

Nebraska NO ESCAPE FROM EXEMPTION WORK

Governor Neville Receives Instructions From Washington Not to Permit Members to Avoid Duty.

(From a Staff Correspondent.)
Lincoln, July 31.—(Special.)—Members of local exemption boards are as effectively drafted for this duty as are men selected for military service, and refusal to serve will give cause for action by the federal Department of Justice, according to rulings of Provost Marshal General Crowder, sent from Washington to Governor Neville.

In future members of local exemption boards will be accused only for the most urgent reasons, approved by the governor and he is warned to recommend the excuse only in case of great hardship.

To Keep Complete Record.
Local exemption boards are ordered to keep a complete docket of every case called, and to record every action taken in respect to it. No board can receive final credit for its quota for any selected man until word has been received from the military authorities at the mobilization camp that he has been accepted into the military service. Some men will be rejected at the mobilization camps who have been passed by the local and district exemption boards.

By the seventh day after the first call for examination, all claims for exemption and discharge by men called will be filed by the local board. A new call will then at once be sent out, to fill computed deficits in the quota. This second call should be for 10 per cent of the quota.

The state department has instructed that passports will be issued to persons subject to draft only when the application is accompanied by a permit from the provost marshal general to leave the country.

Apply to Washington.
Until August 5 applications for permits to leave must be made to the provost marshal general, but after that date to local exemption boards. If the applicant is held for military service the local board will refuse the permit, unless the applicant's order is so far down the list that he could not be included in the present draft.

Service in Red Cross ambulance companies is not a valid claim for exemption or discharge. There is no provision under the law whereby medical students can be exempted or discharged—the validity of this claim must be passed by the boards.

The boards are instructed to permit physical examinations before the day set if the person called shows the necessity for moving forward in time.

Omaha Headquarters.
Omaha was established as headquarters for the North Platte appellate exemption board at the organization meeting in the governor's office today. South Platte headquarters will be in Lincoln. These officers were elected:

North Platte District—Douglas Cones, Pierce, chairman; M. C. Peters, Omaha, secretary.

South Platte District—Fred W. Ashton, Grand Island, chairman; Luther B. Frye, Lincoln, secretary.

Governor Neville addressed the members of the board, and told them to be ready for a long grind, as their services were at the disposal of the government during the period of the war. He urged them not to permit personal considerations to govern their rulings on exemption claims.

Terminal Assessment Increase Upheld by Board

(From a Staff Correspondent.)
Lincoln, July 31.—(Special.)—The State Board of Equalization today approved Douglas County Assessor Fitzgerald's \$59,000-increase to the terminal assessment of the Burlington railroad in Omaha, to cover the value of street and alleys in the possession and use of the company. His assessment of \$100,000 on the Burlington's freight depot was reduced to \$30,000, but it is still an increase on the original return of \$85,000.

Although the assessor had listed \$160,000 cash on hand belonging to the Burlington and \$104,000 to the Union Pacific as part of their terminal tax valuation, the state board decided that this money belongs to the whole system of the railroads and is not subject to local assessment.

The board overruled Fitzgerald's 0.27,000 increase in the Missouri Pacific assessment.

Farmer Is Instantly Killed in Auto Unset

Britton, S. D., July 31.—(Special.)—John Schermerhorn, a prominent farmer of this vicinity, was instantly killed when the automobile in which himself, his wife and children and a hired man were riding turned over. Schermerhorn lost control of the car while attempting to pass another car on the highway and his car was forced into the ditch, where it turned over. Schermerhorn's head was badly crushed. One of the hired man's shoulders was broken.

Dandy Sixth Regiment Accepted by Uncle Sam

(From a Staff Correspondent.)
Lincoln, July 31.—(Special Telegram.)—Word was received here today that the War department had approved the Dandy Sixth.

Mustering of the regiment into federal service is expected to start at once. Equipment and uniforms for the members of the Sixth are to be secured at Fort Crook. The acceptance of the Sixth completes the Nebraska brigade.

