DRAFT BOARDS GET SET FOR BIG RUSH

Sundblad Finds Bulk of Men Caught in Lottery Are Married and Have Dependents.

PHYSICAL EXAM TO DATE.	Dis- trict.	Exam- ined.	Pass- ed.	Re-ex- amined.
First	19	12	7	7
Second	0	0	0	0
Third	0	0	0	0
Fourth	55	47	8	8
Fifth	34	29	5	5
Sixth	25	18	7	7
Totals	133	106	27	27

Exemption boards urge drafted men notified to appear for examination on the first call to come early and avoid the rush.

Men who appear voluntarily before any of the boards before examination days will be given the physical test, board chairmen announce.

The last of the week and the first few days of next week are expected to witness a rush that will tax the facilities of the six exemption boards in Douglas county.

All exemption boards would rather have drafted men appear for examinations as early as possible instead of waiting until the last minute, when physicians will be required to work day and night in order to keep up with the rush.

Figures of the six exemption boards show the bulk of men examined thus far are married.

Only a few single men have appeared.

Most married men have announced they will file claims for exemption.

Nearly All Married.

"From the talk of the men examined in our district it would appear as if most Omahans between 21 and 31 years old are married and have large families," declared Acting County Judge Sundblad, chairman of the Fourth district board.

"I've heard so much about 'poor, dependent wives,' that I've begun to think a lot of the young married women are cripples.

"From the talk of some of these young married 'bucks' one would deduct they are burning both ends of the candle and toiling constantly in an effort to keep a few crusts of bread in the family larder.

"It looks as if, should one of these married men cease work for even a day, their wives would be thrown into a cold world to starve."

In the Fourth district, however, several men were examined today who said they would not claim exemption.

All types of men appear before boards for examination. Huskies, who look as if they could eat three Germans every morning before breakfast, announce they will claim exemption, while human wrecks, who look as if a stiff Flanders wind would blow them away, seem anxious to fight.

Heavyweight Examined.

A 350-pound man was examined by the Fourth district physician Wednesday. He is six feet, two inches tall and towers over the man of ordinary size.

This individual is an ex-navy man and was intensely pleased when he was drafted. He had failed to obtain entrance to the navy or army, but had a "hunch" maybe the draft boards would take him.

"He would make good material, in my opinion," said Acting County Judge Sundblad, "but his weight will keep him out of the draft army. I felt sorry for the fellow. He wanted to get in so badly."

The Sixth, taking in most of the men from the rural districts, although handicapped with only one doctor, is working hard and examining the men as fast as they come in.

Most of the men from this district are in fine physical condition, but a good share will claim exemption because of marriage.

The slacker found in the Benson district was registered Wednesday.

COMMANDER OF FIFTH REGIMENT.

Lt. Col. A.A. HOLLINGSWORTH DOLE PHOTO

and will be put in the place of the first exempted man, Dr. Reed, chairman of the district said: "We will find a place for this man if we have to form a new regiment to accommodate him."

Third Starts Late.

The Third district is probably the largest district and no examinations have been given here at all. A request has been filed with the governor for four additional doctors so that the work can be put through faster, as about 170 men must be examined each day.

"The statement is not true," said W. G. Ure of the First district, that the men are claiming exemptions as a general thing. "A large number of the men in this district are anxious to fight."

"One fellow was rejected because he had only two teeth in his upper jaw. Why, the fellow was nearly heart broken."

Another remarked: "I want to get into this quick. No one is dependent on me and if the United States won't let me fight I am going to join the Canadians."

About 60 per cent of the men examined in the Fifth district will ask exemption, according to C. W. Foster, chairman of the district. At least they have asked for papers to file.

"We will examine men tonight at the army building," said Mr. Foster. "They can get in touch with me at the court house or by calling Douglas 1267."

"We find many things to encourage us as the examinations proceed. I received a letter today from an Omaha man who has moved to Idaho. He says he will not claim exemption on any ground, but is anxious to fight. He writes to find how he may be transferred to the Idaho district that he may get in without delay."

Master Bakers to Stage Real Old-Fashioned Picnic

The Master Bakers club will hold their annual picnic at Elmwood park Thursday afternoon, August 23. It will be an old-fashioned picnic with all kinds of events for the women and children, a fat man's race, a ball game between the master bakers and the helpers. Families and friends of the master bakers will attend this old time basket picnic where ice cream and lemonade will be served free. The committee in charge of arrangements are F. B. Martin, Charles Ortman and Charles Frenzer.

STOP FUTURE TRADE IN SEPTEMBER CORN

Speculators Given Ten Days to Close Deals at Price of \$1.03 Per Bushel.

