MAJOR GENERALS ASSIGNED FOR WAR

Thirty-Two Officers and Brigadier Generals Given Places in Army Camps to Report by August 25.

At Des Moines-Major General E. P. Plummer.

At Deming-Major-General A. P. Blocksom.

Washington, Aug. 10.-Thirty-two major generals are assigned in a War department order made public tonight to command the National Guard and national army divisions of the war armies. On the list are all of the present regular departmental commanders, including Major General Laonard Wood, ranking officer of the service, who are now called upon for duty in the held and probably at the front in France.

Both of the National Guard major generals nominated Tuesday by the president-John F. O'Ryan of New York and Charles M. Clement of Pennsylvania-are placed at the head of divisions in their branch, with some regular army brigadiers under

The order also assigns brigadiers of both regulars and guardsmen to

Plummer at Des Moines.

WILKERSON MEETS

Red Oak, Ia., Aug. 17 .- (Special.) Detective J. N. Wilkerson, who re- efforts. cently established his headquarters here, has been holding public meetings every night during the last week in this section of the state, at which he continues to discuss the Villisca ix murder without legal interruption. One of the largest meetings was held on the school grounds at Grant Friday night. More than 1,500 per-sons attended the meeting, which

in Iowa Without "Gag

held there a year ago which resulted in the famous \$00,000 slander suit last Another record meeting was held at Nyman Tuesday night, at which Detective Wilkerson took exception to a recent editorial in a Des Moines

marked the anniversary of the one

daily everely criticising him. Other meetings were held at Hen-derson Saturday, Massena Monday Malvern Wednesday and New Market Thursday. The meeting at Malvern was held on the chautauqua grounds by special arrangement with the Malvern Commercial club.

Wilkerson will speak tomorrow night at Shenandoah and Saturday night in Essex. Hundreds of copies of the questions recently issued by the detective have been disposed of at the meetings.

I Do Not Fear Your Nerves

I have been doing painless dentistry for many years, and I am successful because I am doing it differently and better than it was ever done before. I do not claim to be the best dentist in the world or the only good one. I do not claim any great invention nor any secret, except-

ing my local anaesthetic, by which I do my work without pain, and which I have used successfully for many years. I have never taught anyone how to make it, but have taught my associates how to use it.

I could not have one of the largest dental business in the world, unless I made good my claim of high-class painless dentistry at a reasonable price. I have spent my life trying to educate the American people how to preserve and care for the teeth, and allay that dread and fear of going to a

By organizing, specializing, systematizing and advertising I have brought the price of the best painless dentistry obtainable within the reach of every family. In a Painless Withers office one man does not attempt all six branches of dentistry, but specializes in one, because one man cannot be a specialist in all. To do this requires a large office supported by a large practice. My associates are not students learning how; they are all experienced dentists; some having licenses in several states. No matter what you want done or how many different kinds of work are necessary on your teeth, here you have the services of a trained specialist, and it costs no more than the old-school "howl-and-cuss" method used by our grandfathers, which is simply "hit-and-miss"

I have invested my money in this new office and set aside a sum for telling the people where we are and what we are doing. It has only been open one week, but has a large working force of dentists and nurses, and daily handling more patients than any other dental office in Omaha. Doesn't it speak well for the efficiency and professional reputation of an organization which can come into a city like Omaha and at once take first place in its particular field?

We are not fly-by-night dentists, experimenting with some new idea, depending upon cheap prices to induce you to come to our office. The dentist whose only inducement is the cheapness of his price never has anything else to recommend his work. Cheap dentistry is always dearest in the end.

Office hours 8:30 A. M. to 6 P. M. every week day; 9 to 1 Sundays. You may call any time during those hours, and we examine your teeth free of charge, telling you what should be done with each one affected and how much the work will cost when done in a certain way. We do all kinds of dentistry and each and every operation is done without unnecessary pain to the patient. Because this is true, we can do our work better and more rapidly than under the old-school

Artificial teeth on plates is one of our specialties. Why suffer with sore mouth as a result of cheap rubber plates or ill-fitting plates that constantly fall out of position? We make aluminum plates that give perfect satisfaction. Rubber is unhealthy, unsanitary and injurious to the mouth. Aluminum is clean, healthy, cool and serviceable, and costs practically no more than the best grades of rubber.
