

MANY IN FIRST ARE EXEMPT FROM DRAFT

State Exemption Board is to Begin Passing on All the Cases Before It on Tuesday.

Washington, Aug. 13.—Provost Marshal General Crowder announced today that 30 per cent of the men drafted for the national army would be called to the colors September 5, beginning movement on that day; another 30 per cent on September 15, and the remaining 10 per cent as soon thereafter as possible.

Twice the number of men originally named will be called for the examinations in the first district. A large number of the men were exempted by the board's doctors and, in addition to this, there are an exceptionally large number of exemptions that have dependents. The men from 397 to 800, inclusive, will now be called.

Contrary to other reports, all of the districts will not call for more men. It is thought that most of them will be able to support their quota within the original lists.

All of the boards are now working overtime examining their lists to get them in condition to give the exemption. As yet only one board has taken up any of the claims, this being the Benson district. Fifty claims a day are being taken up by this board.

The South Side has also announced eighty-three men called for service. These men have passed their examinations and have filed no claims for exemption. The list follows:

Table with columns: Name and Address, Order No. List of men passed who have claimed no exemptions to date.

Omahan Registered in China.

T. E. Brady of the Fourth district exemption board is puzzled over what to do with a registration card which was sent to his district from China. The card is in the name of Shelley P. White, formerly of this city, residing at 1723 Park avenue. He was transferred by the American Express company and is now working for them at Hong Kong, China.

The board convenes for regular work Tuesday morning and will take up all of the claims of the men of their district as fast as they are brought before them.

The board adjourned on Saturday and since that time the members have been at their homes.

M. C. Peters Wants to Use Part of B Street for Mill

M. C. Peters appeared before the city council with a request that the milling company of which he is head be permitted to use a portion of B street at Twenty-sixth street for extension of the business.

WAR POSTERS TO BE SOLD FOR RELIEF

Large Collection Now in Omaha Being Shown in Brandeis Stores Windows.

Eight hundred war posters, replicas of the enlistment posters scattered over England and France at the opening of the war, will be sold in Omaha this week for war relief. Dozens of the posters are exhibited in Brandeis Stores' windows pending arrangements for the complete showing in some downtown auditorium.

Two-thirds of the proceeds revert to Belgian refugees in England to purchase yarn that they may knit, the other third will go to the comfort kit section of the Omaha Red Cross.

Tell Tales of Suffering. The posters are poignant in the tales of suffering they depict. Many of them are copies of works from the brush of such eminent artists as Maurice Chabas, Jacques Touchel, Florent Menet, Bernard Naudin and L. Leandre.

Some are already out of print and will increase in value after the war. Fifty cents to \$30 is the range in prices.

A collection of Red Cross nurse dolls, soldier dolls, soldiers' testimonials bearing an inscription from Lord Roberts and speeches of Lord Kitchener are included in the display.

DAY FOR SUPERMAN FOR WORLD WORK

Great Task of Regeneration is the Part He Must Take in the Future Problems of Mankind.

A Place in England, July 16.—(By Mail)—British admiralty authorities are convinced that the day of the superman has arrived and that the part he is to play in ending the war and regenerating the world cannot be overestimated.

A representative of the Associated Press who was permitted to visit a great training school as the guest of the foreign office, obtained an insight into the remarkable change brought about in the British viewpoint during the last three years.

The British not only are putting forth all their energy in further perfecting their fighting forces, but are actually and earnestly devoting themselves to the development of their youth in a manner calculated to fit them for any and all eventualities which may arise in the years to come.

Britain, to Turn Scales. If the Germans cherished the idea of eliminating Britain as a world power, Britain, it is said, far from being beaten, now sees with a clearer vision than ever before and is preparing to turn the scales against its adversary in such a way as they may never again swing back.

"Use your eye and your brain," is the new British watchword which is sent on by Mrs. Fiske Warren of Harvard, Mass.

HARDING IS APPOINTED TO PORT SNELLING.

JOHN E. HARDING.

John E. Harding of Company B, Sixth Nebraska, is appointed to the officers' training camp at Fort Snelling.

being instilled into the British youth with all the force at the command of his superiors.

"We are training our men to believe in themselves," said the general commanding the school. "Each must not only feel that he is better

equipped physically and mentally than his antagonist, but he must be able to demonstrate it. That is the lesson we have learned from the world war."

The message the British would impart to their American allies was summarized as follows: "Train your young men to be physically and mentally strong; train them to think for themselves—make them supermen, in the modern sense—and the world will be made safe for democracy."

Three Omaha Boys at Riley Are Commissioned Officers

Three Omaha boys who have been students at the Fort Riley, Kan., training camp were given commissions as second lieutenants. They are Hal Brady, Milton Peterson and Frederick A. Dahnke.

Commissioners awarded at Fort Niagara, N. Y., include John T. Dyke, Indianapolis, Ia., first lieutenant.

Commissioners awarded at Leon Springs, Tex., include Lewis L. White, Volga, Ia., captain field artillery, O. R. C.; Thomas Ellsworth Martin, Melrose, Ia., second lieutenant infantry, O. R. C.

Commissioners awarded at Madison Barracks, N. Y., include Robert A. McBain, Nodaway, Ia., captain.

Police Locate Bottle Of Booze in Automobile

A. R. Burnham, 1728 Sahler street, was discharged on a complaint of having intoxicated liquor in his possession. The liquor was found in his automobile standing at Thirteenth and Douglas streets.

Wants \$10,000 Because He Was Thrown from Berth

Alleged injuries suffered when he was thrown from a Pullman berth on the Northwestern railroad enroute from Omaha to Chicago, are appraised at \$10,000 by Maurice K. Over, who is suing the railroad and the sleeping car company in district court. Over says the accident occurred May 26, when the car in which he was riding rounded a curve.

Naturally— United States 'Royal Cord' Tires Were Used on World's 24-Hour Record Car 1898 Miles in 24 Hours

Few people believe that any tire could live through much more than an hour or two of such terrific speed with the thermometer over ninety degrees. "Friction-heat plus atmospheric-heat," contend the doubtful ones, "would be too severe a combination for anything made of rubber and fabric." But in spite of all this—on August 1st at Sheepshead Speedway, a Chalmers stock chassis driven by "Joe" Dawson was started on its way to lower the world's 24-hour record—and succeeded. The car was equipped with the tires known as the "coolest running" tires in the world—the United States 'Royal Cord' Tires. They were selected by the driver, after a comparative test, as the fastest of the cord tires tested. If the tires had failed to live up to their great reputation, it would have been practically an insurmountable handicap for the car. But—with the car averaging the terrific pace of over 79 miles an hour for the whole 24 hours, —with the thermometer averaging over 90 degrees, at times 'way over 100 degrees, —the United States 'Royal Cord' Tires stood up to their work so thoroughly as to make this amazing record a fact. If a tire will stand up under such abnormal strain as this, —what will it do for you under normal conditions? If you want to "forget tire trouble" and get real tire economy, put United States 'Royal Cords' on your car.
