FEDERAL MEN AFTER GAME LAW VIOLATOR

Four Deputies Representing Government Now in Nebraska to Assist Wardens.

(From a Staff Correspondent.)—Lincoln, Aug. 15.—(Special.)—Violators of the fish and game laws will be up against a hard proposition after today. Besides the six deputies working under chief Game Warden George Koester, R. P. Holland, government inspector, was here yesterday and informed Mr. Koester that four deputies representing the government would begin work today, assisting in locating violators. With the state and government agents on the trail it stands everybody in hand to keep within the law.

The work the state wardens are doing is shown by the following prosecutions under date of August 11: Carl Dewese of Bassett, shooting ducks, \$5 and costs; Henninger and Moore, deputies, made the arrest. Anton Sebeck of Spencer pleaded guilty to sealing unlawfully and paid \$15 and costs for catching three fish. Warrants for two more violators are issued. Jacob Peters, special deputy, made the arrest.

Prairie Chickens Killed. R. O. Champion of Dunning, fined \$5 and costs for having three prairie chickens in his possession. R. Moore, who was with him, was fined \$5 and costs for hunting without a license. Harnes and Holmes were the deputies making the arrests.

Two men by the names of Huffer and Butler at Valentine paid \$5 each for fishing without a license. Deputy Franklin was the man who caught them.

J. W. Sutherland of Grand Island shot one squirrel, for which he paid \$5 and costs, Deputy Holmes being the man who caught him.

William Byrkit, special deputy, arrested two men, names not given, at Fairfield, for sealing. Two fish were the evidence and \$12.75 the penalty. Game Warden Kester says that with the co-operation of the government it is going to be possible to clean out the illegal fishing and hunting which prevails at this time of the year. With ten men in the state working at different points the state will be well covered.

Metcalf Still Camping On Trail of Regent Haller

Lincoln, Aug. 15.—(Special.)—The Nebraska State Council of Defense, at its meeting yesterday adopted another resolution backing up Member Metcalf in his controversy with Regent Haller of the state university as follows: "The speeches and letters which Frank L. Haller is charged with having written were written prior to the formal declaration of war. It is not possible therefore to present charges against him before the federal authorities.

"The sentiments which Mr. Haller is charged with giving expression to are not only pro-German but they are anti-American. While the man who would express such sentiments cannot be held to account under the law, he is plainly accountable to a patriotic public sentiment. Legally absolved, such a man is morally liable and it is of little moment at what particular date a man wrote letters plainly showing his contempt for the country whose people have honored him with public office.

"Unwilling to evade any duty the discharge of which will put Nebraska more thoroughly in line behind the president in his efforts to bring this war to a speedy and successful conclusion, the Nebraska State Council of Defense respectfully suggests to Frank L. Haller that he clear himself of the charges publicly made against him or resign his office as a member of the board of regents of the University of Nebraska.

"In the event Frank L. Haller, refusing to meet these charges, refuses, or fails to resign as regent, then the state council respectfully recommends that the board of regents remove him as chairman of that body."

Lieutenant Colonel Mack To Fort Sill Machine Gun Class

Lincoln, Neb., Aug. 15.—(Special.)—Lieutenant Colonel Frederick J. Mack of the Sixth regiment has been ordered to Fort Sill and will leave Friday for that station. He is expected to take special instruction in machine gun manipulation and marksmanship in order that the regiment may have an expert among its officers.

Beatrice News Notes.

Beatrice, Neb., Aug. 15.—(Special.)—The city commissioners yesterday afternoon devoted some time to paving matters. They voted to extend the mains to South Beatrice in order that residents of that part of the city may have use of water.

According to the report of Chief of Police Snyder there were only five arrests last month. The commissioners ordered the purchase of a Ford car to be used by the "trouble shooters" in the electrical department of the city.

Announcement was received here yesterday of the death of Mrs. B. Q. Free, aged 65 years, formerly of this city. She died at Summerfield, Kan. Mr. Free was at one time city clerk of Beatrice. Interment was at Summerfield.

Suit for divorce was filed in the district court yesterday by Anna M. Chamberlain against George Chamberlain. The plaintiff charges cruelty. The couple live at Lanham and were married in September, 1916.

The general store of E. W. Starlin at Filley was robbed Sunday night. Twelve pairs of men's shoes, sixty yards of silk and other goods were taken. The officers have as yet received no clue to the guilty party.

The incinerator plant, a mile north of Beatrice, was damaged by fire last evening. Flying sparks from the engine are supposed to have caused the blaze.

More than a hundred delegates attended the Brethren assembly at the chautauqua yesterday, a number arriving on the morning and afternoon trains. The principal address was given by Bishop Royer.

South Side Priest Sees Poland a Free Democracy After the War

"Rev. Father Michael Gluba of the Saint Francis Polish Catholic church of the South Side applauds the pope's peace proposal. But he thinks that peace is not near at hand. There has been so much blood shed that the fighting nations can not quit suddenly.

