SOUTH SIDE

SEVENTEEN OUT OF 96 WILLING TO GO

Boiling Pot of the South Side Exemption Board Bubbles Busily, But Few Patriots Are Brewed.

The boiling pot of the South Side exemption board bubbled busily all day Monday but, if exemption is granted to all who ask for it, only seventeen soldiers were brewed for the United States army out of the ninety-six men examined. Fifteen men were rejected and sixty-four claim exemption.

It was a motley crowd which gathered in the lobby of the city hall to wait their turn. Japs, Poles, Slavs, Danes, Russians, Roumanians, and Bohemians all waited soberly. The doctors found that some men were faking poor hearing or defective eyesight and so they devised new schemes to use in testing them.

Two big fellows showed scars several years old which they contended should bar them.

"Battle scars are what you fellows need," growled a patriotic bystander.

Aliens Claim Exemption

Twelve aliens claimed exemption because they are supporting members of their family who are still in the old country. Some of them are legitimate claims, but four of them after much questioning, admitted that they had not sent any money to Europe for two years.

One fellow asked for exemption and J. J. Breen, chairman, handed him some blanks. He waved them about wildly and shouted that he had gotten out of it, he didn't have to go to war.

Two Irish lads, Edward McGimpsey and J. M. Laughlin asked for exemption at the time they were examined but they came marching back in a short time and said that they had changed their minds, they would not claim exemption.

The exemption board is anxious to quit work at 6:00 o'clock promptly each evening and the packers have made arrangements to let all of their men who are to be examined, go early and will not dock their pay for the loss of time.

Stock Yards Head Denies

Water Was Sold to Packers "We have never sold the packers a spoonful of water," said Everett E. Buckingham, vice president and general manager of the Union Stock Yards.

"According to the ruling of Federal Judge Munger in Lincoln last week, we will not be allowed to sell the packers water from our plant. This action makes the municipal plant a monopoly.

"The stock yards water is the best in the city. Our wells are deep and the water is well filtered. It is absolutely pure."

Mr. Buckingham said that they have a great deal of surplus water.

A great many of the packers have their own wells.

Cudahy's have their own wells which furnish about 75 per cent of the water they use. The municipal plant furnishes the remaining 25 per cent.

R. C. Howe, general manager of Armour's said:

"Since we have never purchased water from the Union Stock Yards company, the recent decision of Federal Judge Munger has not changed the situation here. I do not know yet what plans we shall make in regard to our water supply."

Stryker Finds Reporters

Have Strong Honor Code

"I was in Washington at the time Elihu Root and his party left for Russia," said A. F. Stryker, secretary and traffic manager of the South Omaha Live Stock company. "And I knew the date they left, the name of the port and all about it. A newspaper man told me."

"It is wonderful what a strong sense of honor a real newspaper man has. They are in touch with almost all of the big happenings. It is a rare thing for one of them to leak anything that he has been asked not to tell. The president and the big officials call those fellows into their private offices and tell them the government's secrets. Then they say,

"Now you see how it is, but we don't want it used, and it isn't used. I don't believe one fellow a year leaks anything that he has been put on his honor not to tell."

Burglars Take Jewelry

From Home of F. J. Englen

While the F. J. Englen family was away from home Monday afternoon, burglars entered the home at 4526 South Nineteenth street, and stole jewelry to the value of \$175.

The burglar gained entrance to the house by the use of a pass key. The entire house was ransacked. They stole a ladies' diamond ring, one-half carat set in platinum; an emerald set ring with six small chip diamonds, a small silver watch, a gold locket, a bracelet, a silver plated coin purse, and a rosary of green stones on a gold chain.

Neighbor boys saw two men who had been distributing circulars in the neighborhood. One was a slim fellow about 45 years old, dark complexioned and slightly grey. They did not see his companion well enough to give a description of him.

Gets Drunk on Whisky

Belonging to His Partner

"Oh, I see; your partner drinks the whisky and you get drunk," said Prosecutor Anheuser to Frank Joseph, Thirty-third and L streets, who was charged with being drunk, but said he didn't have any whisky, his partner did.

Joseph is a Lithuanian. He admitted to his interpreter that he had had one drink.

"It must have been a man-sized drink," commented the officers who had made the arrest.

Mike Suporowski, 3414 J street, was arrested for drunkenness and disturbing the peace. He said he got the whisky in his room.

Both men were fined \$10 and costs.

"Don't you all worry none about me, I won't never be back," reassured Walter Jones, colored butcher, who was charged with assault and battery and whom Police Judge Madden had given a suspended sentence of ninety days on condition that he would leave town at once and never come back.

Bilious Attacks. You wonder what upset your stomach. Never felt better in your life yesterday—now you have a bad bilious attack. Cure that first, then look for the cause. Keep quiet, abstain from food for one day, take three of Chamberlain's Tablets. Drink plenty of water. This will clean the fermenting food and bile out of your stomach, tone up your liver and move your bowels. You will soon be all right again. If you have these bilious attacks at irregular intervals abstain from coffee and red meats and you may avoid them.—Advertisement.

The board approved an appropriation of \$33,500 for reorganization of the heating and power plant at Central High school. This plant will serve the Central grade school and the proposed new High School of Commerce.

T. P. Reynolds, president of the Central Labor union, urged the board to direct its superintendent of buildings to recognize the union scale of wages in employment of painters and decorators. It is alleged that 55 cents per hour is being paid, while the union scale is 62½ cents per hour.

Alleges Violation of New State Dry Law

County Attorney Magney, on relation of the state of Nebraska, has filed injunction suit in district court against John Sambo and Lewis Swanson, alleged proprietors of a former saloon on Sherman avenue, and Lenora H. Reynolds, owner of the building. The county attorney says he has evidence liquor has been sold in the place since prohibition went into effect. The court is asked to enjoin the alleged lessor and lessees of the place from operating.
