

## RIOT AT ENGLISH LABOR PEACE MEET

Attempt at Kingsland to Hold  
Gathering in Church Winds  
Up in Wrecking  
Edifice.

(By Associated Press.)

London, July 29.—An attempt by the "Workers' and Soldiers' Council," an organization recently formed on the lines of the Soldiers' and Workmen's Council in Russia, to hold a peace meeting at the Brotherhood church in Kingsland, Saturday resulted in riotous scenes during which the interior of the church was virtually wrecked and a number of persons seriously injured.

Before the meeting could be called to order, a determined crowd, which included some wounded soldiers, rushed the doors and in spite of stubborn resistance of those inside, forced their way into the church and demanded that the meeting be stopped. A general melee followed.

After the church had been cleared of the wounded, a Canadian soldier mounted to the organ gallery and delivered a patriotic speech.

"Rule Britannia" and the national anthem were sung, during which the delegates were compelled to stand. A resolution supporting the policy of the government was then adopted amid cheers.

The delegates were stoned when leaving the church.

Meetings of workers' and soldiers' councils, which were recently established by the pacifist conference at Leeds, also were held today at Leicester, Norwich and Bristol. No disorders are reported.

## American General Back From Visit to First Line

(By Associated Press.)

American Training Camp in France, July 29.—An American general returned to camp yesterday from a brief but interesting visit to the French front. He plans to go again soon and with him will probably go many other officials.

Wearing a French shrapnel-helmet, and with a gas mask slung about his neck, he inspected the trenches, including bits of the front line. As very little can be seen of the fighting from the trenches, however, the general later climbed into an observation post, high in a stalwart old tree, where he spent an hour or so with the shells swishing around him in all directions. One shell broke within about 200 feet of where the party was located, but it caused no undue commotion.

The general was much impressed with all he saw, especially the details of the organization behind the lines—features to which the Americans will have to devote an immense amount of attention.

Three German airplanes attempted to cross the French lines during the general's visit yesterday, but all were turned back by French air craft and artillery. One of the members of the general's staff, a former aviator, was taken up in a French plane for a brief trip over the German lines.

The general, in full fighting regalia, was an imposing figure and attracted the admiration of the poilus in the trenches.

## Rare Animals Observed In Inner Chinese Province

New York, July 29.—A large collection of rare animals from remote regions in the province of Yun Nan, China, said to be the most valuable ever assembled from that country has been gathered by the Asiatic Zoological expedition of the American Museum of Natural History, it was announced here tonight. The expedition, headed by Roy C. Andrews, is expected to arrive here late in September.

Members of the expedition were the first white persons to be seen by natives of the explored territory. Mr. Andrews reported, and in the year spent in the interior of China the party collected 2,100 mammals, 800 birds, 200 reptiles, 75 skeletons of mammals, and took 8,000 feet of motion picture film and hundreds of photographs.

The gorilla and the serow, each resembling the goat and the antelope, are among the valuable specimens. These animals were obtained in the Thibetan region and on the Burma frontier.

## Jack Johnson's Chauffeur Says Omaha Is His Goliath

"Omaha always was a hard-luck station for me," muttered John Perkins, colored one-time chauffeur for Jack Johnson, when Officer Dykes arrested him Saturday night for driving a car without a license.

Perkins is now operating a car for R. S. Talbot of Spokane, Washington and was driving him through Omaha on his way from Chicago to Spokane. "Ah hit Omaha with Johnson, just after he beat Jeffries in Reno and ah wasn't heah two hours befoah ah landed in jail, suspected of being a pickpocket," Perkins moaned.

He will appear in police court this morning to answer the charge.

## Fifty Men Reported Trapped By Canadian Forest Fire

Nelson, B. C., July 29.—Fifty men are reported to have been trapped in a disastrous forest fire, which swept over the Elk Lumber company's plant at Spruce Creek, twelve miles east of here yesterday. Last reports reaching here said that four bodies had been recovered and that the fire was still burning fiercely last night. Damage to the lumber plant was placed at nearly \$75,000, but no estimate could be made of the timber loss.

## Prominent Young Man Held on Murder Charge

New York, July 29.—Kenehan Chase Winslow, aged 23, prominent in church and social circles, in Elizabeth, N. J., where he lived with his parents, was arrested here yesterday after the body of a young woman known as Frances Bradley was found in a room in a hotel.

The police say Winslow has confessed that he beat the woman to death.

## Forty Cents Paid For First Bale of Cotton

Savannah, Ga., July 29.—A record price of 40 cents a pound was paid at auction here yesterday for the first bale of Georgia 1918 cotton crop. The purchaser immediately donated the bale to the Red Cross to be sold again.

**GERMANS FAIL ON THE AISNE.**—The Crown Prince has made another and costly attempt to win back the Calonne Plateau (1) and its neighboring heights, the Casemates Plateau (2). It resulted in heavy losses to the Germans and the French holding stubbornly to the positions.

