the gun. His picture is strong in action, in its power to stimulate the imagination of the type of men the navy needs and strong as a pictorial presentation of actual as well as the general need of this branch of the service.

of the service.

Mr. Wilbur's poster, "Our Duty Lies There," shows a soldier of commanding presence pointing to a far distant battle line, red with the fire of conflict.

Over two hundred and sixty designs, coming from practically all sections of the country, were submitted and the final selection was made upon the advice and suggestion of officials at Washington.

Medical inspection of public school children by professional nurses, under direction of the Board of Education, with Miss Charlotte Townsend as supervising nurse, is well organized. Dr. E. T. Manning and ten nurses are at the South Central school every Fri-day from 8 to 9 o'clock, and at the West Side school every Saturday from 8 to 9. This work was started last year and has been of such benefit that it is considered a necessity. The work consists in the inspection of hool children, making a diagnosis of their ailments and reporting to the family physician. In cases where parcians they are referred to the free medical dispensary.

Miss Townsend says she and her assistants are able to examine ten to twelve children during the hour. In most cases they are accompanied by their parents.
