## Samson Schedules Features

**For the Carnival Week**  
The Ak-Sar-Ben carnival, September 26 to October 6, will have fourteen attractions by the Wortham Show company. Four riding devices, new and attractive, will be on the grounds besides.

Samson has the contracts signed and cashed in his safe, and now has no carnival worries, except those attendant upon the uncertainty of the weather.

Wortham has three road-shows, all playing state and county fairs, but the aggregation he is sending to the Ak-Sar-Ben is his No. 1, entirely new.

The attractions on the King's Highway this year will be: Wild Animals, High Diving Into Water, King Solomon's Mines, Honeycomb Trail, Revelation, or the Show Beautiful; Prince Napoleon, Royal Beasts, Twins, Monks, autrodrome, Crazy House, Catchin's Follies, Over and Under the Sea, Rogers' Submarine, High Life and the Pit Shows. The riding devices include "The Whip," "The Carry-Us-All," a Ferris Wheel and the Aerial "Carry-Us-All."

Two bands will play inside the grounds and there will be a local organization to parade the streets. Con-fetti will be O. K. with the management this year.

The carnival grounds location will be the same as last year, with the main entrance on Fifteenth street and Capitol avenue. The shows will arrive from Sioux City Sunday, September 23, and will open for business Wednesday noon, September 26.

## Chance for Wireless Operators To Get Into Uncle Sam's Navy

The navy wants 2,000 more men to operate its wireless apparatus. Because of the shortage of radio men in the navy, a call has been sent to the Omaha recruiting office to enroll all the amateur wireless operators possible. Men or boys possessing even a slight knowledge of radio telegraphy, such as has been gained by amateur experience are desired. The navy would like to secure the names of parties who might have a knowledge of wireless.

## POLISH BOYS ANXIOUS TO START FOR FRONT

**Father Gluba Hears From the Young Church Men Who En-listed and Went to Dou-las for Training.**

"All of the boys are anxious to go to France," writes Stanley Straskiewicz, Douglas, C. Forty-third Infantry, Fort Douglas, Utah, to Rev. Father Michael Gluba of the Polish Catholic church.

"They say they are going to make quick work of the kaiser and will make him ashamed of himself for starting something that he can't finish. He started with good old Uncle Sam.

"The motto of our regiment is 'Fight for Old Glory even if it takes your last drop of blood.' We are practicing everything in the line of shooting and making bayonet charges, to capturing trenches and will surprise the Germans when we get on the firing line. We had a fast hike to-day, made 125 steps a minute. All of the boys are in the best of health.

"The Polish boys who can't read or write English have to go to school here every day until they learn how. The boys are interested in it and say they'll surprise their friends when they get home. Here is a song made up by one of the boys which we sing to the tune of 'Mother':

It is for the uniform they gave me,  
It is for the states we represent,  
It is for the arms we carry,  
It is for the nation which we get,  
It is for the miles we have to travel,  
It is for the years we have to serve,  
Put them all together U. S. Army,  
A word that means the death of Kaiser Bill!

## Anxious to Start For Front

Father Gluba has received a letter from Roman Weiss, Company B who writes:

"The general report in the barracks is that we leave for France sometime in September and the boys certainly are anxious to go.

"The steady grind of drilling was monotonous at first, but now we accept it as a matter of course. The Polish boys have great endurance. We started skirmish drill today and had to charge up a mountain.

"We have it very nice here. We have plenty to eat and have enough clothes, but we are lacking in equipment.

"The citizens of Salt Lake City are generous. Every Sunday morning they mass forty or fifty autos and take the soldiers on a sight seeing trip through the city. One wealthy Salt Lake City man owns a big orchard and every Sunday, or holiday he takes about 100 of the boys out to his orchard to eat cherries."

## Not Many of South Side Men Are Asking for Exemption

Less than 50 per cent of the South Side men who were drafted and who passed the physical examination are asking for exemption. The original call was for 215 men, of this number 181 responded; seventy-three were rejected because of physical deficiencies. Of the remaining 108 men, seventeen enlisted in the army and eighty-four have not filed claims for exemption.

"There is not a slacker among those 101 South Side fellows," said J. J. Breen, chairman of the South Side exemption board. "I am proud of our boys—big strong men—willing to go and do their bit. And I am really surprised that we have so few claims for exemption."

The list of thirty-four men who have not reported is growing smaller. Board members think that a number of them have enlisted and that information concerning them has been delayed in reaching them.

Twenty-five per cent of the South Side quota will consist of men who went into the army voluntarily.

## Girls Are Proud of the Fact That They Wear Feminals

The boys who "do their bit" for Uncle Sam are each given a khaki uniform. The women who are "doing their bit" by furnishing meat for the soldiers are given white "feminals" to wear. These have been adopted as the official uniforms for the women workers for Morris & Co.

"We feel good in the 'feminals' and can work much faster," said one fair female in "feminals."

"It's safe and sane," commented another.

"The feminals are easily kept clean and are more sanitary than dresses."

We Are Thirty Years Old and Still Growing.  
ASSETS \$11,800,000.00

said C. B. Spangler, superintendent of the Morris plant.  
The new uniforms are, laundered every other day in the company laundry without any charge to the owner.
