Kitten Plays Cupid.

Engagement announcement parties bring to light many curious devices for making known the fascinating news of the betrothal of two young people.

At one pretty engagement luncheon, which you may remember, tiny photographs of the betrothed pair were concealed in dainty engraved booklets.

One of the sororities down at the state university has an old custom in regard to engagement announcements.

You have doubtless heard of paper black cats tied in bags carrying the news to guests at a party.

Making the Most Of Your Vacation

By BEATRICE FAIRFAX.

"I wonder if it will ever get to be the first of August. Gee! Won't I have a good time when that comes around," cried Hilda.

"Going to stay right in little old New York and sleep all day long and dance around every night. I have a bunch of dates with the fellows in my boarding house.

"Oh, I'm going down to Atlantic City. I've got to stay in a cheap little place, but I have some pretty clothes and I'll live right out on the board walk.

Investigation proved that Fritz Condon was going to spend his two weeks at a boys' camp, where once he had been councillor, Ned James was going off with another chap on a canoeing trip and Phil Barclay was planning a "hike" through the Lake Champlain district.

Those are real people in a real office. I know girls who do go off to camps and who plan for very different vacations from those of Hilda, Lottie and Marion.

Every summer brings up a new version of Gibson's famous old cartoon, "The Only Man at the Beach."

But men are learning that a vacation ought to bring renewal, refreshment—both mental and physical—change and rest for jaded nerves.

Two weeks of freedom from routine ought to send you back to work refreshed and renewed. If you are a dweller in a stuffy flat, won't a little of the simplicity of life on a farm be a wonderful thing for you?

At the end of two weeks of that come back to the city minus \$75, which should have gone into your savings bank account, plus a little tan and the restless feeling that you aren't rested as you thought you'd be.

It isn't dressing up and talking from morning to night to a lot of lazy, rocking-chair folk; it isn't dashing around in search of a good time; it isn't sypping out for a husband—it's just giving nature a chance to bathe and rest and heal you.

What is all the fuss about? The girl offered her respectful attention to people who were in sorrow. Surely you would not have objected if she had gone to show her sympathy to fellow employees; why then object in this situation?

There never can be any question of propriety about doing what one can to show kindness and sympathy to people who are in trouble.

"Brownatone" Tints Your Hair In a Minute. Preferred to Slow Acting Dyes. The straightest road and the shortest cut to the certainty of an attractive and beautiful appearance is the use of "Brownatone."

There is real common sense in just noticing whether the hair is well kept to judge of a woman's neatness or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good preparation made expressly for shampooing.

THIS model is of gray faille with soft blue velvet and fish-colored Georgette to trim it. But it is one of those adaptable frocks which will be cheerful and gay even if you make it of dull and lusterless crepe de chine.
