

HAPPENINGS OF THE SOUTH SIDE

Two Small Children Are the Guests of Honor at the Local Police Station.

Blanche Fish, 3506 W street, a lisping girl of 2, and James O'Connor, 4018 Polk street, were guests of honor at a party in the South Side police station yesterday afternoon.

The children were found wandering across the bridge at Twenty-sixth and Q streets. Officer Robey, realizing that it was a dangerous place for lost babies, took them to the station.

The little girl had evidently run away while her mother was dressing her, for she was barefooted and bare-armed. A petticoat, that might have served for a doll, was pinned around her.

Each child had an apple, green, half eaten and dirty, clutched in its hands. They sat in the police station and looked at everyone, a little scared and very wistful. Captain John Briggs, of the machine gun company of the "Dandy Sixth" could not withstand the glances. He picked up the boy and put him on his lap.

"Don't you be afraid, sonny," said the captain. "Now tell us your name."

"It's James," answered the boy. The little girl after much questioning, whispered that "My name is Blanche."

And so Blanche and James sat in the police station and munched their green apples.

"Those apples will make them sick," worried the police, so they brought ice cream, for which the guests gladly traded their apple cores.

"James, is Blanche your sister?" asked the captain.

Both children shook their heads vigorously.

"Oh, I see, it's an elopement," laughed Desk Sergeant Smith.

After the formality had worn away James told his friends that his papa's name is Connors and Blanche lisped that her mamma's name is "Mith Fiths."

The "party" over, the police located the children's parents and the two little folks were taken home.

Fund Raised for Company D.

Citizens of the South Side have contributed \$158 for the boys of the South Side company D of the "Dandy Sixth" Nebraska. The money will be used for a mess fund, so that the boys can have a few extra "cats" now and then in addition to the regular field rations. Those who have contributed are:

Packers National bank, Live Stock National bank, Stock Yards National bank, C. L. Pauley, J. C. Healey, T. J. Thomas, F. J. Hermansky, F. Kozlowski, John Laukas, Fred Kremd, Dal J. Will Have to Replevin Liquor.

Because officers searched their homes without warrants, Police Judge Madden ordered liquor taken from Dan and Mary Covry and George and Mary Such, 5320 South Twenty-eighth street, and Dan Filph, 2423 P street, to be returned to them.

Chief Dunn advised Captain Briggs to hold the liquor. The defendants will have to institute replevin proceedings in district court to recover their property. Captain Briggs said:

"No, I'll not give up the liquor. We'll see what can be done about it."

He said that there is probably \$20 worth of liquor, adding: "It will make it hard for us to enforce the law if we cannot enter a home where we know the law is being violated without waiting to get a search warrant."

No Excuse for Poor Milk.

"There's absolutely no excuse for the Omaha dairymen, who were fined recently for selling inferior milk, saying that the heat and the flies caused the cows to give poor milk," said a stockman.

"Two men can spray forty to fifty cows in about five minutes," he continued. "A good spray mixture need not cost much and it will keep the flies from cows and thus increase milk production."

"Here's a mixture that those milk dealers could use to advantage, one and one-half quarts of coal tar dip, one quart oil, and one quart oil of tar. Mix this in ten gallons of luke warm soft water in which has been dissolved one-pound of laundry soap."

Missouri Valley Man is Nabbed on Four Charges.

Drunk, violating the light ordinance, exceeding the speed limit and illegal possession of liquor are the charges against Vern Hydel of Missouri Valley, who was arrested Friday evening by Officer Risk. A man and two women were with him on his joyride.

An empty half pint bottle and a full half pint bottle of whisky were found in the car.

Hit by Auto Truck, but Is Only Slightly Injured.

Jake Ba, 1804 North Eighteenth street, was struck by an automobile of the Waterloo Creamery company at Eighteenth and Webster streets as he alighted from the back of a wagon and started across the street.

William Schneider, the driver, took the man to his home, where his injuries were pronounced slight. Schneider was not arrested.

Police Judge Warns Boys.

A flood of tears, a shake or two of the head, and a few incoherent sentences, was all the testimony that the South Side police court could get from John and Frank Zelinski, two

Only Few Employes of Postoffice Will Be Exempt From Army Draft

(By Associated Press.) Washington, Aug. 4.—A ruling issued yesterday by the Postoffice department shows that department officials will make few requests for the exemption of postal employes from military service.

