

### MAY SEND PAPERS DIRECT TO TROOPS

Magazines and Newspapers Bearing One Cent Stamps Will Be Forwarded to Americans in France.

Washington, July 18.—Magazines and newspapers bearing 1-cent stamps hereafter may be posted, unwrapped and unaddressed by persons other than publishers and will be forwarded by postal authorities to American soldiers and sailors in Europe.

In announcing today plans for gathering reading matter conveying home news and fiction to the boys abroad Postmaster General Clegg suggested that magazines print the following in the upper right hand corner of their front covers:

"Notice to the reader: When you have finished reading this magazine, place a 1-cent stamp on this notice, hand same to any postal employe and it will be placed in the hands of our soldiers and sailors at the front. No wrapping—no address."

The publications will be carried under the postal classification of "one cent each, regardless of weight." A concentration station has been designated in each state for assembling of the reading matter.

**Postoffice in Camp.**

American Training Camp in France, July 17.—The latest development of the camp is a postoffice which will enable men to mail letters either home or to any other point in the world, without revealing their exact whereabouts. The system will be enlarged to fit needs. At present it consists in requiring of each soldier or officer that he address his communications from the American training camp and deposit them in a special postoffice, from where they will be taken by pouch to Paris and mailed in the ordinary manner. Similarly return mail should be addressed to the training camp of the American expeditionary forces, Paris, whence it will be forwarded to the proper address.

**Surplus Supplies Distributed.**

When the troops left their base they took with them surplus supplies, which are now being turned back to the quartermaster's department for redistribution, so that there will soon be more than enough of such things as tobacco and similar luxuries, which have been somewhat scarce.

Officers, who are billeted among the inhabitants, are paying moderate prices for quarters. They may by request pay 1 franc daily for quarters, and provided they eat at a "hotel" expend 7 francs daily for excellent food.

### Records Connect Berkman With 'Frisco Bomb Murders

New York, July 18.—It became known today that the evidence upon which Alexander Berkman, the anarchist, was recently indicted in San Francisco for murder in connection with the preparedness day parade bomb plot in that city was supplied by the federal district attorney's office here after a raid upon the offices of The Blast and Mother Earth in connection with the anti-conscription activities of Berkman and Emma Goldman.

All the papers in the anarchist headquarters were seized and examined, and according to Assistant District Attorney Harold A. Content, some of them disclosed Berkman's connection with the San Francisco tragedy. Mr. Content refused today to disclose the nature of the evidence secured by the government, but said he had forwarded it to the San Francisco authorities.

Berkman, at the time of the bomb explosion, published The Blast in San Francisco. He is now serving sentence in Atlanta after conviction here for anti-conscription conspiracy.

### Bolt Feature of Movie Men's Convention

Chicago, July 18.—Representatives from twenty states bolted the convention of the National Motion Picture Exhibitors' league today and held a separate session with the avowed intention of forming a new organization.

A. P. Tugwell, Los Angeles, first vice president of the league, and S. H. Trigger, New York, a member of the executive committee, were prominent in the bolt. They charged that the league was being conducted arbitrarily by "the machines."

"The charges that we make," said Mr. Tugwell, "are that the machine which is trying to dominate the convention is working the gag rule, refusing roll calls, to read the minutes or to hear officers entitled to be heard."

The storm broke when it came time to nominate officers. Lee Ochs is a candidate for re-election and the bolters charged the "machine" was trying to railroad his election through.

### Rush to Take Whisky From Bond Continues

Washington, July 18.—Liquor dealers, alarmed at the prospect of the government seizing, under the terms of the food bill, the vast quantities of distilled spirits in bond, are withdrawing whisky from bonded warehouses at a rate never before equaled. Within the last ten days more than 10,000,000 gallons have been withdrawn and the ratio of 1,000,000 gallons a day bids fair to be continued.

The whisky thus withdrawn is placed largely, revenue officials state, in retail establishments.

As a consequence of the scare, internal revenue receipts have risen this month to a point higher than ever before, the total for the first seventeen days being approximately \$7,500,000 more than last July.

### British Flyer Bombs Subsea And Destroys Zeppelin

Hamilton, Ont., July 18.—Destruction single-handed first of a German submarine and then of a Zeppelin by Lieutenant Basil D. Hobbs of the royal flying corps is described in advices received today by his relatives.

His exploits, which have won him a letter of congratulation from Admiral Jellicoe and recommendation for the 'Victoria' cross, were accomplished from a seaplane.