The Clearing House association of the Omaha Grain exchange has eliminated all future speculation in September corn. It has ruled that henceforth no trades will be accepted except to close existing contracts. By resolution the Clearing House association has held that all members

of the Omaha Grain exchange with short open trades in September corn are given until the close of business August 10 to settle at \$1.03 a bushel, providing they signify their intention to do so. If they fail to do so signify the failure will be construed to mean that delivery is contemplated. Failure to make delivery as provided for by the rules of the exchange will result in a settlement of the September trades at \$1.63 cents a bushel, the maximum price.

What receipts today were six carloads and prices were up 2 cents a bushel, the grade stuff selling to \$2.80.

Corn was up 1¢@2 cents, going to \$2.27@2.38, with the receipts at sixty-seven carloads.

Oats advanced a cent to a cent and a half, selling at 72¢@75 cents a bushel. Receipts were twenty-four carloads.

Entire Fourth Expected To Gather at Fort Crook

The entire regiment of the Fourth Nebraska will be in Fort Crook, it is expected, by the last of this week. Companies G, D and K, the supply company, sanitary detachment, machine gun and headquarters companies have been at the fort for some time now, several since spring. The remainder have been on guard duty over the state, where it was thought elevators and bridges might be in danger. As soon as the whole regiment is assembled it will be sent to Deming, N. M., probably for training. The men hope to get into action in Europe before winter. "We want to be doing something," they all say. "We can't stand this waiting much longer. We would far

rather be out on the battle line fighting for Uncle Sam."

At Grand Island, Ashland, Rulo, Columbus and Belmont the troops are expecting orders to report to Fort Crook any time.

Harry Collins is Pinched Again by Federal Officers

Harry Collins, colored, proprietor of a pool hall at Thirteenth and Day streets, was arrested by Deputy United States Marshal Quinley on the charge of selling morphine. Collins was out on bond awaiting action by the federal grand jury on another similar charge. On this second charge he waived preliminary hearing and was bound over to the grand jury under \$1,000 bond, in lieu of which he went to jail.

OMAHA RAILROAD BOARD ORGANIZES

Ballard Dunn of Union Pacific Elected Chairman of the Local Branch of Railroad War Board.

The Omaha branch of the railroad war board of the Council on National Defense has perfected its temporary organization by the election of Ballard Dunn of the Union Pacific as chairman. Committees to take up the work will be named by the chairman at a meeting to be held soon.

The meeting at which the local branch of the railroad war board organized was held this morning and was attended by representatives of all roads centering in Omaha. There was no delay in getting busy and it was decided to get in line to co-operate with the parent board in every way.

While the Omaha branch of the board will originate from time to time, its principal aim will be to assist the Council on National Defense in working out transportation problems, both freight and passenger. The board also will co-operate with the Nebraska public welfare commission in conservation in the handling of grain, foodstuffs and fuel, offering and accepting suggestions on all matters coming within the scope of its powers. Members of the local board will immediately inaugurate a campaign that will have for its purpose the conservation of railroad equipment, especially freight and coal cars. It will get in touch with shippers of Nebraska and will urge upon them the necessity of loading cars to capacity in the shipment of all commodities. It will also urge that there be as little delay as possible in handling cars and impress the importance of preventing accumulation at points where they are not needed.

Ask Anyone Who Has Used It.

There are families who always aim to keep a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house for use in case it is needed and find that it is not only a good investment, but saves them no end of suffering. As to its reliability, ask anyone who has used it.—Advertisement.

Our Third Annual August SALE OF FURS
Affords Saving Possibilities of 20 to 33⅓% Under Prices Later This Fall

THE sole reason for a great fur sale in August is the possibility of large economies—and that reason justifies this very extraordinary offering.

Months of planning and preparation have been given to this sale—co-operation with leading furriers familiar with the large disposal of fine furs which we have made through previous summer sales.

We commend the offering as an exhibition of particularly high grade, fashionable furs, as well as an opportunity for economy.

Every piece represented had to be proved worthy of the Burgess-Nash guarantee of quality, to insure the entire satisfaction of every customer. Therefore, you may be sure that every fur piece sold will be exactly as represented, and

Back of Every Piece of Fur Sold is the Burgess-Nash Guarantee of Quality, Authenticity of Style, and Thoroughly Satisfactory Wear.

Furs Stored Till Nov. 1

Should you desire, you may make your selection and we will carefully store them for you until November 1, upon payment of only 25 per cent of their value. You thus not only secure first choice from our large stocks, but take advantage of these extraordinarily low prices, without the necessity of making full payment for the furs until they are actually needed.

Burgess-Nash Co.—Second Floor.
