

MILKMEN CHEAT BABIES, SAYS COURT

Six Dairyemen Threatened With Jail Sentences by Judge Madden; Charged With Selling Inferior Product.

"You are cheating little babies when you sell milk that is below the standard," declared Police Judge Madden, to six milk dealers who appeared before him in court on a charge of selling inferior milk.

The court threatened to send the next dealer who appeared before him charged with selling adulterated product to jail.

"The evidence shows that most of you have been arrested before on this charge," said the court. It is a serious offense—one that threatens the health, if not the lives, of hundreds of persons who buy milk from you on the supposition that they are getting good, wholesome food.

A roar of laughter followed the answer of the second man on the list when he stated he represented the "Square Deal Dairy."

Most of the defendants said that the present warm weather was causing the cows to give poor milk.

Milk Below Standard.

Dr. Crowley, city chemist, and Claude F. Bossie, milk and dairy inspector, testified that the milk was below the standard and gave the tests reports. Here is a list of deal-

ers who were fined \$25 and costs each:

Martin Schmidt, Square Deal dairy.

Alfred Hansen, Grasslan dairy.

Jim Skovgaard, Magic City dairy.

J. M. Jensen, Country Club dairy.

George Hansen, Avery dairy, and Alfred Skovgaard, Oakwood dairy, were each fined \$30 and costs.

In passing sentence, Judge Madden said:

"The next time it'll be jail and not merely a fine."

Seventeen Omaha dairyemen and three farmers were fined Friday for selling inferior milk.

Truck Company Leaves Fort Crook for Cantonment Camp

Goodbye, Shorty.

"Meet you in France, Bill!"

With the band playing and flags flying, the first detachment of men left Fort Crook last night.

Not for France—not yet. But probably many of them will never see their friends again that they have made the last two weeks at Fort Crook.

The truck company, of the quartermaster's reserve corps, thirty-five men in all, left Friday night for the cantonment at Fort Des Moines, Ia., where they will soon be hauling supplies for the national army to be gathered there. They will probably go to France later.

Machine Gun Company at Ft. Crook Entertained at Picnic

The machine gun company from Fort Crook was entertained last night at a picnic in their honor at Bellevue. There was plenty of fried chicken and plenty of girls, so what more could a young soldier ask.

PAIR MEETS, BOTH SMILE, MARRIED NOW

Whirlwind Courtship on Limited Train Between Oklahoma City and Omaha Ends in Marriage Here.

Total strangers at 7 o'clock Thursday night and husband and wife at noon Friday, the whole acquaintance, love and courtship having developed on a limited train between Oklahoma City and Omaha, is the story in brief of the whirlwind love affair of Daniel Hubbard, wealthy 56-year-old widower, and Mrs. Nora Parks, lonesome widow, 42 years old.

The romance culminated in Omaha when the couple was married in the court house, by Municipal Judge Moran.

Mr. and Mrs. Hubbard left Omaha three hours after their marriage for Presho, S. D., where the bridegroom will engage in the real estate business with his brother, John Hubbard, mayor of Presho.

Mrs. Parks and her 10-year-old son, James, boarded the train at Oklahoma City Thursday night. Their destination was Presho.

The chair car was crowded.

And the Widow Smiled.

When a smiling, middle-aged man asked Mrs. Parks if he might occupy the seat in front of her and her son, on which they had placed their suitcases, she replied:

"Of course."

She looked at him and he looked

at her. It was love at first sight.

They soon learned they were going to the same town. Mrs. Parks was giving up her home at Brockwell, Okl.

The widow and the widower agreed that long engagements were all right for young folks, but not for the middle-aged.

So when they reached Omaha at 11 o'clock they hurried to the court house, procured a marriage license and were wed half an hour later.

Tell it to Cupid.

A couple of hours were spent in sightseeing and then the newly-weds continued their journey—henceforth their honeymoon.

"Wasn't my brother, the mayor, he surprised when I show up in Presho with a bride," chuckled Hubbard.

