PILGRIMAGE OF PRAYER SERVICES
Will Be Held Throughout Episcopal Churches of Nebraska Beginning July 15.

"A Pilgrimage of Prayer," originally an English institution, will begin Sunday, July 15, and continue until July 21 throughout the Episcopal diocese of Nebraska and the missionary district of western Nebraska.

The idea of having the Pilgrimage of Prayer originated in this country at the triennial gathering of the Woman's Auxiliary of the Board of Missions at St. Louis last October and is a call to all members of the Woman's Auxiliary.

Beginning with the first Sunday in Advent, December, 1916, each week was assigned to one or more special dioceses with the request that on the Sunday assigned all members of the Woman's Auxiliary take communion and that special intercessions be made at that time.

Special meetings for the intercessions will be held at St. Barnabas' church, July 16 at 10 a. m.; at St. Martin's church, South Side, July 17 at 10 a. m.; at All Saints' church, July 18 at 8 a. m. until 5 p. m.; Thursday at 10 a. m. at St. Andrew's church, and Friday at the Church of the Good Shepherd at 10 a. m. Trinity cathedral will observe the intercessory prayer July 21 from 8 a. m. to 5 p. m., with a special corporate communion at 10 in the morning.

A special union service of prayer and praise will be held July 20 in the evening at Trinity cathedral and a twenty-minute Litany service will be held for the benefit of business women at 12:30 July 18 and 19 at the cathedral.

Though held under the auspices of the Missionary society of the Episcopal church, persons of other denominations are welcome to join.
Object of Prayer.
The intercessory prayer will be for the following things:
"The binding together of the hearts of His people in the bonds of love;
"The spread of His kingdom throughout all the world;
"That peace may prevail among the nations, among the divided members of Christ's body;
"That organizations formed for good may work in loving harmony together for the one great aim of making Christ's Name and Love the better known;
"That our enterprises of study and gifts and prayer may all be blessed through the outpouring of the Spirit upon our souls;
"That our fellow-Christians, unreached as yet, may be won to pray and learn and give."

Northwestern League
May Give Up Struggle
Seattle, Wash., July 8.—The rainy spring, the war and the long jump to the Montana cities probably will force suspension of the Northwestern league within a short time. The Montana teams have not been heard from here, but the managers of the Tacoma, Vancouver, Spokane and Seattle clubs say they are ready to quit and President Blewett expressed the opinion today that the league could not possibly keep going under the present conditions.

Shuberts Purchase Cox
Theatrical Property
Cincinnati, O., July 8.—Theatrical property in virtually every large city in the United States was sold today by the widow of George B. Cox to Messrs. Lee, J. J. Shubert and Joseph L. Rhinock. The amount of money involved was not disclosed. Mr. Cox, who founded the Shubert theatrical enterprises, was one of the largest theatrical owners in the country.

Auto Road Ready for New
Yellowstone Motor Stages
Washington, July 8.—Secretary Lane announced tonight that the automobile road from Cody, Wyo., to Yellowstone National park will be cleared for travel in time for the new automobile stages, which replace the picturesque stages of former years to begin their runs Monday.

Chamberlain's Tablets for Indigestion and Biliouness.
In a recent letter to the manufacturers, Mrs. P. Frazier, East St. Louis, Mo., states: "I have never used anything equal to Chamberlain's Tablets for indigestion and biliouness. I have also heard a great many of my friends praise them highly."—Advertisement.

BATTLE OF ANCRE ON MOVIE SCREEN

Hotelmen's Association Promises to Raise \$20,000 for Omaha Red Cross Ambulance Fund.

Final arrangements for the presentation of the war film showing the battle of the Ancre, at the Brandeis theater the week of Monday, July 15, for the benefit of the Omaha Red Cross chapter, were completed yesterday afternoon at the Hotel Fontenelle at a meeting of the Omaha Hotel Men's association.

Through the action of the hotel men Omahans will not only be afforded an opportunity to "do their bit," but will see a war picture which in all probability could not have been shown under other circumstances.

The hotel men paid \$1,000 for the privilege of showing the picture here one week. They will defray all other incidental expenses as well. The admission charge will be fifty cents for the lower floor and twenty-five cents for the balcony and gallery. Box seats will be auctioned. Every dollar taken in at the box office will be turned over to the Omaha Red Cross to buy an ambulance.

