REICHSTAG ADOPTS PEACE RESOLUTION PRESENTED BY MAJORITY, 214 TO 116

New German Chancellor In His Address Says Germany Will Quit Fighting Soon as It Can Obtain Honorable Peace-America's Intervention Not Regarded Seriously by Kaiser-Fleet

Controls Situation.

BULLETINS.

Copenhagen, July 20 .- The Reichstag yesterday adopted the majority peace resolution by a vote of 214 to 116, with seventeen not voting.

Copenhagen, July 20 .- Chancellor Michaelis, in his address before the Reichstag yesterday said Germany would not continue the war a day longer if it could obtain an honorable peace. America's intervention was not regarded with serious concern. The German fleet, particularly the submarines, would master the situation, he said.

Copenhagen, July 19 .- Dr. Michaelis, the new imperial German chancellor, Big Turtle in Park More in his address to the Reichstag Thursday afternoon declared his adhesion to the German submarine campaign, asserting it to be a lawful measure, justifiably adopted and adapted for shortening the war.

Dr. Michaelis opened his Reichstag speech with a hearty tribute to Dr. about two feet across its back. This von Bethmann-Hollweg, the retiring imperial chancellor, whose work, he said, history would appreciate.

War Forced on Nation. The chancellor declared that the war was forced upon unwilling Germany by the Russian mobilization and that the submarine war was also forced upon Germany by Great Brit-

ain's illegal blockade starvation war. The faint hope that America at the head of the neutrals would check Great Britain's illegality was vain, Germany's final attempt to avoid the extremity by a peace offer failed and the submarine campaign was adopted, said the chancellor.

The submarine, the speaker con-tinued, had done all and more than had been expected, and the false prophets who had predicted the end of the war at a definite time had done a disservice to the fatherland. Extolls Hollweg.

Dr. Michaelis in the course of his address said:

"Bitter criticism has been directed against a highly deserving man, who occupied this post before me. This criticism has been oft inspired by enmity and hate. I think it would have been better if enmity and hate aused behind closed doors. Who the history of this war lies open be-fore us, we shall all alike completely appreciate what Dr. von Bethmann-Hollweg's chancellorship meant for

"Appointed chancellor by the emperor, I have the honor for the first time to communicate with your High House. A great weight has been laid on my shoulders in a most grave time. Thusting God and German might, I ventured to undertake it and shall now serve the cause to the utmost of my power. I beg from you your trusty co-operation in the spirit which has been splendidly maintained in this body during the war."

Loyal to Austria.

On the occasion of his acceptance of the German chancellorship, says a Vienna dispatch, Dr. Michaelis sent a message to Count Czernin, the Austro-Hungarian foreign minister, declaring that he regarded it as his chief and inviolable duty to preserve the precious inheritance of the closest and most loyal confederation. It was his firm conviction that Austria-Hungary and Germany would be victorious and that the war would se-cure for the heroic peoples a happy and bright future.

Count Czernin in reply said he saw the most secure guarantee of a happy future for the people in intimate and confident co-operation with the leaders of the German policy and firm insistence upon the well tried al-

How "Bill" Hayward Took His Colored Troops to Camp

When New York mobilized a full division of National Guard last Monday the departure of the Gotham con-tingent was a notable display. One of the features was the march of the Fifteenth, the colored regiment com-manded by Colonel "Bill" Hayward.
"The Fifteenth swung along the street, its members handling their Springfields as their ancestors did their clubs, every company full and every man singing," says the New York American, and then goes on: York American, and then goes on:

The dusky Fifteenth is tented at Camp Whitman, in Beacon. N. Y., because it has no armery. They didn't want an armory. With Colonel "Bill" Hayward ahead, they entrained at \$ o'clock. Nothing quite like the sendoff they received has been seen in this city. Their band was playing "A Hot Time in the Old Town Tonight," for what gathering of negroes would be happy without that tune?

Their women folks walked at their sides until they reached the trains at 125th street. They sang, they danced, they "basted" each other regardless of fractures and dislocations. They screamed their shrill battle cites and beat upon the car sides in all the wild abandon of their race, And finally they moved out, singing: "Over There."