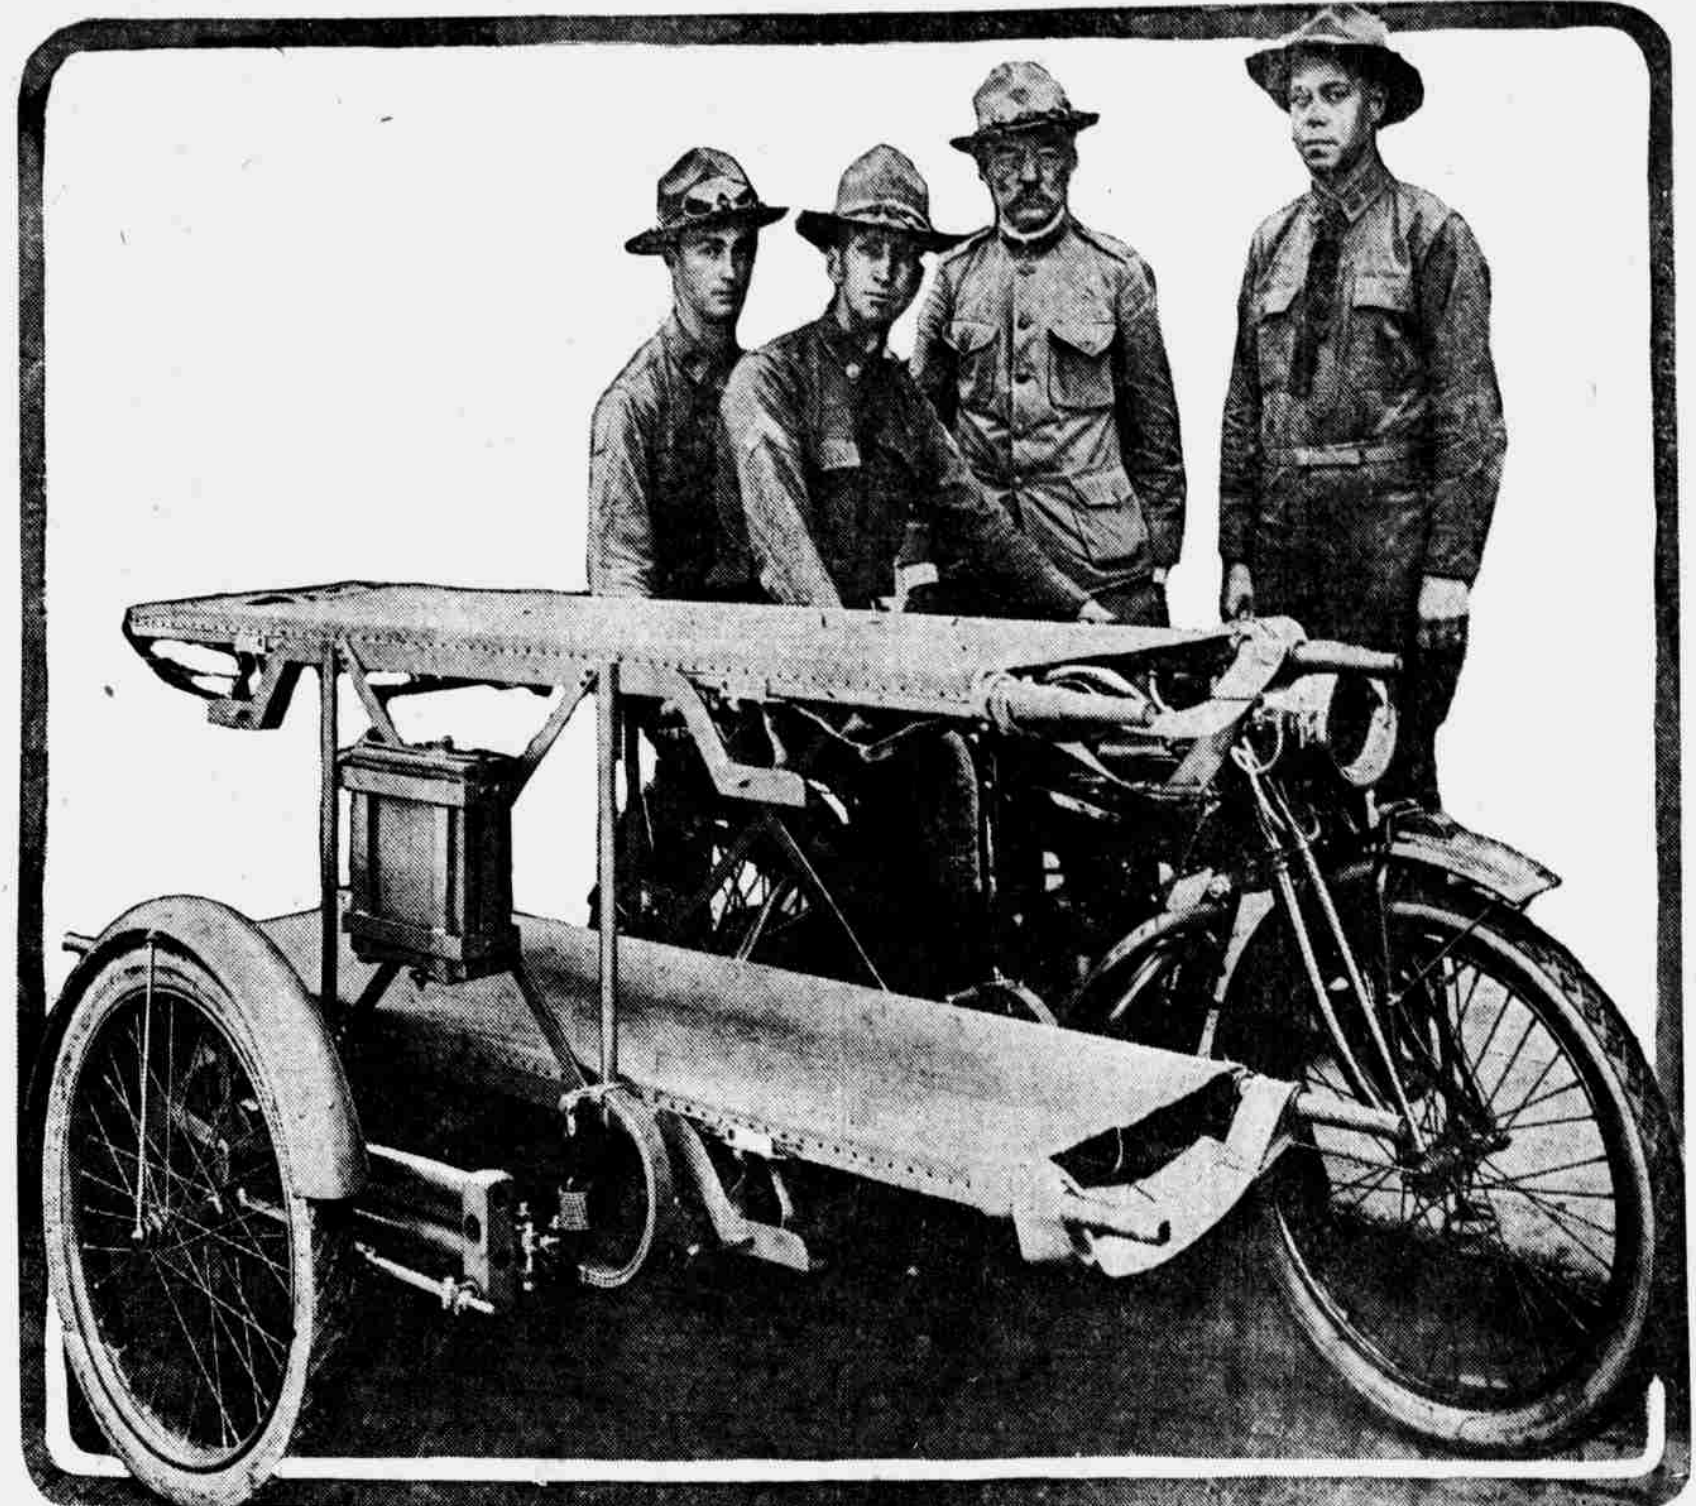

Liquor Hiddn at Bottom Of Crystal Lake Seized

(From a Staff Correspondent.)
Lincoln, Neb., July 31.—(Special.)—A new hiding place for booze illegally brought into the state, has been discovered by the Dakota county bootlegging experts of Governor Neville, who reported today that they had discovered 1,400 quarts of beer in the bottom of Crystal lake, near South Sioux City.

Chamberlain's Colic and Diarrhoea Remedy.

Mrs. Charles Palmer, Andrews, Ind., says, "Chamberlain's Colic and Diarrhoea Remedy has never failed to give me prompt relief. From my own experience and that of my friends and neighbors, I know it will do all that is claimed for it."

Fighting Fourth Has Up-to-Date Ambulance For Field Service, Gift of Patriotic Citizens

New motorcycle ambulance presented to the Fourth Nebraska by patriotic citizens of Omaha. Left to right: Private Suey, Corporal Murray, Major Birkney, Major Todd.

The Fourth Nebraska is now the possessor of a new Indian motorcycle ambulance, one of the only three of its kind in the United States. The ambulance is the gift of some patriotic Omaha citizens, who prefer to remain anonymous.

It is equipped to carry two wounded men and that it will see service at an early date is probable, for it will go along with the "Fighting Fourth" wherever and whenever it goes. "There are only two other motor-

cycle ambulances like this in the country," said Major Todd. "I felt one would be a valuable acquisition for our regiment and a number of Omaha citizens contributed to the fund. The cost was \$325. It will carry two wounded men and a driver."