Mrs. Hubbard, all smiles, told "Cupid" Stubbendorf, marriage license clerk, "she was pretty well satisfied with the husband she found on the train."

The son seemed glad to get a new daddy, too.

Friday the Hottest Day of the Year in Omaha

Friday was the hottest day of the summer so far. Omaha had a maximum temperature of 98 degrees according to the weather bureau report. All through southern Nebraska the temperatures ranged above 100. Fairbury and Culbertson were the hottest places in the state with 107 degrees each. Grand Island and Hastings had 106 each; Fairmont and Red Cloud, 105; Lincoln and Broken Bow, 104. The hottest place in the entire country was in the north. It was Dickinson, N. D., where a maximum of 108 degrees was registered.

Where Drafted Men Will Be Examined

Sixth district exemption board, country precincts: Dr. Reed's office, Benson; O. J. Pickard, chair man.

Funeral of Farnam School Teacher to Be Held Today

Funeral services for Miss Lucy Helen Rogers, 54 years old, a school teacher at Farnam school, who died

Friday from heat prostration, will be held Sunday afternoon at Cole-McKay's chapel. The body will be sent to Whitewood, Mich., for burial.

Miss Rogers had been sick for some time. Her death was hastened, it is said, by the hot weather.

Miss Rogers had been a resident of

Omaha for more than thirty years, a large part of the time as a public school teacher. She was a member of the Daughters of the American Revolution and took an active interest in church and social work.

She is survived by three nieces and three nephews of Omaha.

"The Home of Satisfaction"

Satisfaction Guaranteed ON USED CARS

The Murphy-O'Brien Auto Co. have adopted a new policy of selling used cars. A guarantee accompanies every Dodge Brothers and Paige car we sell. We assume responsibility for defective parts and give the purchaser every assurance of satisfaction. This is something new in the automobile industry—a most radical change from the policy employed by all dealers in used cars.

Heretofore the purchaser has assumed all the risk. He has had to depend on his own judgment, or "luck." He could never be sure he would not have a big repair bill tacked on to the original purchase price. We are going to change this. We are going to insure you—to guarantee you will be satisfied. We believe this is only fair—that the man who spends his money for a used car is entitled to the same attention and consideration that is given to the purchaser of a new car.

SEVEN DAYS' TRIAL

Come down and pick out your car. We'll tell you everything we know about it. Then try it for seven days. If, at the end of that time, you are in any way dissatisfied, bring the car back and every cent of your money will be cheerfully refunded.

That's all there is to it. There is no red tape.

In a week's time you will know whether the car is as represented—and that is what the trial is for—to determine if you are satisfied. Then, as a further assurance of satisfaction, we will give a

30-Day Mechanical Guarantee

We give, for a period of 30 days, the same guarantee as to the mechanical soundness of the used car that we give with new cars. Thus we assume all risk.

We believe the prospective purchaser of used cars will appreciate this new policy. We know we will derive a vast amount of satisfaction if we can say on December 31, 1917, "We know that everyone who has purchased a car, of any description, from the Murphy-O'Brien Co. is satisfied."

Come in and talk it over. Now is the logical time to purchase, as prices are low.

It Pays—Try HAYDEN'S First—It Pays

The Car of Good Taste GRANT SIX \$875

THE spirit of the times is opposed to extravagance and ostentation. It counsels sensible expenditure.

The GRANT SIX at \$875 is a car that is in keeping with the spirit of the times. Its intrinsic goodness is based on splendid material and painstaking workmanship. It appeals to the eye as a dignified, good looking car in which the designers have relied on simple, harmonious lines, and quiet, tasteful finish. They have avoided both the showy and the cheap.

YOUR GRANT SIX will give you 20 miles to a gallon of gasoline and astonishingly large mileage from any standard tires. Its sturdiness is a guarantee of steady day-in day-out service.

The present price of the GRANT SIX is the wonder of the industry. Even a superficial comparison of the popular price field will convince you that the GRANT SIX at \$875 is a remarkably good investment.

Now is the time to make sure of getting your GRANT SIX—come in.

DEALERS—We have an attractive proposition.
