

**Human Organs Made Into Pictures X-RAY OUTDONE**

(By L. W. BOWER, M. D.)  
A recent issue of the British Medical Journal explains a remarkable discovery of Dr. James Scherer, and describes a new process of photography by which an abscess of the liver or the kidneys can be photographed from living patients. This will be invaluable because so many people suffer from kidney disease, and if it can be recognized in time they, no doubt, can be saved and life prolonged. Such photographs as can be obtained by this new process will show whether there is a blockage in the intestines or not, whether the kidneys are normal and able to do the great burden put upon them.

Unfortunately, what the liver can't take care of passes on to the kidneys, and the intimate relation between the two often causes a disease of the kidneys. One of the poisons retained within the system is uric acid in excess. Death would occur if the kidneys did not work day and night in separating poisons and uric acid from the blood.

The danger signals are backache, depression, aches and pains, heaviness, drowsiness, irritability, headaches, chilliness, rheumatic twinges, swollen joints or gout.

This can be avoided by stimulating the kidneys to increased action, and because of its tonic effect on this organ I would advise any one to purchase Anuric, (which is to be had nowadays at almost any drug store), and take it three times a day, together with a pint of hot water, an hour before meals. By getting rid of the uric acid you can prevent and cure rheumatism, gout, and the pains and aches due to this uric acid stored within the system.

I have found in practice that Anuric (double strength) is more potent than lithia and in most cases it will dissolve the uric acid as hot water does sugar.—Advertisement.

**Man Can Recover From Paralysis in One Day**

When a representative of H. W. Atkins bustled up to Judge Fitzgerald's bench in police court after Atkins had been called for prosecution, he explained that Atkins was suffering from a paralytic stroke.

"He wants the case deferred until he can appear," said the representative.

"When can he come down here?" asked City Prosecutor McGuire.

"Tomorrow will be all right."

"Marvelous," commented the judge. "A paralytic absolutely cured in one brief day."

**KNITTING CLASSES START NEXT WEEK**

**National League for Woman's Service Has Trained Teachers at First National Bank Building.**

Knitting classes for all who desire to learn will begin next week at the National League for Woman's Service headquarters in the First National bank building. Trained teachers will be in charge from 10 to 12 every morning. On Monday morning Mrs. Theodore Sinhold will instruct. On Wednesday, Miss Hedrick Rosencstock will be in charge. Mrs. William Archibald Smith, request that other experienced hand knitters in the city volunteer their services for two hours one morning in the week. Girls who desire to form knitting clubs are urged to apply to Mrs. Smith for instructions.

"It is most essential," said Mrs. Smith, "that knitters get started right. Some are putting in valuable time to no avail, all because they fail to follow instructions. The general tendency is to make the socks too small and to knit them too compactly. They must be at least eleven inches long, and loosely knitted, to accommodate the swollen feet of men who have been on long marches. It is also advisable to shrink the yarn with boiling water before making up."

Knitting circulars are now on distribution at the headquarters. Mrs. Smith displayed a sample of real Scotch worsted which she obtained in Toronto on her recent trip there. It is lighter and softer than the domestic yarn. The yarn here is too fine. It makes the socks too hard and compact.

**To Buy in Bulk.**  
Dealers in this city are asking 90 cents a hank for yarn that the national league can buy in quantities and sell for 60 cents. Mrs. Smith stated that she can secure yarn in Canada, pay duty and express, and sell it for 50 cents a hank, whereas the cheapest it can be secured in this country is 50 cents plus express.

At the Tornado headquarters five knitting machines were in operation all day long.

It was announced Monday morning that Mrs. Earl Stanfield will have charge of the motor division during the absence of Mrs. Louis Clark. Women may register at any time both for motor driving and motor mechanics.

**Comfort Kits.**  
Small pocket comfort kits are displayed at the league rooms. Each is made of brown denim bound with

black, and contains needles threaded with yarn, two kinds of buttons, court plaster, foot powder, linen thread, chewing gum and safety pins. These can be made for less than 25 cents each. This should appeal to school girls who can use a needle and want to do their bit.

The making of comfort kits for the navy will also be undertaken in the rear future. Directions for making these are in the possession of the league. Each contains seven yards of braid, a bit of flannel, buttons, pencil with eraser, white thread, a comb, six safety pins, a flannel hand-kerchief, a tube of cold cream, six postal cards, black thread, a toothbrush, a thimble, needles and common pins, a package of tobacco, and a box of talcum powder.

