

DUTCH MISSION HAS LEFT FOR NEW YORK

Delegation Comes to United States for Discussion of Embargo Conditions; Holland May Go Hungry.

The Hague, Aug. 19.—The commission from The Netherlands to the United States to discuss embargo conditions concerning this country, has left a European port for New York.

Wheat Supply Is Small. Amsterdam, Aug. 18.—In connection with the sailing of the Dutch trade mission to America there is an interesting note in a leading journal of economic and statistical news which calculates Holland's estimated stocks of wheat as 170,000 tons and the new home crops' yield for consumption, 68,000.

This supply is sufficient to last until the middle of March, 1918, at the present rate of consumption, which has been reduced to about one-third of the normal rate through bread rationing and mixture with other grain flour.

Must Reduce Rations. Unless it soon can be known to a certainty that 130,000 to 250,000 tons of wheat can be imported from North or South America the ration must be reduced further and the consumption of the bread loaf, changed to avert a complete lack of the staple between the middle of March and September, 1918.

UNCLE SAM SOON TO REMOVE HEAVY COAL COST BILL

would call for a division of the country into districts. Every operator would be paid for his product on a basis of cost of production, plus a definite percentage of profit. All the coal in a district would be pooled and sold to the public at one price, although the prices fixed for different districts might vary considerably. Allowance would be given operators for quantity production and efficiency of service.

Officials of the trade commission say no scheme could be worked out either under a requisitioning system or a straight price fixing plan, whereby it would be possible to pay uniform prices for coal at all mines.

Shipment Big Problem. Priority of shipment is recognized as one of the biggest problems confronting the government in any solution of the coal situation.

Officials believe, give the government full power in that respect. They are the act empowering the president to direct priority for certain shipments and the act giving the Interstate Commerce Commission power to direct the movement of the cars.

Powers vested in the president by the priority act probably will be turned over to Judge Lovett next week.

An appeal to the government to begin exercising immediately its power to direct shipments was made today by the railroad war board, which in a statement declared the coal situation in the northwest still is serious.

Although there has been a large increase in the movement of coal, the statement said, the direction in many instances has not been towards communities that need it most.

WILSON FAVORS EXEMPTION OF ALL MARRIED MEN

provost marshal general that persons who fall to appear for their physical examination, after having received their notices to do so from the local boards, by such failure, waive their right to physical examination and are accepted by the board without such examination.

Their names will be certified to the district boards as chosen by the local boards for the national army.

Waive Exemption Rights. "If they do not then appear to claim exemption, they will thereby waive the right to such exemptions as they might have claimed, and their names will be certified by the district boards to the adjutant general's office of their respective states as persons for the national army.

The adjutant general will give them a notice to report for duty at a specified time and place and such notices will be given publicly, according to the regulations of the conscription act.

"Such persons then become subject to the military authorities at the time designated by the adjutant general for them to report. Should they fail to comply with this notice, they become deserters from the army and will be treated as such by the military authorities.

Automatically Drafted. "It is, therefore, a matter of vital concern, not so much to the government as to the persons themselves, to see that they give the correct address for their notices to be mailed to them. Should they fail to comply with these notices after receiving them, they become automatically drafted without regard to physical examination, exemption or discharge.

"Where persons are known to be wilfully refusing to comply with the requests of the local boards and are so conducting themselves as to be a menace to the proper enforcement of the conscription act, and their whereabouts are known, they should be detained in jail on complaint; charging violations of Section 6 of the Conscription Act until the time when they are ordered by the adjutant general to report for duty to the national army. They should, at that date, be turned over to the military authorities. No prosecution need be had as it will be unnecessarily expensive and little is to be gained therefrom."

Department of War Will Look Into Pension Claims

Mexico City, July 15.—The Department of War has determined to appoint a commission to investigate all claims for pensions due to soldiers or soldiers' families since 1910.

Part of the duties of the commission will be to make a census of the men invalided from the army since the first Mexican revolt.

MISS RANKIN SCORES ALL 'DIRECT ACTION'

Montana Congresswoman Declares Subtle Efforts Being Made to Destroy Industry Standards of Country.

Butte, Mont., Aug. 19.—Miss Jeanette Rankin, congresswoman-at-large from Montana, denounced "direct action" by either side in labor controversies, in a speech at a mass meeting yesterday. She said "subtle attempts to destroy the industrial standards of the country" were being made, and denounced a card system used by mine managers in hiring labor.

"I have no patience with the alleged utterances of Frank Little," she said, referring to an Industrial Worker of the World organizer, recently lynched here, "but I have the greatest contempt for that form of direct action that permitted the foul and cowardly murder of Frank Little."

As to threatened spoliation of crops, as a weapon against the employers, she said: "The men who destroy grain fields are taking the bread from a hungry child. The burden of waste always rests heaviest on the weak—on those least able to stand the strain."

"I am convinced that the demands of labor in this trouble are just and should be granted. It is impossible properly to support a family today in Butte on the wages that are being paid."

Nine Plotters Led By Kaiser Plunge World Into War

of the German general staff, was also excluded from the plot, the fact sheds a fresh light upon his career; it will be remembered that, after the first failure of the German campaign in France, Moltke was superseded, and before his death in Berlin he let it be known that there would some day be disclosures about the early stages of the war.