The Rev. Father Gluba was glad to hear talk of peace. There was evidently disappointment over the failure of the peace proposal to provide for the restoration of Poland.

"The Poles want their country given back to them. They want freedom, liberty, and democracy; and for those ideals they are giving their lives.

"They also want Ireland to be free. They want Posen, and the part of Poland that is in Russia, and the part that is now under Austria, united. Poland at one time extended from the Baltic to the Black Sea throughout the width of Europe.

Once a Great Nation. "At the time of its knighthood Poland was the greatest nation on earth. It was always the bulwark against the pagan Turks. It was the home of some of the greatest men in the world. The Poles are people of deep intelligence and high integrity. Today Poland is torn and bleeding. It is the 'Land of No Children.'

Thus spoke the Rev. Father Michael Gluba of the Polish St. Francis Catholic church of the South Side. Father Gluba was born in Poland, and his father, who was a leader in Polish civic affairs and was forced to flee from German persecution, came to America, his children following him. Father Gluba being 4 years old when he came to America.

"I believe that Germany saw that Poland cherished a vision of democracy opposed to Prussian militarism, and for that reason tried to crush Polish freedom.

Forced to Speak German. "They forced the Poles to use the German language. They burned the splendid Polish libraries. They sought to kill the strength and the independence of Poland.

"I feel that Germany was at the bottom of much of the Russian persecution of the Poles. I feel that they instigated many of the atrocities which the Poles suffered at the hands of the Russians. Germany would never recognize a small country. It was too selfish.

"I think that the statement that Germany civilized is the biggest lie that was ever put into one word. 'Poland never was aggressive. The Poles are naturally a peace-loving people. They are students, musicians and artists, but when they are aroused, how well they fight! They will give their last drop of blood to defend their national honor. The pages of Polish history are full of their brave deeds. When liberty calls they leave their violins and their studies and face the firing line as bravely as any people on earth.

"Germany always feared Poland's independent spirit. Therefore it said, 'Poland can take care of itself,' and started to partition a great democratic nation—the first nation in the world to have a democratic constitution.

"I believe that France and England realize the power of Poland. They know that Poland will serve a wonderful purpose as a wedge between Germany and Russia. I think that when peace comes the allies will help the Poles gain their ideal—a free democracy, with liberty and justice for all."

Colonel Mercer Not After Senate Job Just Now

(From a Staff Correspondent.)—Lincoln, Aug. 15.—(Special.)—Colonel David Mercer of Omaha is not a candidate for the republican nomination for the United States senate—just now.

Referring to a story from Omaha that he was in the race, the Omaha man told the Bee this morning that there were other things just now more important to the country than the discussion of politics.

"It is the duty of every citizen just now to forget about party and support the government," said Mr. Mercer, "and they must support it loyally, ending as quickly as possible a war that had no right to have been begun. When we have ended the thing, as American soldiers will end it, then we will talk about something else."

Guard Officers Rivals For Best Horseflesh

Lincoln, Aug. 15.—(Special.)—There is a great deal of rivalry between officers of the Nebraska guard as to will have the best mount and this has resulted in several fine horses appearing around headquarters.

The rivalry was started when some friends of Lieutenant Colonel Hollingsworth presented him with a fine thoroughbred.

This aroused the "hoss" blood in Colonel Paul of the Fifth and Lieutenant Colonel Mack of the Sixth, and they went to Fairbury and purchased two coal black geldings.

But now comes General Harries with another horse which he sent all the way to Chicago to get.

Farmers Would Stock Up With Kansas Porkers

(From a Staff Correspondent.)—Lincoln, Aug. 15.—(Special.)—Announcement that the State Board of Agriculture will co-operate with the farmers in obtaining Kansas hogs for feeding purposes resulted this morning in Secretary Danielson of the board receiving two applications, one from Ralph J. Hayne at Plattsmouth, that he could take all the way from 1,500 to 2,000 pigs, and other from William Burger of Silver City, Ia., that he would take a carload.

Secretary Danielson is prepared to give all the information necessary, so that there will be hearty co-operation between Kansas pigs and Nebraska corn.

Three-Foot Dwarf Called in Draft; Later Not Accepted

Stella, Neb., Aug. 15.—(Special.)—Jesse Harris, stenographer at Cooper's mill in Humboldt, was in the first call for the draft. He is only three feet tall, and though he successfully passed the physical examination at Falls City, was later notified that he was not accepted. He has three brothers, all of whom are of draft age.

Alkali Makes Soap Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces.

You can get this at any drug store and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly and rinses out easily. The hair dries quickly and evenly and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.

TODAY'S BEAUTY TALK

You can enjoy a delightful shampoo with very little effort and for a very trifling cost, if you get from your druggist a package of canthrox and dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply to all the hair instead of just the top of the head. Your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that thoroughly dissolves and removes every bit of dandruff, excess oil and dirt.

After rinsing, the hair dries quickly with a fluffiness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure.—Adv.