Postmasters are instructed not to ask exemption for carriers or laborers or for clerks in second class offices below the \$1,000 grade, clerks in first class offices below the \$1,100 grade, or any above these grades unless they are qualified distributors of mail.

The ruling is the first formal action by an executive department in compliance with President Wilson's order directing that department officials indicate exemptions and that the requirement of indispensability be rigidly enforced.

As generally construed the postal ruling shows the purpose of the administration to make the government

departments leaders in freeing valuable employes for war service. The entire mail carriers' force, numbering thousands of men of whom a considerable percentage are within the draft age limits, is excluded from exemption except for physical reasons or because of dependent families. Every portion of the country is reached by the ruling as even the rural carriers are included.

The department's ruling leaves railway mail clerks within the exemption classes as they are highly specialized distributors.

Provost Marshal General Crowder took steps today to reduce the number of exemptions because of dependent families. Instructions were sent to the governors of all states pointing out that the minimum pay of soldiers is now \$30 a month and that local boards must consider whether a man's dependents could not be supported on that amount.

ANOTHER CABINET CRISIS IN RUSSIA

Accusations Against M. Tchernoff Cause Resignations of Ministers; All Reconsider, Save One.

(By Associated Press.) Petrograd, Aug. 4.—Premier and War Minister Kerensky and all the other members of his cabinet except Vice Premier Hekrasoff resigned tonight. Later, with the exception of M. Terestchenko, the foreign minister, they withdrew their resignation.

The action of the cabinet resulted from accusations against M. Tchernoff, minister of agriculture, and a complete break down of the negotiations to bring the constitutional democrats into the cabinet.

M. Tchernoff was accused of having been connected with the German general staff.

A last attempt will be made to reconstruct the ministry under Premier Kerensky with the chief new members being exclusively from the socialist and radical parties.

Petrograd, Aug. 3.—M. Tchernoff, a socialist, has resigned.

In a letter to Premier Kerensky, M. Tchernoff said he was resigning to obtain freedom of action in order to defend his character against the calumny that he had been connected with the German general staff.

The government accepted the resignation at the same time expressing the conviction that M. Tchernoff will succeed in rehabilitating himself.

Two Hundred Miners Entombed by a Gas Explosion at Clay, Ky.

Clay, Ky., Aug. 4.—Two hundred miners are entombed in mine No. 7 of the West Kentucky Coal company here as a result of an explosion of gas at 7:30 this morning. Three men have been rescued. Smoke is emerging from the mine.

The explosion, it was said, occurred in the south end of the mine, where negroes largely were employed. Debris, it was stated, choked the passageway to the north end, where the remainder of the force, including forty white men, were at work.

An unofficial check of the number of men entombed in the mine made at noon today indicated the number to be something less than 175. Forty-six had been brought to the surface alive, together with four bodies, including that of Charles Wallace, mine foreman.

Fire, which followed the explosion, raged for several hours and, though it is now thought to be extinguished, the presence of "black damp" has made further rescue work impossible pending the arrival of a mine rescue car from Evansville.

Presbyterians to Put Enlisted on Honor Roll

New York, Aug. 4.—The pastor of every Presbyterian church in the United States was asked today to prepare a list of the young men of his congregation who will enlist in the military service and to hoist it in his church as a roll of honor.

The request was made by Rev. Dr. David G. Wylie, chairman of the committee on co-operation of the national service commission of the denomination.

Dr. Wylie also sent a letter to each clergyman urging the appointment of congregational committees to assist the commission in its co-operation with the government during the war.

The commission already has pledged the Presbyterian church to one wheatless and one meatless meal each day and approved the project of a weekly report card on food saving among the members of the church.

Bryan Addresses Student Officers at Indianapolis

Indianapolis, Aug. 4.—No audience in his career was ever more inspiring than that which heard him tonight, William Jennings Bryan, former secretary of state, told more than 13,000 persons, mostly soldiers, gathered on the parade ground at Fort Benjamin Harrison.

Student officers, regulars, recruits and civilians comprised the audience. Mr. Bryan's visit was arranged through the war recreation bureau.

William Howard Taft, former president of the United States, will address the student officers at the post tomorrow.

Twenty-Four Lives Are Lost on Steamer Motano

London, Aug. 4.—Eight naval gunners were lost when the American tank steamer Motano was sunk by a submarine. Sixteen members of the crew also perished.

The Motano, of 2,750 tons gross, was sunk by a German submarine on July 31. It was announced from London on August 1 that twenty-two survivors had been landed.
