

OMAHA DAIRIES MAY GO OUT OF BUSINESS

Prohibitive Prices for Feed - Lead Owners to Say They Will Sell Their Cows and Horses.

Dairymen in the vicinity of Omaha are talking of selling off their herds and going out of business during the fall and winter and Omaha may face a serious situation in regard to milk supply.

While the housewife complains when milk goes up a cent the dairyman complains because grain and fodder for the cows goes up several dollars.

Until the last few days the milkmen were selling nine quarts of milk for a dollar. They have raised to eight quarts for a dollar and are saying that in a very short time they will be giving but six quarts for a dollar, which will be at the rate of 16 2-3 cents a quart.

Cannot Buy Corn.
"I can't buy an ear of corn for love or money," said Fred Johnson, proprietor of the Crown dairy, 2212 South Fortieth street. "I believe if I were willing to pay \$100 a bushel I could not find a bit of ear corn in town. Hay has gone up so high that I can't afford to buy it through the winter for the money I will get out of the milk."

"I have decided what I will do when fall comes. I will sell my herd, with the exception of two or three cows, and at the same time I will sell my horses. I can't afford to keep horses on this high-priced feed to make my deliveries. People who want milk will have to come out to the dairy and carry their own milk as far as it will go from the two or three cows I will keep. I will not sell the cows right away, but probably in the fall, for we cannot afford to keep them over winter at the present price of feed."

Mr. Johnson says he believes many of the other dairies will do as he plans to do in the fall.

U-Boat Engages Tanker In Running Battle

An Atlantic Port, Aug. 3.—An American tank steamship, loaded with gasoline, was engaged in a running fight with a German submarine on July 10 when near the French coast and escaped destruction by superior speed after a torpedo had been launched and two one shots had been fired from the U-boat's deck gun, according to officers of the vessel on arrival today.

The submarine appeared after the wake of the passing torpedo had warned the Americans of the presence of an enemy. From a position several miles astern the bombardment took place, but none of the shots reached a mark. The American gunners on the tanker fired sixteen shots in return, but without results, so far as could be ascertained.

Hawaiian Wife of Private At Fort Attempts Suicide

Annie Williams, wife of Private Williams of the quartermaster's corps at Fort Crook, attempted to commit suicide Thursday morning by drinking half a pint of iodine. She was taken to the sanitary hospital at Fort Crook, where first aid methods effected her recovery.

Gompers' Stand on Labor Conference Endorsed

London, Aug. 3.—The cable message from Samuel Gompers, head of the American Federation of Labor, to M. Jouhaux of the General Federation of Labor and W. A. Appleton of the General Federation of Trade Unions, refusing to participate in the international socialist conference, is welcomed by the Post. In an editorial the Post describes Mr. Gompers' message as admirable in sense and delivered with admirable emphasis, adding:

"Once again the allies have to thank America for timely lead. While our ministers haven't the courage to act on their conviction, Gompers has. Assuredly an international conference without America would be too feeble to justify any further cringing to Ramsey MacDonald and his confederates."

Johnson County Lumberman Dies Suddenly at His Home

Broken Bow, Neb., Aug. 3.—(Special Telegram.)—J. H. Melville, for many years a resident of Johnson county and one of Nebraska's well-known lumbermen, died suddenly at his home in Broken Bow Friday morning. Interment will be made in Sterling pending the return of his son George, who is in the hospital corps of the navy.

OMAHAN BECOMES PERSHING'S AUTO DRIVER—Eddie Rickenbacker, the famous automobile driver, who has become the driver for Major-General Pershing, commander-in-chief of the American forces in France.

Will Sell Pet Kittens to Raise Money for the Blue Cross Fund

FRANCES JONES.

Little Frances Jones, daughter of Dr. and Mrs. Newell Jones, 5117 Underwood avenue, will sell two of her little Persian kittens to the benefit of the Blue Cross fund.

The French minister of war has sent out an urgent appeal through the Blue Cross for hospitals and ambulances to take care of sick and wounded war dogs. There are 10,000 of these dogs, a large proportion of them colliers, faithfully and efficiently doing their bit in the war zone and saving the lives of hundreds of humans daily. Owners of colliers and collier kennels all over the country have responded to the war minister's appeal in various ways. It takes only \$300 to equip a war dog ambulance, so that dog fanciers expect to raise enough money for at least one ambulance, which will bear the name, "The Colliers of America Ambulance."

