

Nebraska

METCALFE GOING; NEVILLE, PERHAPS

Governor's Private Secretary Announces He Will Join Army; Speculate Over Governor's Trip to Washington.

(From a Staff Correspondent.) Lincoln, July 7.—(Special.)—Private Secretary Lee Metcalfe will go to war. In what capacity Mr. Metcalfe refused to state today for publication.

Mr. Metcalfe admitted today that it was his intention to serve his country. The store in The Bee that both the governor and his private secretary would fight side by side in the "Dandy" Sixth, brought out the admission from the secretary that The Bee had the matter dooped out about right regarding himself, but further he would not say and while efforts are being made to throttle all news regarding the governor receiving a commission, everybody around the state house appears to have the opinion the governor will go.

Has Perplexing Task. One very close to the situation admitted he believed the governor was not at all in love with the job of running the state. "You see," said he, "the governor has never had any experience in the matter of holding public office. He was taken from his quiet business life and put into a position which has been a very unusual one for him and also a most strenuous one for any man holding that position. In fact, never has a governor of Nebraska been called to take upon himself so much responsibility and hard work. First was an extra long session of the legislature, a session that at times presented a very aggravating aspect for the chief executive. Then came the enforcement of the prohibition law, which was put on the governor to look after. Then came the war situation with its registration for the draft, and, take it all around, no one can blame Governor Neville for wanting to get away from the noise and turmoil of political office as it now presents itself."

Look to Washington. Everybody has his ear turned to hear the news from Washington, where Governor Neville has gone to look up the situation regarding the draft. It is the general opinion that while this was his principal mission, that other things may be talked over, the most important of which is the appointment of officers for the "Dandy" Sixth.

Some are of the opinion that Adjutant General Hall will be made the commanding officer of the regiment with Governor Neville as lieutenant colonel, while others are of the opinion that the thing will be reversed and that Neville will be colonel and Hall lieutenant colonel.

There is another condition which exists with the organization of the Sixth regiment, and that is the formation of the Nebraska regiments into a brigade. In that case a brigadier general will have to be appointed and it would look as if General Hall might be made the head of the brigade with the governor, colonel of the Sixth.

Harvest Begins in Richardson. Stella, Neb., July 8.—(Special.)—Small grain harvest in this locality began this week when James A. Haskins cut a small patch of rye that promises to thresh out a good yield. If weather conditions do not interfere, wheat fields all over Richardson country will start under the harvester's sickle Monday, July 9. A field of Kershon oats, near Falls City, is reported ready to cut ahead of the winter wheat.

Gypsum Workers Strike For Big Raise in Pay

Fort Dodge, Ia., July 8.—(Special.)—The second big strike in six months, that of 800 gypsum mill workers and miners, is but two days off, although the men have not been working since last Saturday. The clay plant operators have broken the strike of about 600 of their men and all of the men at Lehigh, as well as at the local plants have returned to work. The gypsum workers are asking for a big increase in pay and an eight-hour day instead of a ten-hour stint. Top men want a 25 cents an hour increase, or 55 cents an hour, while the miners ask 70 cents an hour. The companies have offered a 10 per cent advance in wages, but this has been turned down by the men. One source of information says that the United States Gypsum company, which employs about 450 men, is prepared to stand a year's idleness at the local plant.

Twenty-Four Jugs of Whisky Found at Clarks

Grand Island, Neb., July 8.—(Special.)—As the result of the arrest here on the Fourth of July of three young men from Central City, who had several small kegs of beer in their possession, officers of Merrick county made a search of the premises of Harm Shank of Clarks, Neb., and found twenty-four jugs of whisky and some beer secreted under a chicken shed. This search was made as the result of disclosures made by the three young men. Shanks has been arrested and will have his trial at Central City.

Part of Meteor Found Near Battle Creek, Ia.

Battle Creek, Ia., July 7.—(Special.)—What is supposed to be a part of the meteor which fell about 10 o'clock p. m., May 31, was found about four miles north of here by L. N. Ligier. The specimen is in several pieces, apparently having broken in the process of cooling. The largest piece weighs seventy-four pounds. A fragment will be sent to the state university to be analyzed. Mr. Ligier will place the balance of it on exhibition.

Mayor Farley Will Be Candidate for Governor

Aurora, Neb., July 7.—(Special.)—Mayor W. L. Farley of Aurora probably will be a candidate for the republican candidacy for governor next year. The mayor was delegate to the national convention in Chicago last year, representing the Fourth congressional district. In 1907 he was a member of the state legislature and was a potent factor in the writing of the progressive laws for which that session is famous.

