

MAP OUT CAMPAIGN FOR FOOD SAVING

Organizations to Handle Administration of Food Pledge Cards Named by Miss Emma Davisson.

Organizations which will handle the administration of food pledge cards in Herbert Hoover's conservation campaign in Nebraska have just been announced by Mrs. Emma Reed Davisson, chairman of the food conservation committee in the state.

"In all towns having branches of the National League for Woman Service the work was given to them with the exception of Omaha, where it happened that the president, Mrs. William Archibald Smith, was out of the city and there were no funds available for the work," said Mrs. Davisson.

Word has been sent to 700 communities asking for co-operation. All churches were asked for a list of ministers in towns where they are represented.

Two hundred Omaha Campfire Girls under the direction of Mrs. John Robbins volunteered to canvass the residence district in behalf of the work.

The following organizations will assist in handling the pledge cards: Federated clubs, unfederated clubs, Pythian Sisters, Royal Neighbors, Daughters of the American Revolution, P. E. O., State Suffrage, Woman's Relief corps, Woman's Christian Temperance union, Red Cross, National League Woman Service, State Nurses' club, Rebekahs, Degree of Honor and Eastern Star.

Rural clubs, Congregational church, Episcopal church, Baptist church, Presbyterian church, Christian church.

Omaha appointment made Mayor Dahlman.

Company A Private Blows

Off Finger While on Guard
Private Patsy Lobue, Company A of the Fourth Nebraska, had the index finger of his right hand blown off as the result of an accident while on guard duty Thursday night at one of the bridges crossing the Missouri river.

Private Lobue tripped and fell when his foot caught in an upturned root. In falling his gun slipped from his grasp and the trigger caught on the root. Lobue grasped the gun, placing his right hand over the barrel. When he attempted to pick up the weapon it was discharged.

The Bee's Free Milk and Ice Fund

The price of an ice cream soda or a cigar may easily save the life of a baby if applied to The Bee's Milk and Ice Fund.

And if you multiply the sum by ten or fifty, it has just that much more power. Every cent goes to buy milk or ice. Not a cent is spent in administering the fund. That is done through the agency of existing charitable organizations, which, however, have no other funds for this particular purpose.

Do YOUR PART now. Bring or send your contribution to The Bee office.

Valuable Lavalere is Sent to Laundry in Wash

When the laundryman called at the home of Mrs. R. Blakely, 205 South Twenty-fifth avenue, one day last week, he was given a \$200 lavalere in addition to the weekly wash. Shortly afterward the police were notified that a lavalere valued at \$200 had either been lost or stolen from Mrs. Blakely. After every effort to locate the jewel had failed, the guardians of the law were gratified to hear that it had been traced to the laundry and recovered by the owner.