It has always been suspected that Herr von Stumm, who in 1914 was head of the political department of the German foreign office, and now is under-secretary for foreign affairs, was in the secret at an early stage. Falkenhayn was Prussian minister of war.

Who the Leaders Are. The Archduke Frederick is a cousin of the late Emperor Francis Joseph, and took nominal command of the Austrian forces at the outbreak of war. Count Berchtold was Austro-Hungarian foreign secretary, Count Tiza was Hungarian premier and General Conrad von Hotzendorf was chief of the Austro-Hungarian general staff.

It has been understood for a long time past that other unpublished evidence exists of pledges given by Germany to Austria-Hungary during the first fortnight of July, 1914; it would seem that the time has come for its production.

Allied Aviators Raid Ghent and Selzaete

Sas Van Gent, Holland, Aug. 19.—Terrific explosions of bombs dropped by entente allied airmen in a raid shortly before midnight on Selzaete, a Belgian town on the Dutch frontier, eighteen miles north of Ghent, awakened all the inhabitants of this town. German anti-aircraft batteries were very active, some of their shrapnel bursting over Sas Van Gent.

Christmas Cheer Already Planned for Sammies Abroad

Washington, Aug. 19.—Every American soldier and sailor, whether at the battle front or in training camp at home, on ships at sea, or stationed ashore, is to have a Christmas remembrance from "home." Red Cross officials have just completed plans for the Christmas cheer and arrangements will be worked out immediately.

Grain Exchange Veteran To Go to Fort Snelling

Tom Mahoney, who has been chief clerk in the inspection bureau of the Omaha Grain exchange almost since the inception of the Omaha grain market, has resigned, and Tuesday leaves for Fort Snelling, where he enters the officers' training camp. In his physical examination Mahoney's standing was 100 per cent.

Almost Impregnable Position Surrenders After Terrific Artillery Fire; Angle Commands Water Ways.

(By Associated Press.) British Front in France and Belgium, Aug. 19.—The French have completed their conquest of the enemy territory south of the St. Jansbeek river and the Breenbek river, which branches off from the St. Jansbeek to the east.

Two strong German redoubts, Les Lilas and Mondovi farm, which had held out against all attacks since the beginning of the allied offensive on Thursday, have capitulated and the French have pushed their front forward to a neutral line formed by these waterways.

Les Lilas redoubt lies about a third of a mile west of the junction of the St. Jansbeek and the Breenbek. It was a large fortification of concrete and steel, armed heavily with machine guns.

Although the garrison was small, their position was well nigh impregnable so far as infantry attacks were concerned, and it was only when heavy artillery was brought up and concentrated on them late yesterday that the Germans surrendered.

Force Redoubt Into Pocket. When the French advanced Thursday they passed on either side of Les Lilas, leaving the redoubt in a pocket. Since then there has been continual fighting about this position, which was rendered doubly strong through the presence of a considerable flood tract and artificial ditches.

The intense artillery fire yesterday played havoc with the redoubt and the garrison finally surrendered, an officer and twenty-three men being taken prisoner. The officer said they had intended to fight to a finish, but changed their minds when the big guns began their work.

Mondovi farm was a similar position, lying in an angle formed by the St. Jansbeek and the Breenbek. As in the case of Les Lilas, the French artillery bombarded the garrison into submission and they surrendered during last night. The Germans later tried to shell the French out of Mondovi, but were unsuccessful.

Capture 400 Prisoners. The total number of prisoners and guns captured by the French is not yet available, but the prisoners will aggregate over 400, and about fifteen guns were taken. The small number of prisoners is due largely to the fact that the Germans were holding most of this section in small garrisons in numerous redoubts like Les Lilas.

The correspondent of the Associated Press today found the greatest spirit of optimism prevailing among the French troops. They are feeling exceedingly good over their successes and their morale is at the highest pitch.

Armory Locked, Wilkerson Holds Meeting on Street

Shenandoah, Ia., Aug. 18.—(Special.)—A crowd composed mostly of curiosity seekers heard the tale of J. N. Wilkerson the detective, Friday night, when he discussed the Villisca ax murder. The meeting was advertised for the armory. Wilkerson in his address accused "the judge of taking the key and running off with it." The meeting was held on the street in front of the Free Methodist church.

E. H. Landers, a Shenandoah witness in the case rode up and down the street beforehand announcing the meeting. Wilkerson stood in the car of John Montgomery of Villisca, father of Mrs. Moore, the murdered woman. Mrs. Landers was seated in the automobile. Ed Peterson of Montgomery county spoke a few words.

An attack on Senator H. I. Foskett for violating for the "Anti-Wilkerson law," charges against the Des Moines Register, the Council Bluffs Nonpareil and other papers were made. The part Bill Mansfield had in the history of the case was elaborated by Wilkerson.

The questions asked of Senator F. F. Jones of Villisca, were quoted and at the close of the meeting Wilkerson offered them for sale for 10 cents or as a gift to "Jones people." An opportunity to subscribe to the investigating fund was given the hearers at the close of the talk. The remarks of the detective were applauded from time to time by his followers in the crowd.