## Omaha Woman at Head of Paris Offices of U. S. Red Cross Work

To be chosen head of the offices of the American Red Cross in Paris with complete charge of systematizing the work done there, is the honor which has come to Miss Annette Smiley, daughter of Mrs. Anna Smiley, 1109 North Twenty-third street, Omaha. Miss Smiley was born in Omaha and spent her early life here. She was reference librarian at the Omaha Public library during the years 1893 to 1899. Her systematic methods of cataloging and arranging details brought not only admiration from her assistants, but many favorable offers.

After leaving Omaha Miss Smiley completed a course at the library school in Albany, N. Y., which fitted her for work in the Young Men's Christian association library in New York City. There her unusual ability for systematizing attracted attention from the William Solomon banking firm and she entered their employ. The next step was a position with the Kuhn-Loeb, yellow bond New York bankers, where she remained from business firms.

until three years ago when she took charge of the office of J. P. Morgan & Co. Here she introduced a new system of cataloging and filing which has made her a Wall Street figure and recently drew comment from a Wall Street weekly in an article entitled, "Women in Wall Street."

Through his personal acquaintance with her Henry P. Davidson, director general of the American Red Cross, who is connected with the Morgan firm, decided that she was the only person to fill the responsible position abroad. She was appointed by the Red Cross in Washington, paid a visit to that city to choose her assistants and equipment, and sailed for France last week on one of the most important missions ever assigned a woman. Miss Smiley has many acquaintances in Omaha, among them two active workers in war-time activities, Miss Gertrude Young and Mrs. Z. T. Lindsey. She is a niece of Mrs. William R. Bowen of this city and a cousin of Captain Storz Bowen.

## RAILROADS CLAIM WILL BEAT STRIKE

(By Associated Press.)

Chicago, July 29.—Movement of freight to, through and from Chicago was handicapped Saturday by the strike on nineteen railroads of switchmen affiliated with the Brotherhood of Railroad trainmen. For a time after the men walked out at 6 a. m., the possibility of mediation hung in the balance, but before noon the present likelihood of federal relief vanished with the refusal of the strike leaders to accept the offer of G. W. W. Hanger, of the Federal Board of Mediation and Conciliation.

Contenting that they sought only the establishment of reasonable rules regarding employment, promotion and dismissal of switchmen, the strike leaders asserted that close to 6,000 men quit work. The railroad managers conference committee placed the number who refused to work at less than 2,500 and declared the cause of the strike to be insistence by the strikers on rules which in effect amounted to the establishment of a closed shop against switchmen not members of the B. R. T.

The situation was further complicated by the Switchmen's Union of America, also largely employed on the nineteen roads in the Chicago switching district. The members of this union, affiliated with the American Federation of Labor and not with the Brotherhood of Railway Trainmen, remained at work and their leaders sent for men from other cities.

In the eyes of some of those who watched the progress of the strike, it was regarded as a fight between the two switchmen's organizations as well as a contest with the railroads. Railroad officials declared late in the day that their switch yards were working with half the normal force and asserted that such a record the first day of the strike demonstrated that the roads could resume normal condition in a few days, regardless of a settlement of the strike.

"An embargo has been placed by the Burlington and Northwestern roads on perishables and live stock destined for Chicago. This is the result of the strike among railway switchmen in Chicago."

The Stock Yards company of Omaha expects to be notified officially also that the embargo is effective on stock billed to Chicago.

W. B. Tagg, president of the South Omaha Live Stock exchange said: "This embargo will have no great effect upon our receipts here, except that they may run a little heavier than usual. Probably quite a few shipments will come here from western Iowa that under ordinary circumstances would go to Chicago."

**New Idea Advanced as Reason for U-Boat Policy**  
Copenhagen, July 29.—The Austrian socialists have never been friendly toward Germany's submarine campaign and the party organ at Vienna, the Arbeiter Zeitung prints an article maintaining not only that the campaign of ruthlessness will not hasten the end of the war, but was not undertaken to this end, but to give the Germans a shipping advantage in the after-the-war competition.

## Second Air Raid Made On Paris by Germans

Paris, July 29.—Soon after midnight this morning firemen sounding an alarm on sirens and bugles, indicating another air raid. No details of the raid were obtainable at 1 o'clock.

## YANKEE INGENUITY SCORES ON GERMANS

Ships Damaged by Teutons in  
American Harbors Are Re-  
paired With Great  
Rapidity.

(By Associated Press.)

Washington, July 29.—Complete confidence in the ability of the United States to transport to France as many American troops as may be necessary despite the U boat menace, characterized today the attitude of officials in closest touch with the transportation situation. Announcement yesterday that the navy department had taken over sixteen of the German merchant ships seized at the outbreak of the war, including the huge liner Vaterland, to refit them as transports, explained the feeling to some extent. A tremendous additional tonnage for this purpose will be made available when these ships are repaired and commissioned.