In No Man's Land.
In New York, where the picture recently was shown, thousands were turned away at each performance. The film was made while the battle raged, and in it are shown desperate hand-to-hand encounters, bayonet duels, aeroplane battles, and several desperate charges, showing the soldiers of the allies going "over the top" of their trenches and swarming the trenches of the enemy a few feet distant.

The film was made under the direction of the British government and is released for the benefit of charitable organizations, though private individuals have paid enormous sums to obtain the right to show it. "No man's land," where American soldiers will soon be fighting, is shown as death strewn fields; Red Cross workers braving the pitiless shell-fire to snatch the wounded from the firing line; little human interest touches, such as a soldier boy carefully guarding a kitten mascot as he climbs into his tank and winds up for a charge on the "Boches"—all these and hundreds of other incidents are vividly flashed during the course of the five reels.

To Raise \$20,000.
At the meeting of the hotel men it was agreed that instead of holding daily parades, a monster pageant would be given at noon on the opening day. In the parade military organizations, the Red Cross and practically every civic and social organization in Douglas county will assist.

It is the aim of the Omaha hotel men to raise at least \$20,000 by showing the picture.
"The public, in attending these performances," said President Letton, "will be doing their bit and at the same time receiving valuable war instruction and information, for which under other circumstances the cost would be double. This is one charitable offering where the patron sees tangible value received in addition to the feeling of performing a sacred duty."

Threats of Refugee Blacks
Alarm Women at Hartford, Ill.
Alton, Ill., July 8.—White women at Hartford, Ill., a small town a short distance south of here, became alarmed yesterday and last night at the boisterousness of negro refugees from East St. Louis, who camped half a mile from Hartford today.

An appeal for protection was made to the Alton police tonight and to the company of Missouri National Guard stationed at Alton on federal duty.
Investigation developed that no trouble had resulted up to 1:30 o'clock this morning and that reports of negroes advancing on Hartford were unfounded.

A railroad operator at Hartford, said that the whites would not permit the negroes to remain in the camp. It was stated that some of the negroes went to Hartford and made boasts of what they would do to the whites.

Governor of California
Wants Petroleum Saved
San Francisco, Cal., July 8.—Drastic measures for averting a threatened shortage of California petroleum products were recommended to Governor William D. Stephens today by the committee on petroleum of the State Council of Defense.

Production at the present time is falling behind consumption at the rate of 35,000 barrels a day and the entire available storage in California will be exhausted by June 1, 1919, unless immediate steps are taken to materially increase the output, the committee, of which Max Thelen, president of the State Railroad commission, is chairman, declared.

Stanford Ambulance Men
Cited in Division Orders
Paris, July 8.—The entire ambulance section of the American Field Service, sent to France by Leland Stanford university last February, is cited by General Mangin today in orders to the division. The citation of the section is made for its having given constantly since its arrival at the front an example of courage and profound devotion, especially at Verdun and at Moronvillers, in pushing up to the battle line under bombardment to carry away the wounded.

Will Double the Police Force in East St. Louis
East St. Louis, Ill., July 8.—Plans for the reorganization of the East St. Louis police force, which has been demanded by business men, as a result of a race rioting last Monday, began to take definite form today.

Banks of this city, it is announced, will advance the funds necessary for a doubling of the police force. The banks will make a long term loan to the city.

Anti-Draft Conspirators
Draw Two-Year Prison Terms
Columbus, O., July 8.—Amnon A. Hennasay and Harry E. Townsley, convicted on charges of conspiracy to defeat the army conscription law were sentenced late yesterday to serve two years in federal prison at Atlanta.

HAS MADE RED CROSS SUPPLIES FOR YEARS.

MRS. PAUL RIGDON.

Perhaps there is no woman in Omaha who has had more experience in making Red Cross hospital supplies than Mrs. Paul Rigdon, former member of the famous "railroad regiment."

Mrs. Rigdon was reared in an army post and later became a nurse. She assisted Miss Nellie Calvin, daughter of E. E. Calvin, president of the Union Pacific, and Mrs. Norman Harman, niece of the late F. H. Harman, in their eight-day "rush class" for surgical dressings, which became known as the "railroad regiment" because of the large number of relatives of rail magnates connected with the organization.

Mrs. Rigdon took her surgical dressings examination Saturday and will teach a Red Cross class.