HERE IS A NEW ONE

When John D. Rockefeller was a lad his first money was earned by digging potatoes. When he had accumulated \$50 he put it to work and thus got his first lesson in the earning power of money. He got his start by saving the dimes and quarters. To this fact is due his early success in business. Any person, old or young, can get a start in the same way by buying shares in the Omaha Loan and Building Association, paying from \$1 a month up. These savings yield compound interest at a rate not less than 5%. The Association is distributing metal banks under a unique plan of great interest to children and adults. Call at the office, 15th and Dodge, and ask about it.—Advertisement.

BEAR SCARES OMAHA TEACHERS AT CAMP

They Flee in Night From Mountain Home and Find Safety in Shack of Other School Ma'am.

Myra Reddan and Freda Christensen, clerks in the offices of the superintendent of public schools and the secretary of the board of education, respectively, are shaking hands with each other every time they meet.

The reason of these congratulatory expressions dates back to their vacation period spent at Manitou, Colo. They have just returned to their work and are telling thrilling tales of their experiences one dark night when they were lost in the mountainous country near Manitou.

They rented a cottage on a mountain side and intended to get as far as possible from the "madding crowd." Nightfall of the first day of their cottage life found them busy with domestic activities. The night was very dark, they relate. A noise at the kitchen door frightened them. Miss Christensen looked out of a window and told her companion she believed she saw a bear trying to get in. Miss Reddan grew frightened. "If Myra had not become frightened I don't believe I would have been scared, but both of us were much disturbed," said Miss Christensen.

They decided to leave their cottage by the front door and seek a neighbor. They wandered on and on like babes in the woods, holding hands and every sound being intensified by their imaginations. They lost the trail. No beacon light was in view at first, but after a while they noticed a light toward which they directed their steps. The light was on top of a foothill and the way was uncertain, over cactus and other obstructions.

Reaching the house with the light, they knocked trembling at the door and were greeted by two young women who bade them enter.

The refugees learned that their hosts were Gertrude and Stella Holmes of the Omaha public schools. The next morning the young women all went to the deserted cottage and discovered that a bear had taken a package of cooked meat which had been hung near the kitchen door.

First Pushmobile Contest At Miller Park This Sunday

The first pushmobile contest of the season will be held Sunday at 3:30 p. m. in Miller park, under direction of Superintendent Isaacson

The Bee's Free Milk and Ice Fund

It's inspiring to see people giving money to protect the lives of helpless babies whom they probably will never see. This unselfish spirit inspires the contributors to The Bee's fund.

The Bee is proud that every cent of these contributions goes to buy pure milk and cooling ice for the babies of the very poor. The devoted visiting nurses investigate the cases and determine where the money shall be spent. Not one cent is wasted or spent for any other purpose than milk or ice for these little ones.

Your money is EFFICIENTLY spent for a most DESERVING cause when you contribute to this fund.

Bring or send any sum from 10 cents to \$5 to The Bee office.

of the board of public recreation. Residents of that park district have offered prizes for the pushmobile contestants.

Women Love Babies

It is woman's nature to naturally respond to the charm of a pretty child. Who does not admire babies? The longing to possess a baby is often outweighed by the inherent fear of the period of distress. There is a most wonderful external preparation known as "Mother's Friend."

It is a safe external massage which relieves pain and discomfort at the crisis; makes elastic those fibers and muscles which nature is expanding; and wonderfully soothes the inflammation of breast glands.

It enables the expectant mother to preserve her health and strength, and she remains a pretty mother by having avoided the suffering and danger which would otherwise accompany such an occasion. Every nerve, muscle and tendon is thoroughly lubricated. Get a bottle today from the Bradfield Regulator Co., Dept. G, 43 Lamar Building, Atlanta, Ga. They will mail you an intensely interesting little book, "Motherhood and the Baby." The book is free. Every woman should herself aid nature in her glorious work. "Mother's Friend" makes it possible for you to do so and should be used regularly without fail night and morning.