American ingenuity has scored another triumph, it is understood, in getting the vessels in shape for their new service.

The German crews did their work of destruction exceedingly well for the most part, but American engineers have solved the problems presented and most of the vessels will be in service in far less time than was ordinarily estimated necessary for repairs.

## Shenandoah Boy Dead in St. Louis; Suicide Claimed

Shenandoah, Ia., July 28.—(Special Telegram).—The body of Howard, 21-year-old son of Maxie Jewett, a prominent farmer and bank director, arrived this morning from St. Louis, where he went more than a week ago to enlist in the navy.

A telegram from a firm of St. Louis undertakers says young Jewett died suddenly and attributes the death to suicide. The telegram, however, fails to give details.

Bank officials have been asked to investigate the death, while a post mortem examination made of the body after its arrival here shows poisoning.

The stomach has been sent to Omaha for further examination. The young man was in the best of health and his parents are unable to find any motive for suicide.

## Persia, Ia., to Stage Photo Play to Aid Red Cross

Logan, Ia., July 28.—(Special).—Though Persia Red Cross district has contributed \$4,357 to the Red Cross fund, yet Red Cross promoters there will put on a photoplay, "Womanhood, the Glory of the Nation," a two-day festival and patriotic speeches and other features to increase the fund to the \$5,000 place August 4 and 5. In the event the fund is increased as planned, Persia will stand first in the state considering contributions and population.

## Draft Instructions Reach Logan (Ia.) Board

Logan, Ia., July 28.—(Special).—The exemption board at Logan received the official numbers and instructions from Washington yesterday and work was begun to eliminate all numbers above that of June 5 registration, 2,191. After this work copies will be posted, published and notices sent to those registered coming within the scope of the draft for war service. It is thought that examinations may be begun Wednesday, next.

## Range Cattle Shipments Expected to Begin Early

Everett Buckingham, vice president and general manager of the South Omaha Stock Yards company, says that the shipments of range cattle will probably begin to come in Monday.

"Of course this indicates that the western and the southern states are suffering from dry weather, for they keep these range cattle just as long as there is any green grass," said Mr. Buckingham.

W. B. Tagg, president of the South Omaha Live Stock exchange, said: "Receipts here are good and they will probably be even better because of the embargo the Burlington and the Northwestern railroad companies have placed on sending stock to Chicago. I rather think we will receive a large number of western Iowa that usually go to Chicago."

"The switchmen in the railroad yards in Chicago are on a strike and this has caused the embargo on all perishables, including live stock. I think other railroad lines running into Chicago also will declare embargoes."

## Drawn First in Draft, Georgian Kills Himself

Savannah, Ga., July 28.—After receiving a number of letters from the draft exemption board at Greensboro, N. C. James B. Nabors, aged 29, a traveling salesman, shot and killed himself in his hotel room here tonight. His original draft number was 258, the first drawn in the war lottery.

## French Aviator Flies At 10,000-Foot Altitude

Newport News, Va., July 29.—In an endurance test of an army flying machine here yesterday Lieutenant La Martrie, of the French army, reached an altitude of 10,000 feet.

## Carmen Reject Concessions

Seattle, Wash., July 28.—Striking motor-truck drivers and conductors of the Puget Sound Traction, Light and Power company, who quit work eleven days ago because the company refused to permit them to join a union, assembled in mass meeting today and unanimously rejected a proposition submitted to the men by the company yesterday. The proposition made minor concessions.

## ONE ARREST UNDER BARBER SHOP LAW

Manager of Fontenelle Shop  
Opens Place of Business;  
Hotel Men Will Fight  
Statute.

E. K. Murray, manager of the Hotel Fontenelle barber shop, was arrested yesterday shortly after he opened his shop. The arrest was made under law prohibiting barber shops to open on Sunday which went into effect last week.

He was operating under the orders of John F. Letton, manager of the hotel, who, backed by the Omaha Hotel Men's association, will fight the case through to the supreme court.

Murray and Detectives Rooney and Holden, who made the arrest, will appear in municipal court this afternoon for the first hearing of the case. The grounds on which the hotel men base their right to open on Sundays is that the law prohibits such an act is unconstitutional.

## Major Would Become Captain to Get to Front

San Francisco, Cal., July 28.—The exceptional spectacle of an army officer trying to get himself demoted caused colonels and generals to open their eyes here today. Dr. P. S. Chancellier of Chicago, a major in the medical reserve corps, is the man. He wanted to be a captain, he said, in order to go to the front with a new unit, and it was understood that this would be permitted.

