**TWO MEN CONFESS KILLING MRS. VOGHT**

**Officers Say Allen V. Grammer Admits He Hired Alson B. Cole to Kill Aged St. Paul Woman.**

Lincoln, July 18.—Confessions have been obtained from Alson B. Cole and Allen V. Grammer, both of near Palmer, Neb., showing that Grammer hired Cole to kill his mother-in-law, Mrs. Lulu Voght, an aged resident of St. Paul, Neb., whose body was found near St. Paul on the morning of July 5, according to Sheriff W. H. Atwood and Prosecuting Attorney Charles Doherty, both of Howard county, who arrived here late tonight when Cole from Janesville, Wis., where he was arrested, Grammer, who was arrested several days ago, was also brought here and both are being held in prison here.

According to the authorities the statements of the accused slayers show that Grammer hired Cole to slay his relative on July 2, the night of the Fourth being selected as the time for the murder. Cole, it is said, went to the home of Mrs. Voght about 10 o'clock in the evening, and finding she had company, left, returning about midnight. He is alleged to have told her her daughter, the wife of Grammer, was in, and started with her for Palmer. The authorities say he intended to murder her and throw her body in a river, but instead, choked her to unconsciousness and then shot her, throwing the body along side of a road, where it was found by searchers the following day, when it became known Mrs. Voght had disappeared. The Howard county officials assert Cole, in his confession, said he was to obtain \$500 for the murder, and that Grammer wanted her slain because "she had attempted to poison him."

**Governor of Arizona Resents Notice that Men at Globe Will Take Law Into Own Hands.**

Globe, Ariz., July 18.—Warning that the Industrial Workers of the World would take the law into its own hand if any attempt is made to deport Industrial Workers of World from the Globe-Miami district was contained in a telegram from F. M. Little, organizer of the Industrial Workers of World, received by Governor Thomas E. Campbell last night and made public here today. The telegram from Little, who recently left Globe, was dated at Salt Lake City and follows: "Understand that the mine owners will take some action at Globe and Miami as was taken at Bisbee. The membership of the Industrial Workers of World is getting tired of the lawlessness of the capitalist class and will no longer stand for such action. If you as governor cannot uphold the law we will take same into our own hands. Will you act or must we?"

In reply, Governor Campbell said he felt sure no deportations could occur with federal troops stationed in the district and that he was using his best efforts to protect rights of all citizens. Concluding he said: "I resent your disloyal and untimely threats in view of my earnest efforts to bring law and order and such forces as will maintain same, and further like behaviour on your part will be punished to the full extent of my authority."

President Charles Moyer, of the International Union of Mine, Mill and Smelter union, wired Governor Campbell saying he understood an effort would be made to bring strike breakers into Arizona district from Missouri. He asked that this be prevented. Governor Campbell said he knew nothing of any such movement.