Notes From Beatrice

And Gage County

Beatrice, Neb., July 31.—(Special.)—Harry South, who was recently brought back to Beatrice on a wife desertion charge, was bound over to the district court yesterday and furnished bond in the sum of \$1,000 for his appearance in court on November 1. The court ordered him to pay his wife \$15 a month until that time, which he promised to do. He has been working at Omaha as a buttermaker for some time.

John T. Huston, an old resident of Beatrice, died Sunday, aged 70 years. He is survived by a widow and seven children.

The directors of the Blue Spring Farmers' Elevator company held a meeting and received the report of the secretary, which showed that the company during the last year and handled 126,935 bushels of grain and after all expenses were paid had a net profit of \$12,131.85.

Mrs. C. H. Price, aged 49 years, died in this city Sunday morning. She leaves her husband and several children.

Benjamin McGrew, a resident of De Witt for the last forty years, died Sunday night, aged 80 years. He leaves a widow and five children.

The Beatrice ball club won from the Bruning team at Daykin Sunday afternoon.

Buffalo Drafted Men to Get First Notices Today

Kearney, Neb., July 31.—(Special.)—Men of Buffalo county who are to make up the first draft army will receive their notifications by mail Wednesday to appear for physical examination before the exemption board next week, Monday, Tuesday and Wednesday.

Three hundred will be called to meet the quota of the district, 146. It is thought here that not more than 50 per cent will be exempt. The men will come forward in groups each day, and if necessary to rush the work the services of additional physicians will be secured to make the physical examination.

The county officials are in daily receipt of many inquiries regarding the draft, the great majority seeking information relative to exemption.

Plan to Place Agents In All Counties of State

(From a Staff Correspondent.)
Lincoln, Neb., July 31.—(Special.)—Chairman Coupland of the food conservation committee of the state council of defense and Special Agent Fuller of the department of agriculture, conferred with faculty members of the agricultural college today, on placing agents in all of the counties of the state. Nine counties now have farm demonstrations: Box Butte, Dakota, Dawes, Gage, Kimball, Madison, Seward, Sheridan and Thurston. An appropriation of \$115,000 to put an agent in every county is contained in the food production bill now in conference in Washington.

Why Not Begin Now?

If the war should last a number of years everybody, old and young, will be forced to conserve the dimes and quarters. Why not begin now? At least the children should be taught to save their money and invest with the Omaha Loan and Building Association, 15th and Dodge streets, where it will earn compound interest. The association has a plan to induce grown-ups and youngsters to save money. It is unique. In connection with it is a beautiful metal depository which is very attractive to children and inspires them to save money. Call at the office and ask for full particulars.—Advertisement.

Saline Czech Alliance Will Have Picnic at Crete

Crete, Neb., July 31.—(Special.)—The National Czech Alliance of Saline county will hold a big celebration and convention of the pioneer Czech at Crete in Vavra's park. There will be a parade in the morning from Sokol hall and an interesting program will be given in the afternoon at Vavra's park. Prominent speakers, both in English and Czech languages will speak. Dinner lunches and refreshments

will be served at the park. Several thousand people are expected from different parts of the state. Donations are being made, both in money and foodstuffs. The proceeds of the day will go toward the fund which is being raised in many parts of United States by the Czechs to help the Czechs in Europe.

The following are officers of this league: President, Joseph Kuncl; vice president, Miss Agnes Aksamit; secretary, J. J. Elias; assistant secretary, Rudolph Masin; treasurer, Mrs. J. W. Sedlacek.

HIGHER WORKMEN RATES ARE UPHELD

District Judge Stewart at Lincoln Decides New Schedule Is Within Rights of the Order to Establish.

Lincoln, Neb., July 31.—Judge W. E. Stewart in district court here today ordered dissolved a temporary injunction restraining enforcement of increased rates of the Ancient Order of United Workmen, authorized by the national fraternal congress.

The injunction was secured on complaint that enforcement of the rates would compel older members to withdraw from the order.

It was announced appeal probably would be made to the state supreme court.

Suit against enforcement of the rates have been started in a number of states, it was said, but in other states already have been put into effect.

Order on Firm Footing.
Grand Island, Neb., July 31.—(Special.)—The finance committee of the grand lodge Ancient Order of United Workmen was in session today, transacting routine business. While in session it was advised by telephone of the decision at Lincoln dissolving the injunction against the national fraternal congress rates adopted in January at Omaha and the members felt much elated regarding the order again to be in absolutely safe channels.