## Conscription of Horses Advocated by Veterinarian

New York, July 29.—Conscription of horses for army services was advocated here today by W. Horace Hoskins, dean of the New York State Veterinary college.

## Illinois Coal Mines Far Behind Getting Their Orders

Chicago, July 29.—Illinois coal mines are 10,000 carloads behind their orders, according to a statement made today by George H. Cushing, editor of a trade journal, dealing with the industry.

## Fire Damages Kansas Foundry

Ottawa, Kan., July 28.—Damage estimated at \$100,000, partially covered by insurance, was done the factories of the Warner industries here tonight, when fire broke out in the iron foundry. There were no fatalities.

## RUPTURE EXPERT HERE

Seeley, World Famous in This Specialty, Called to Omaha.

F. H. Seeley of Chicago and Philadelphia, the noted trust expert, will be at the Paxton Hotel and will remain in Omaha this Sunday and Monday, July 29th and 30th.

Mr. Seeley says: "The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions. Mr. Seeley has documents from the United States Government, Washington, D. C., for inspection. All charity cases without charge, or if any interested call, he will be glad to show same without charge or fit them if desired. Business demands prevent stopping at any other place in this section."

P. S.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley.

## U. S. ESTABLISHES BASE HOSPITALS

Two Units Reach France,  
Where There Is as Yet Little  
for Medical Staffs  
to Do.

(By Associated Press.)

American Training Camp in France, July 29.—Two American base hospital units, organized under the direction of the Red Cross, but taken over by the United States army have just arrived in the American army zone in France and are established twenty miles apart. Both units have taken over French hospitals, where, however, there are very few patients. The work will soon be organized of caring for the American sick and wounded sent back from the advanced field hospitals and the casualty clearing stations.

The first of the units to reach France was base hospital No. 18, organized at Johns Hopkins university, Baltimore. This was quickly followed by base hospital No. 15, from Roosevelt hospital, New York, the latter being organized and equipped largely through the interest of Clarence Mackay.

Each of these organizations is capable of caring for 1,000 to 1,500 patients. They have brought over large supplies, but one of the great problems they will have to meet is that of keeping warm this winter, for a serious coal shortage is threatened. The Roosevelt hospital unit now is established in a number of summer hotels, which are not provided with heating facilities for winter, but plans are already under way to install stoves or if possible set up a steam heating apparatus. The Johns Hopkins unit is temporarily housed in a French base hospital, but may later take up its quarters in a barracks, which is really easier to heat than the barn-like hotels.

The two American units include some well known American surgeons and physicians who while waiting American patients probably will visit most of the French hospitals in this zone. America's medical staff now is very great at the battle front, considering that six great British hospitals were taken over in June.

Persistent Advertising is the Road to Success.

## BACKACHE KILLS!

Don't make the fatal mistake of neglecting what may seem to be a "simple little backache." There isn't any such thing. It may be the first warning that your kidneys are not working properly, and throwing off the poisons as they should. If this is the case, go after that backache and do it quickly, or you may find yourself in the grip of an incurable disease.

GOLD MEDAL Haarlem Oil Capsules will give almost immediate relief from kidney and bladder troubles, which are the unexpected cause of general ill health. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories in Holland. They are prepared in correct quantity and convenient form to take, and are positively guaranteed to give prompt relief, or your money will be refunded. Get them at any drug store, but be sure to insist on the GOLD MEDAL brand, and take no other. In boxes, three sizes.—Advertisement.

## Reputation Established, A Future Guarantee

We dare not jeopardize our priceless reputation for a transitory profit. We dare not misrepresent our goods or our endorsements.

Consider this well! Reputation is the safeguard of inexperience. "Avoid those that make false claims." Whether or not a man has expert knowledge of Diamonds, Watches and Jewelry, he is safe if he puts his trust in merchants of good reputation.

Why take a chance with small or unknown dealers when your credit is good with Loftis Bros. & Co., The Old Reliable, Original Diamond and Watch Credit House, 409 South Sixteenth Street, Established 1858.

This business, "the largest of its kind in the world," is a monument to the proverb, "Honesty is the Best Policy."

## Careless Use of Soap Spoils the Hair

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsiplied coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy, and easy to manage.

You can get mulsiplied coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.—Advertisement.

## Seward Man Dangerously Hurt When Freight Strikes Auto

Seward, Neb., July 29.—(Special).—Albert Thompson, this city, may die from injuries sustained yesterday when a freight train struck the motor car he was driving. Thompson's skull was fractured and the automobile completely demolished. At a local hospital, where an operation was performed, small hope is given for his recovery.

Thompson's Son Hurt in Air Fall.  
New York, July 28.—Frederick Trubee Davidson, son of Henry P. Davidson, chairman of the American Red Cross war council, was seriously injured today, when a hydroaeroplane in which he was making an altitude test, plunged from a height of 400 feet into Huntington bay, off Long Island.