He swooped down over the U-boat and dropped bombs on it until it sank. A few days later he attacked the airship and sent it crashing to earth in flames, causing the death of its entire crew.

### "Billy" Sunday Pays Fine for Speeding

Portland, Ore., July 18.—The Rev. William ("Billy") Sunday was arrested today for exceeding the speed limit in his automobile on the Broadway bridge across the Willamette river. The arresting officer said Sunday's chauffeur was driving the car at a rate exceeding twenty-five miles an hour. Sunday was on his way from his ranch at Hood River to Portland, when arrested.

The driver was fined \$5, which was paid by the evangelist.

### SIR EDWARD CARSON JOINS WAR CABINET

Geddes Takes Vacated Place and Winston S. Churchill Becomes Minister of Munitions.

**BULLETIN.**

London, July 18.—Sir Edward Carson appointments get a mixed reception in the morning newspapers. The majority, however, are indulgent and express the willingness to give the appointee a chance and to judge them by results.

The selection of Sir Eric Campbell Geddes, who has been director general of the munitions supply, to head the British admiralty, succeeding Sir Edward Carson, attracts a large share of the editorial attention. It is described as startling, original and bold, but his record in other posts is amply recognized as a great one.

London, July 17.—Sir Edward Carson has relinquished his post as first lord of the admiralty and joined the war cabinet without portfolio, according to an official announcement of the new ministerial appointments, issued this evening.

Sir Edward will be succeeded by Sir Eric Campbell Geddes, who has been director general of munitions supply.

Winston Spencer Churchill succeeds Dr. Christopher Addison as minister of munitions, Dr. Addison becoming a minister without portfolio in charge of reconstruction.

Baron Edwin Samuel Montagu of Beaulieu, a former cabinet minister, is made secretary for India.

**Two Surprises.**

The new cabinet appointments arising out of the resignation of Mr. Chamberlain as secretary for India and Andrew Bonar Law's desire to be relieved of his duties as a member of the small war cabinet which he found incompatible with his heavy responsibility, first as chancellor of the exchequer, and second as leader of the House of Commons contained two complete surprises—the appointment of Sir Eric Geddes as head of the admiralty and Winston Spencer Churchill as minister of munitions.

Of these four Earl Curzon, Lord Milner and Sir Edward Carson are all conservatives of the most extreme type and complaints, constantly heard from the liberal and radical press of the undue preponderance of conservative influence in the government since Mr. Lloyd George took the helm, now will be intensified.

### American Destroyer Saves British Steamship

New York, July 18.—The British steamship Cranmore, previously reported sunk by a German U-boat, was saved from destruction by an American destroyer, which was conveying it through the danger zone, according to members of its crew who arrived here from England on an American ship.

The Cranmore was attacked, they said, July 7, about 180 miles west of Ireland, five of its plates being stove away by a torpedo. The U-boat that fired it did not appear and did not press the attack owing to the presence of the American warship.

Under protection of the destroyer the vessel was able to proceed to an Irish port under its own steam.

### Ask That Dividends for Red Cross Be Paid In

New York, July 18.—The fact that millions of dollars in Red Cross dividends declared by corporations have not been paid over to the organization by the recipients was made known in an appeal to the shareholders in such corporations, issued today by the American Red Cross war finance committee.

"The French prepared for 900,000 wounded for the spring offensive," said the appeal, and "to prepare for our wounded the Red Cross must avail itself of every dollar it can get. To withhold a Red Cross dividend means withholding relief from our wounded."

### South Dakota Home Guards To Keep I.W.W. Men in Check

Pierre, S. D., July 18.—(Special Telegram.)—The State Council of Defense at its meeting today took up the discussion of the Industrial Workers of the World situation in the state and the organization of home guards to prevent the recurrence of such situations as occurred in the eastern part of the state last fall when citizens' posses took control of the situation.

The request on the government for arms for the home guards will be pushed and the organization of the home guards built up to meet the occasion if it occurs again.

### Training Officers for New Merchant Fleet

Chicago, July 18.—Training of prospective officers for the federal merchant ship fleet began at the Jones public school here today. A night school will be conducted in the federal building. At the Jones school, where Dr. Oliver J. Lee, of the bureau of navigation, organized a class, there were twelve applicants. Instructions will consist of a six weeks' course in the theory of navigation, followed by two months practical training on shipboard.

### Explosion Destroys Big Factory at Stuttgart

Amsterdam, July 18.—The Neuese Tageblatt of Stuttgart, Germany, reports that on Saturday a great explosion occurred at the Wilhelm Weiflenhach factory. The building was destroyed, neighboring houses were damaged, greatly and windows were broken in the nearby village of Suedheim.