ERIN'S WHEAT CROP INCREASES ONE-HALF

World's Output of Barley, Rye, Oats and Other Grains Advances in Time of Need.

Washington, Aug. 19.—Ireland's farmers this year have produced a wheat crop 53.8 per cent larger than last year's and 137.1 per cent more than the average crop for 1911-15.

Cablegrams from the International Institute of Agriculture at Rome to the Department of Agriculture today give Ireland's wheat crop as 4,347,000 bushels and the combined wheat crops of Ireland, Spain, France, India, Japan and the United States as 1,366,000,000, or seven-tenths of 1 per cent more than last year.

The United States, Spain and Ireland, the estimates show, will produce 847,000,000 bushels of rye this year, or 10 per cent more than last year; 288,000,000 bushels of barley, or 4.9 per cent more than last year, and 1,574,000,000 bushels of oats, or 16.9 per cent more than last year.

Second Test Completed By Nuckolls County Board

Nelson, Neb., Aug. 19.—(Special.)—The local board of Nuckolls county has just completed the second examination of men for military service and has passed as physically fit for service 139 of those examined. The call was issued for the 211 and 190 answered the call and appeared for examination. All of the others who did not appear have either been examined by other boards at the request of this board, or have enlisted in service prior to the call and since the registration.

Of the 190 men examined 139 were passed as physically fit for service. Sixty-two claims for exemptions have been filed.

David City Campfire Girls Make Active Food Canvass

David City, Neb., Aug. 19.—(Special.)—The Oatwissa Campfire girls of David City have been willingly "doing their bit" the last week by assisting in the distribution of the Hoover pledge cards for the food conservation movement, working with Mrs. J. R. Evans, local chairman for the pledge card campaign. A house-to-house canvass was made and several hundred pledges were secured and sent in to Washington, D. C. Miss Orina Ohlsen is guardian of the David City chapter.

Custer County Exemptions.

Broken Bow, Neb., Aug. 19.—(Special.)—The board of exemption has about completed its work of passing upon the first call of drafted men in Custer county. The registrations numbered 501. The quota from this county was 203, and 274 have been accepted, leaving a reserve of seventy-one. The number of men who did not claim exemption on grounds of dependents was 172. Seventy-nine were rejected on account of physical disability and the same number was certified in claiming exemptions, but not allowed. One hundred and forty-eight exemptions were allowed. Twenty-three failed to report. The board comprises County Clerk Waters, Sheriff Wilson and Dr. C. L. Mullins.

DOUGLAS TO PAY MORE STATE TAXES

Nearly One Hundred and Fifty Thousand Dollars in Excess of Last Year in County Quota This Year.

(From a Staff Correspondent.) Lincoln, Aug. 19.—(Special.)—Douglas county will pay \$140,598 more in state taxes this year than it did in 1916, according to figures prepared by Secretary Bernecker of the State Board of Assessment.

In 1916 the state taxes from that county amounted to \$314,437. This year the amount will run up to \$455,035.

Lancaster county, the next largest county, will pay \$73,607 more than it did last year, the figure being for this year \$232,356, and for last year \$168,749.

Arthur county, the county paying the least amount of taxes, this year will send in to the state treasurer \$2,700, while last year the amount was \$1,753.

The total for the state will be \$1,432,101 greater this year than last, the total in 1916 being \$3,055,046, as against \$4,487,147.

With the increased assessed valuation of every county and the increased levy by the State Board of Assessment and the increased amount to be raised by the special levies, comes the county levies, which will, in all probability, run local taxes in each county up far above what they have ever been.

The ladies of the Red Cross donated pies to the 150 members of Company H, Sixth Nebraska.

News Notes of Red Cloud.

Red Cloud, Neb., Aug. 19.—(Special Telegram.)—The local exemption board has certified to the district board for service the names of eighty-three Webster county men. As the county's quota is eight, it is thought that after exemptions by the district board are deducted, the list will supply the number required.

Christian and Congregational churches voted last night to form a union to be known as the United Christian church of Red Cloud. The property of both churches is to be controlled by a common executive committee.

The two churches have been holding services together for two years with Rev. J. L. Beebe, as pastor.

Hazle leaves a wife and three children.

British Seamen Would Bar German Passengers Forever

London, Aug. 19.—At today's session of the convention of seamen representing several entente and neutral countries it was proposed that Germans be debarred forever from sailing on British ships.

The Germans were denounced for ignoring the law of the sea and refusing to succor those in peril. The seamen declared they were still unwilling to carry socialists to the international Stockholm conference, but were awaiting the time when they could carry delegates from victorious allied armies on the way to Berlin.

Nelson Men Appeal From Decision of Draft Board

Nelson, Neb., Aug. 19.—(Special.)—William Kolling of Hardy and Grover Corman of Nelson, have filed with the district board No. 2 at Lincoln, their notice of appeal from the decision of the local board of Nuckolls county, denying their claims for discharge from military service. The claims were both filed on account of having persons dependent upon their labor for support. Several other claims for discharge were refused by the local board, but no other appeals have been filed as yet.