To Credit State for All Men Enlisted in Service

Lincoln, July 7.—(Special.)—Nebraska will be given credit for all men enlisted in the state irrespective of the real residence, according to Provost Marshal Crowder, who wired the governor to that effect this morning. Also all persons registering after July 10 will be in a class by themselves and will not be included in the rest of the draft.

Cutright Now First Assistant to Reed

Lincoln, July 7.—(Special.)—John L. Cutright, who has been serving as third assistant attorney general at a salary of \$1,800 a year, has been promoted by Attorney General Willis Reed to first assistant, with a salary of \$2,000. Alfred Munger of Omaha, son of Federal Judge T. C. Munger of Lincoln, has been appointed to the third assistantship to fill the vacancy.

HOWARD WHACKS BACK AT HIS FOES

As Acting Governor Turns Down Petition of Senators Who Fought Him; Names Chiropractor on Board.

(From a Staff Correspondent.) Lincoln, Neb., July 7.—(Special.)—"The mills of the Gods grind slow, but they grind exceeding fine" or "it's a long road without a turn" or "he who laughs last laughs best" or any old thing like that will about explain the situation as it relates to the appointment of a member of the state board of chiropractors.

Little did the bunch of senators who opposed Lieutenant Governor Howard during the last session of the senate and many times made it unpleasant for that gentleman as presiding officer of the senate think when the session adjourned that the time would come when the lieutenant governor would be able to put one over on the bunch, but that time came today, when a petition signed by those senators was received at the executive offices asking for the appointment of Dr. H. C. Crabtree of Lincoln as a member of the State Board of Chiropractors.

In the absence of Governor Neville it came in the province of Acting Governor Howard to make the appointment and it is needless to say that the endorsement given by those senators did not warm the cockles of the heart of Governor Howard and consequently Dr. Joseph C. Lawrence of Omaha, who was endorsed by the chiropractors' association, received the appointment.

Stolen Liquor, Key To Three Burglaries

Grand Island, Neb., July 8.—(Special.)—The police department, in conjunction with the sheriff, has solved the mystery of three recent burglaries by a thread of evidence obtained when William McAnally was arrested on the charge of furnishing a stranger with liquor and having the same in his possession illegally. It was found that this liquor tallied with a description of some looted by burglars at one of the residences recently entered here, and while McAnally was held in the county jail on the first charge, his home was searched and more of the liquor of the same brand stolen, as also some silverware, was found. When confronted with this evidence McAnally admitted two of the burglaries and implicated Charles Raphael. Raphael was taken into custody and admitted having some of the goods, but denied that he was implicated in the two burglaries so far admitted. While he was in custody his rooms also were searched and goods were found that had been taken from the third residence robbed.

May Fix Prices of Feed Sold to All Shippers

Lincoln, July 7.—(Special.)—The Fremont Stock Yards & Land company of Fremont, the Union Stock Yards of North Platte, the Valley Stock Yards & Grain company, the Grand Island Stock Yards and the Bradstreet & Clemens company of Grand Island, and all stock yards of the Burlington railroad, have been cited by the State Railway commission to appear before that body at 10 o'clock Wednesday morning, July 25, and show cause why they should not be required to have a fixed price for feed sold to shippers.

Notes from Beatrice and Gage County

Beatrice, Neb., July 7.—(Special.)—Jake Goehring sustained a broken nose and severe cut about the head and face and Don Nolan an injury to his hip when a touring car driven by Ray Sevier plunged into the concrete

abutment of a culvert two miles west of Barneston. The impact was so great that part of the concrete structure was destroyed and the car completely smashed. Goehring, Sevier, Nolan, Robert Parrot, Millard Wyatt and Tohe Kellison, occupants of the car, were thrown out in a heap, but all escaped with slight bruises except Goehring and Nolan.

Announcement was made yesterday of the marriage of W. H. Bowman and Miss Myrtle Bishop of this city, which occurred at Fairbury June 1.

Colonel D. F. Bryson received probably the highest price ever paid for a carload of cattle in Adams. He sold them for \$12.15 per hundred, or \$435.50 a head. The cattle were 17

months old and averaged 1,116 pounds.

Lawrence Kline of this city, who is at Fort Snelling in the officers' training camp, has taken the examination for the aviation corps in the regular army and has passed.

A stranger giving the name of Charles Hart and suspected of having failed to register was arrested at Wy-

more by Marshal Lytle. The fellow had no certificate, but told the officer he had registered in the Tenth district at St. Joseph. Sheriff Acton talked with the city clerk at St. Joseph and learned that a Charles Hart had registered in the Ninth district, but not in the Tenth. The sheriff will hold Hart pending a more thorough investigation.