### Cutler Succeeds Pratt In Commerce Department

Washington, July 18.—Dr. Edward E. Pratt, who resigned last night as chief of the bureau of foreign and domestic commerce at the request of Secretary Redfield, was succeeded today by Burwell S. Cutler, first assistant chief, who will serve until a permanent appointment is made.

Mr. Cutler is a Buffalo manufacturer, who came to Washington at the outbreak of war to offer his services to the commerce department.

Neither Mr. Redfield nor Dr. Pratt would discuss today the causes leading up to the resignation.

### Big Oats and Barley Crops Being Harvested in Iowa

Chicago, Milwaukee & St. Paul railway crop report says: Early oats and barley are being harvested in Iowa and are a heavy crop. Farther north all grains are approaching maturity and indications generally continue promising.

A few points in North Dakota report retrocession due to dry weather and hot winds, but rains during the last few days have been of great benefit.

Corn has made good progress during this week. Ample moisture everywhere.

Persistent Advertising is the Road to Success.

### ASK WHY GUARDS ARE SENT TO SOUTH

Senators Wish to Know Why State Troops Are Sent to Warmer Climate for Training.

Washington, July 18.—Attacks upon the War department's policy of training National Guardsmen in southern camps and the method of compiling the army draft quota estimates continued today in the senate.

Senator Lodge said the estimate method was "simply preposterous" and created the opinion that the "rolls have been padded." He wanted to know why it was that the National Guard from New England is to be sent to southern training camps while the army to be raised by conscription is to be trained at a camp in central Massachusetts.

"If the Massachusetts camp is good enough to drill one set of troops in winter," he asked, "why is it not good enough for the others?"

Senators LaFollette and Watson also voiced opposition to the sending of northern troops to the southern

### Douglas County Quota For Draft is 1,309

(From a Staff Correspondent.)

Lincoln, July 18.—(Special Telegram.)—The number of men to be selected for the draft from Douglas county is 1,309, divided as follows: Douglas county outside of Omaha, 128; city of Omaha, first division, 198; second division, 215; third division, 251; fourth division, 287; fifth division, 230.

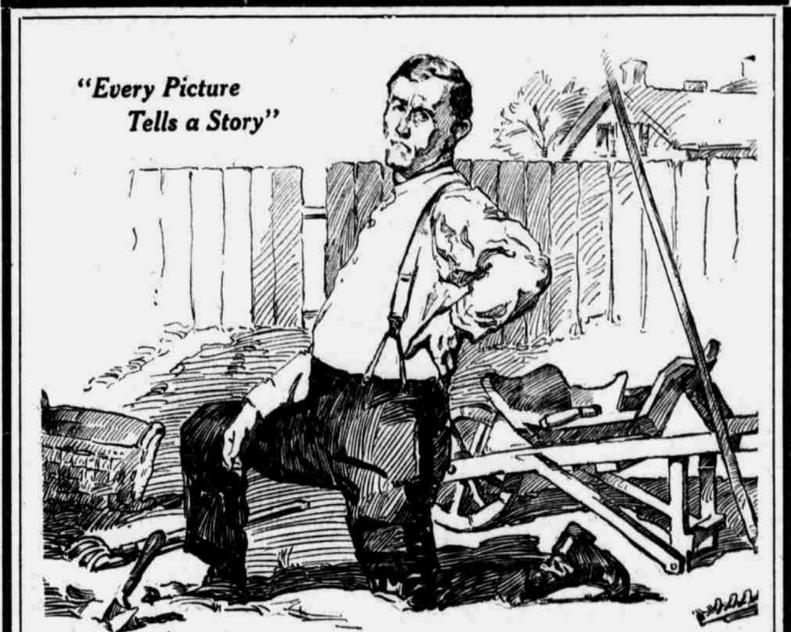

Senators expressed the belief that there was something back of the plan other than military reasons.

### Americans in France Would Like Few Stogies

Chicago, July 18.—Letter received here from American soldiers in France indicate that a few stogies would be much appreciated gifts by the men at the front. Pipe tobacco and cigars are available, but, says one letter, "we are really suffering

### Captain Charles Rund of Ohio Dies in France

Bessemer, O., July 18.—Captain Charles Rund of this city died at Etaples, France, June 6, from natural causes, according to word received today. Captain Rund left America for Europe as a member of the first contingent under General Pershing.

