

GERMANS MASS BIG ARMY IN GALICIA

Strenuous Efforts Being Made to Hold Line Along Lomnica River; New Battle Begins in France.

BULLETIN.

Berlin, July 18.—(Via London).—The trenches recently captured by the Germans near Malancourt Wood and on both sides of the Malancourt-Esnes road were penetrated by the French yesterday, the war office announcement says.

On the northern part of the front, from the Yser to the Lys, the artillery fighting increased toward morning.

(Associated Press War Summary.) General Korniloff's armies in eastern Galicia have been held up for a time by the hurrying of heavy contingents of German reserves to the front, stiffening the Austrian defense along the Lomnica river.

The holding of this river line is vital to the safety of the Teutonic position, not only in this part of the frontier, but northward to the Galician border, and that stubborn resistance would be offered there had been anticipated.

Activity on West Front. Meanwhile there is notable activity along the Franco-Belgian front. The French at Verdun have just completed an important operation in the reorganization of their front northwest of Verdun, which was disturbed by German attacks in the vicinity of Hill 304 late last month.

The French, in fact, have carried their successful counter attack even beyond the original line and drove nearly two-thirds of a mile into the German front from Avocourt wood to west of Hill 304.

The new ground is being firmly held, several counter thrusts undertaken by the crown prince's troops last night being repulsed.

On the British front there is pronounced aerial activity and there has been a notable amount of heavy work done by the artillery, particularly along the lines in Belgium.

Russians Hold Ground. Today official announcement from Petrograd shows the Russians to be still hotly engaged in the Lomnica region and holding their own against the reinforced army. South of Kaluz, the Austrians had never been forced across the Lomnica, and they are continuing their violent reactions in this region.

Yesterday they drove the Russians from a height to the south of Novica, but in a brilliant counter attack General Korniloff's forces defeated them and recaptured the position.

Sixteen Suffes Are Sent to Workhouse; May Take Appeal

(Continued From Page One.) York, who came here to testify for the defense, was granted. Police took the women and later asked the court to be permitted to act as their counsel.

Judge Mullowny giving him temporary authority to act as a member of the Washington bar, but instead of taking any legal steps on behalf of the women, Mr. Malone went to the White House for a long conference with President Wilson.

What happened at the conference was not revealed, but Mr. Malone came away visibly perturbed and there were many rumors that he had resigned his collectorship and would take up actively the fight of the suffragists who repeatedly have been in police court during recent weeks for their demonstrations at President Wilson's doorstep.

These rumors Mr. Malone himself would neither deny nor affirm. The collector spent nearly an hour with Mr. Wilson. When he departed from the executive offices his face and manner showed evidence of great emotion and he walked rapidly away leaving a taxicab which had brought him from his hotel standing at the gate.

Today's sentences were the first of more than three days' duration imposed on any of the suffragists since the police began interfering with their White House picketing.

Judge's Position Difficult. Addressing the defendants, Judge Mullowny declared his duty was exceptionally difficult, as there were women of position, refinement and intelligence. He said their acquittal, on the other hand, would be a dangerous precedent of judicial sanction in fractions of the law.

During the trial the court repeatedly had promised suspension of judgment if the women would promise to discontinue the White House picketing.

The progress of the trial was turbulent and the judge frequently was compelled to threaten spectators with ejection for applauding. The women frequently reiterated, however, that they were arrested at the instance of "some one in the administration," and the judge finally gave voice to his impatience and said any further declarations of that kind would be considered contempt of court.

Names of Defendants. The women on their conviction were taken to the jail and then were put aboard a train for the ride to Occoquan, about twenty-five miles distant. Their names follow: Miss Julia Hurlbut, Morristown, N. J.; Mrs. J. A. Hopkins, Morristown, N. J.; Miss Minnie Abbott, Atlantic City; Mrs. Beatrice Kinkaid, Mount View, Cal.; Mrs. Paul Reyneau, Detroit; Miss Anne Martin, Reno, Nev.; Mrs. Florence Bayard Miles, Wilmington, Del.; Mrs. Robert Walker, Baltimore; Miss Janet Frothingham, Buffalo; Mrs. Gilson Gardner, Washington, D. C.; Miss Doris Stevens, Omaha; Miss Mary H. Ingham, Philadelphia; Mrs. John Rogers, New York; Miss Eleanor Calnan, Methuen, Mass.; Mrs. Louise P. Mayo, Framington, Mass.; and Mrs. John Winters Brannan, New York.