She is night telegrapher at Fontenelle hotel. Her husband is Mr. Calvin's secretary.

SNELLING BOYS LEARN TO SWIM

Students in Training in Officers' Camp Instructed How to Make Progress in Water.

Minneapolis, Minn., July 8.—(Special Telegram.)—Students in the training camp spent today in the regular routine and clearing up the odds and ends of work spoiled by rain during the early days of the week.

Part of them went on a hike and another squad was sent to Lake Nokomis for the swimming lessons. The first group went late yesterday. It was discovered that most of the cadets are good swimmers, but the few who cannot navigate are being taught the trudgen and crawl by Young Men's Christian association instructors.

The first athletic lecture by Dr. H. L. Williams, athletic director of the camp, is scheduled for Monday afternoon at the Young Men's Christian association building. Attendance at the lecture will be voluntary and foot ball will be the first subject tackled by the famous leader of the championship Minnesota team.

These lessons are intended to inform students on sports generally that they may encourage such healthy recreation among their men in France.

All the students are being inoculated today against typhoid fever.
Private August Lumbecker of the headquarters company of the First Minnesota infantry, who arrived at Hutchinson about ten days ago and announced he had been detailed to guard a machine factory there, has been arrested as a deserter.

Mitchell Officers Hold Man Who Defamed Flag
A railroad operator at Hartford, said that the whites would not permit the negroes to remain in the camp. It was stated that some of the negroes went to Hartford and made boasts of what they would do to the whites.

Hall Outdrives Salm In Bronx Tennis Match
New York, July 8.—Walter Merrill Hall of New York outdrove Count Otto Salm, the Austrian, in the final of the tennis singles in the Metropolitan tournament today at the Bronx Athletic association. The former middle states champion and one of the ranking players scored in straights at 6-4, 6-2, 6-0.

Be Careful in Using Soap on Your Hair
Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain multifried coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh-looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Advertisement.

FRENCH OFFICERS TRAIN AMERICANS

Overseas Troops Enter Final Steps of Mobilization Preparatory to Permanent Encampment.

(By Associated Press.)
A French Seaport, July 8.—The American troops today entered on the final steps of the mobilization that shall prepare them to leave within a few days for a permanent training camp somewhere behind the firing line. The unloading of supplies is almost finished and rolling stock is being concentrated here preparatory to the departure of the troops.

The days have been used profitably for a double purpose.
The more important one was to put the majority of the soldiers through a vigorous grind of eight full hours each day. French officers who had seen service at the front took part in these exercises, in order to give the benefit of their experience to the American soldiers.

The drills included a daily plunge in the sea, this phase of the sanitation problem being made easy by the proximity of the camp to the ocean.

The other advantage taken of the time spent here was to employ smaller groups of the more seasoned troopers to put the final touches on the camp, so that it will be in first class shape.

Camp Is Expanded.
The camp in the last few days has been expanded enormously, until today it extends for miles and can accommodate a large number of men. Water has been piped from the town and the system is equipped with every modern device.

The drill ground is not only ideal for the purpose, but has the advantage of being at a distance so that the men get a daily hike of about five miles.

For the men arriving at this and similar mobilization bases the American system of living in tents or wooden shacks will be followed, but when they arrive at a permanent camp they will be billeted among the people and live in houses.

Soldiers Are Enthusiastic.
Few if any of the soldiers know just where they are to be sent, but all are enthusiastic over the prospect of getting nearer the scene of action. Their spirits are fine and their health is of the best with the exception of a few cases of mumps. The men have swamped the officers of their companies with a deluge of letters that must pass through a censorship.

This morning a military funeral was held for the only man that died since the American troops arrived here. He was Boatswain's mate J. J. Dunn, who was drowned when he fell overboard from a launch and was carried under before his comrades could reach him.

Turkey Considers Itself at War With Greek Nation

London, July 8.—According to a press dispatch received at Amsterdam from Constantinople as forwarded by the Exchange Telegraph company, Turkey considers as equivalent to a declaration of war, the action of Greece in breaking off diplomatic relations. The Turkish government, the dispatch says, has decided to deport all Greeks and confiscate their property.

PACIFISTS CANNOT MEET IN BALL PARK

Chicago National Club Withdraws Permission to Use Grounds When Nature of Meeting Is Learned.