## Keep Yourself Fit for the Daily Battle

You Can't Afford to Be Crippled Up These Days With Sore, Aching Kidneys

IN these days of rising prices, you can't keep up the home, can't give the family the comforts they need without unusual effort. You need full time, and all the energy and brain power you possess. The man or woman with weak kidneys is half crippled. Sore, aching kidneys, lame, stiff back, headaches, dizzy spells, a dull, tired feeling and urinary disorders are daily sources of distress. You can't afford to neglect kidney weakness, and make it easy for gravel, dropsy or Bright's disease to take you. Get a box of Doan's Kidney Pills today. They have helped thousands. They should help you.

## How These Omaha People Found Relief

- North Seventeenth Street.**  
Mrs. H. Grau, 1912 N. Seventeenth St., says: "For seven or eight years I had trouble with my back and kidneys. I was just played out and hardly able to do anything. Sweeping or work which made it necessary for me to stoop was very difficult. Nights as well as during the day a dull, heavy ache clung to me and besides this I was subject to headaches and dizzy spells. My kidneys acted irregularly and were the cause of my feeling so poorly in every way. Finally, I began using Doan's Kidney Pills and they fixed me up in good shape."
- Pacific Street.**  
J. U. Metcalf, 815 Pacific St., says: "My kidneys became badly disordered and I was laid up in bed for six months. I kept getting worse and my health ran down to such an extent I was a wreck. Rheumatic pains settled in my hips and knee joints and one of my legs became powerless. A neighbor who had used Doan's Kidney Pills and been greatly benefited, suggested I try them and I did. They drove the poisons from my body, removed the uric acid from my system and restored my kidneys to a normal condition."
- Charles Street.**  
Mrs. Mary E. Toy, 2727 Charles St., says: "Off and on for two years I had been a constant sufferer from kidney trouble. Doan's Kidney Pills helped me greatly, they made my back strong and drove the pains away. They toned up my kidneys and did me good in every way." (Statement given July 2, 1915.)  
On February 28, 1916, Mrs. Toy said: "I still hold as high an opinion of Doan's now as I did a year ago. I have never found another remedy their equal for backaches and kidney trouble."
- North Twenty-sixth Street.**  
Mrs. G. H. Miller, 1611 N. Twenty-sixth St., says: "About a year ago I was having trouble as the result of my kidneys not being in good condition. My back ached just all the time and it was hard for me to stoop or lift. I read of Doan's Kidney Pills and seeing them so highly spoken of led me to try them. They strengthened my kidneys and the discomfort with my back was removed."  
The above statement was given November 14, 1914, and on February 26, 1916, Mrs. Miller said: "I still hold a high opinion of Doan's, and it is a pleasure to confirm what I have said in the past. Occasionally I take a few doses and they keep my kidneys in good working order."
- Clark Street.**  
Tony F. Kleiner, proprietor of barber shop, 1915 Clark St., says: "Off and on I have had spells of kidney trouble and backache. The pains centered in the small of my back, so that I could hardly stoop and I could straighten only with difficulty. Doan's Kidney Pills fixed up my back in good shape."  
The above statement was given July 7, 1916, and on February 24, 1916, Mr. Kleiner said: "Doan's Kidney Pills are all right. Whenever my back starts aching they soon stop the misery and put my kidneys in good working order."
- Sherwood Avenue.**  
Edwin Meredith, 1423 Sherwood Ave., says: "I had a severe attack of kidney complaint; it was brought on by a severe sickness, I had some years ago. Of all the medicines I ever used Doan's Kidney Pills have proven the most beneficial. In view of the fact that I was in such a serious condition and Doan's Kidney Pills have strengthened my kidneys so that I am a strong, healthy man now, I can most strongly recommend them."

# DOAN'S Kidney Pills

Every Druggist has Doan's, 60c a Box. Foster-Milburn Co., Buffalo, N. Y., Mfrs.

## Vacation Clothes Headquarters

TAKE a vacation—all work and no play is a bad rule to live by.

## HOW DECAY SPREADS

ONE BAD apple in a barrel affects all the others.

A decayed tooth, like a bad apple, soon causes decay in the one next to it.

See your dentist regularly so that he can fill those cavities while they are small and prevent decay from spreading. Brush your teeth regularly and thoroughly with an efficient dentifrice and you won't have cavities.

S. S. White Tooth Paste is a pure, wholesome, non-medicated cleanser for which no impossible "germicidal" claims are made. It represents the soundest findings of dental science and is made by the world's best known manufacturer of dental equipment and supplies.

Your druggist has it. Sign and mail the coupon below for a copy of our booklet, "Good Teeth; How They Grow And How To Keep Them."