Miss Stevens is the daughter of Mr. and Mrs. H. H. Stevens, 3647 Charles street. Persistent Advertising is the Road to Success.

PERSONAL W. H. Clark, who has been quarantined for scarlet fever, appeared for the first time at the Commercial club rooms Wednesday and attended a meeting of the Rotary club directors.

Hesitations Are Out of Date in Madden's Court

Three minutes' hesitation to obey the court's order to pay \$4 to Sim Wolfson cost Nick Johnson, a grocer at Twenty-ninth and Q streets, \$10 and costs.

The complainant said that Johnson short-changed him a \$1 bill in place of a \$5 bill.

WAGONER HIGH IN WESTERN SPECIAL

Diller Shooter Takes Top Mark at St. Joseph, Losing But One Target of Hundred Shot at in Match.

St. Joseph, Mo., July 18.—(Special Telegram).—Minnesota's only entry in the western handicap took down high honors in the preliminary of the big handicap shoot this afternoon, B. F. Veach of Pipestone, Minn., breaking 99 of a possible 100 birds.

The shooting of Veach was of the big features of the tournament thus far. A world's record was broken when Phil Miller of St. Louis, the youngest professional trapshooter in the world, broke 92 targets at a twenty-three yard handicap. The nearest approach to this, according to Tom Narsgall, champion trapshooter of the world, was 97 targets broken in the Grand American at the same distance.

Wagoner Takes Honors. In the western special, held in the forenoon, Cal Wagoner of Diller, Neb., took highest honors, losing but one target of the 100, but there were several who were close up on his heels with 98.

In this same event W. L. Crosby of O'Fallon, Ill., a former member of the American team which crossed the Atlantic in 1901 and won the world's championship, also broke 98, but, of course, does not come within the prize money offered. Edward O'Brien of Florence, another professional, also equaled this mark and two 98 marks were established by C. B. Spencer and Phil Miller, both of St. Louis.

Koyen in the Van. In the western handicap preliminary, in which first place went to Veach, three were tied for second, C. M. Powers of Decatur, Ill.; M. H. McDaniels of Durant, Okl., and Al Koyen of Fremont, Neb.

In the shoot off of the tie McDaniels, the Choctaw Indian from Oklahoma, won, breaking every target of the twenty shot at. Scores: Western Special, High Amateurs. Cal Wagoner, Diller, Neb., 99.

High Professionals. W. B. Crosby, O'Fallon, Ill., 99. Ed. Brien, Florence, Kan., 98.

Western Handicap Preliminary High Amateurs. B. F. Veach, Pipestone, Minn., 97.

High Professionals. D. D. Gross, Kansas City, 95.

High runs, over seventy, were: C. G. Wagoner, Diller, Neb., 113.

(From a Staff Correspondent.) Lincoln, Neb., July 18.—(Special.)—The State Board of Public Lands and Funds has agreed to buy \$50,000 of the federal land bank bonds.

The board also accepted a bid of a Lincoln firm to install a new boiler in the heating plant at the capitol at an expense of \$5,140.

The board voted to put a new roof on the state house, using the appropriation made for that purpose and other repairs made by the legislature.

School land contracts have not been listed for taxation, in many instances, the board discovered, and in the future no extension of contracts will be made unless the parties desiring the extension can show that they have been paying taxes on the contracts.

Lincoln, July 18.—(Special.)—Deputy State Superintendent J. A. Woodard received a letter this morning from C. J. Simonds, formerly of University Place, who is doing missionary work in Poona, India.

The letter has been eight weeks on the road and the writer said he was very well pleased with his work although little inconveniences like plague, cholera and typhoid fever raged occasionally. Mr. Simonds had been vaccinated for plague and typhoid already, and when the cholera season comes he expects to take a preventive for that.

Mr. Simonds says that rats and fleas are the main cause of the spread of these diseases. Rats abound in great numbers and fleas have a habit of sticking to the rats. The latter die and the fleas leave them and many times take up their vocations on the natives. A flea bite means plague, cholera or typhoid as the case may be.

They will probably be tried before Judge James D. Elliott at the October term of federal district court.