(By Associated Press.)
Chicago, Jul. 8.—Directors of the Chicago National league base ball club today revoked permission given the second American conference for democracy and terms of peace to hold a mass meeting tomorrow in the base ball park. First sessions of the conference, which began today, developed strong criticism of the war and President Wilson and when the directors learned the sentiment of the gathering, they immediately took action.

The pacifists announced that the meeting would be transferred to another amusement park.
Secret service men and city detectives attended the three sessions today. The speakers included William E. Mason, congressman-at-large for Illinois; James Maurer, president of the Pennsylvania Federation of Labor; Lindley M. Keasbey, of the University of Texas; Prof. Scott Nearing of the University of Toledo and Miss Elizabeth Freeman of New York.

Hisses and cat calls drowned the voice of William H. Holly, attorney, of Chicago, when he asserted President Wilson deserved the confidence of the American people. The audience began to stamp and jeer, many of the demonstrators being women, and the furor compelled Mr. Holly to take his seat without finishing his address which dealt with war taxes.

Speakers who condemned the course of President Wilson suffered no interruption except applause.

Great Plains Championship Won by Kansas City Women

Kansas City, July 8.—Miss Marjorie Hires and Miss Evelyn Seavey, both of Kansas City, won the Great Plains patriotic doubles championship here yesterday, defeating Mrs. Walter Ellis of Chicago and Miss Leslie Le Beaume of St. Louis, 2-6, 3-6, 2.

The championship round in singles between Mrs. Ellis and Miss Hires was interrupted by a thundershower with the score 3 to 1 in the first set in favor of Mrs. Ellis. Play is scheduled to be resumed at this point tomorrow morning.

Will Hold Hearings on Child Labor Regulations

Washington, July 8.—Hearings will begin July 24 at the Department of Labor here on tentative rules and regulations for carrying out the child labor law, which goes into effect September 1. The hearing will be conducted by the advisory committee to the attorney general, the secretary of commerce and the secretary of labor, who are designated in the law as a board to make and publish uniform rules and regulations. The law prohibits from shipment in interstate or foreign commerce.

EXPERT GRENADEIERS

National Game of Basque Country Enables Devotees to Repute German Counter Attacks.

(Correspondence of The Associated Press.)
French Front, June 14.—Grenades thrown with wonderful precision by the devotees of pelota, the national game of Cuba, of Spain and of the Basque country in the southwest of France, have done much toward defeating the almost incessant counter attacks by the Germans in the plateau of California, overshadowing Craonne, and on the Casemates plateau, farther west along the Chemin des Dames, which are joined by a narrow crest.

The vain German effort June 3, when General von Bohm, with two fresh divisions of Rhenish troops, who had just been hurried back from the Roumanian front, assaulted the California and Casemates plateau with a suddenness and fury such as rarely has been noted on the part of the Germans.

The attack opened with a most intense artillery bombardment. Not a sign, however, was given by the Basques of yielding ground until the German advancing ranks opened and brought to view men equipped with implements throwing liquid flames. Then the Basques fell back at those portions of their lines which were sprinkled with blazing spirits. The French soon organized a counter attack with grenades and bayonets.

CHANCELLOR'S TALK TO BE GIVEN MONDAY

Bethmann-Hollweg Has Set Date for Speech That May Become Base for Peace Negotiations.

London, July 8.—The report that political developments of exceptional importance are awaited in Berlin in connection with the session of the Reichstag now in progress is reiterated in a Berlin dispatch to Amsterdam, as forwarded by the Exchange Telegraph.

The dispatch says that Chancellor von Bethmann-Hollweg will deliver his speech to the Reichstag on Monday and that addresses will be delivered on the same day by Foreign Secretary Zimmermann, Vice Chancellor Helfferich and Vice Admiral von Capelle, minister of the navy. The vote of credit will then be taken.

Cable dispatches Friday said the chancellor's speech would be delivered yesterday and that he was expected to make declarations which would serve as a basis for peace negotiations.

See the First Episode of The Fatal Ring Today
Written by Fred Jackson, the famous playwright, "The Fatal Ring" is by far the best serial in which Pearl White has yet appeared. It is a typical Pearl White story with a thrill in every scene and a startling climax in every episode. There never has been so much excitement crowded into one story as is contained in this apparently endless hunt for a Violet Diamond, stolen from a strange religious sect who had worshipped it. See the first episode today in vivid motion pictures. Read the story every week in The Omaha Sunday Bee