The attractive league badges, bronze-colored with an eagle and shield design, are on sale at the headquarters for 25 cents each. Anyone may secure one by sending the money to the headquarters at 636

First National bank building. The proceeds will go to further the work of the league.

**Scouts Return from First Camp and Ready for Next**

The Boy Scouts that went on the first camp will return from Lake Quinnebaugh on Wednesday at 7:30 at the Webster Street station.

The boys have enjoyed a fine time on their camp and on Sunday many visitors autted out to see them.

All of the scouts that have registered for the second camp are asked to meet Scout Commissioner English at headquarters at 7:30 Thursday night. The registration for the second camp has been closed. Preparations are being made for a third camp and all scouts who wish to attend are asked to register at once.

The expedition for the second camp will leave from the Webster Street station on Friday at 2:30.

**U. S. University Men to Be Cared For While in Paris**

Announcement is made that the American University union in Europe has been established "to meet the needs of American university and college men who are in Europe for military or other service in the cause of the allies." The specific objects of the union are thus outlined in the constitution adopted recently at a meeting at the University club in New York City, at which representatives of fifteen colleges and universities were present.

1. To provide at moderate cost a home with the privileges of a simple club for American college men and their friends passing through Paris or on furlough; the privileges to include information bureau, writing and newspaper room, library, dining room, bedrooms, baths, social features, opportunities for physical recreation, entertainments, medical advice, etc.

2. To provide a headquarters for

the various bureaus already established or to be established in France by representative American universities, colleges and technical schools.

**Insufficient Evidence to Hold on Gambling Charge**

Insufficient evidence caused the discharge of Dave Gilinsky, alias Dave Sampson, and fourteen friends, who were arrested at 2 o'clock Sunday morning at the Claremont Inn on the charge of gambling.

Gilinsky explained that several of the boys in the party had been drafted and that all had repaired to his apartment in the Claremont, where his wife

had promised to serve a "little supper."

While his wife was out in pursuit of fried chicken and watermelon Sergeants Samuelson and Dejeanty and Officer Unger broke in.

Inside the table were 1,000 poker chips and twenty decks of cards, but all were piled away neatly and, according to Gilinsky, had not been in use for months.

**NUXATED IRON**

Increases strength of delicate, nervous, run-down people 100 per cent in ten days in many instances. \$1.00 forfeit if it fails as per full explanation in large article soon to appear in this paper. Ask your doctor or druggist about it.

Sherman & McConnell Drug Stores always carry it in stock.

**In pursuance of a request from the Commercial Economy Board of the Council of National Defense, the Omaha and Council Bluffs Master Bakers pledged themselves not to accept returns of unsold bread on and after**  
**JULY 10th, 1917**

**This Action was taken upon receipt of the following letter from the Commercial Economy Board:**

COUNCIL OF NATIONAL DEFENSE.

June 5, 1917.

Gentlemen: In the present emergency, the importance of husbanding the wheat supply is such that all wastes of wheat, no matter how small, must be stopped. With this necessity in view, the Commercial Economy Board has conducted an inquiry into the wholesale bakery practice of taking back unsold bread from retailers. The investigation covered representative bakeries in all parts of the United States. It appears that approximately 4 per cent of all the bread delivered by wholesale bakers is later returned to them, and that at least one-third of this is sold for animal feed.

A portion of the bread returned is sold at reduced prices to charitable institutions and the poor. The Board points out, however, that with the cost of carrying this bread to and from the retailers eliminated, the baker could afford fully as well as now to sell the same amount of bread at the same reduced prices.

With few exceptions the bakers consulted agreed that the waste of labor and human food involved in the practice of accepting returns is detrimental to the public interest and should be discontinued.

This also is the conclusion of the Board and of the Council of National Defense.

You are therefore hereby requested, in common with all other wholesale bakers, not to accept returns of unsold bread on July 10 and thereafter.

COMMERCIAL ECONOMY BOARD OF THE COUNCIL OF NATIONAL DEFENSE.

**The bakers, however, cannot do this alone. The housewife must co-operate with the baker and the grocer in order that this request be effective. WE MAKE THIS APPEAL TO THE HOUSEWIFE:**

**Place Your Order for Bread a Day in Advance**

This will not only assure the grocer of your daily requirements, but will also eliminate the return of unsold bread to the baker.

*We trust that we may have a prompt demonstration from the housewives of Omaha and Council Bluffs of their desire to serve their country in this, a grave national necessity.*
