The two discharged," brothers have a widowed mother and four brothers under 16 who are all dependent on them for support. The boy that was drafted is earning \$125 per month, while the other is earning but \$60.

"My brother has just had an operation and is in no fit condition to go in the army, while I am strong and the brother said. "Besides he can earn a better living for mother, and the other children and keep them in better circumstances. I have a pretty good job, but it would take quite a the police station commenced to ring. while to work up to where he is."

"We were mighty sorry to refuse a boy with as much red blood in his veins as this one," said Chairman Cones, "but there was no way in which we could allow the substitu-

Polish Boys Turned Down.

Many Polish boys are coming before the Fourth district board and begging to be allowed to join the army, but are refused because of being alien enomies. They have taken out their first papers and are voting under the laws of Nebraska, but when it comes to fighting there is no way in which they can get in.

"It is too bad that they cannot fight for the country which they call home," stated a member of the board.

Two hundred more men have been called by the Fifth district and will be examined in the Army building on Sunday and Monday. The district has certified the last list to the district board until they can decide on the men just called who will finish the quota. Good Health!

If you suffer from Rheumatism, Neuritis, Diseases of the Stomach, Liver or Kidneys, High Blood Pressure, or Nervous Disorders, you should know about the latest discoveries of medical science with reference to treatment by Sanitarium Methods. The Solar Sanitarium offers every known method of treatment such as are used only in world-famous institutions.

The great advantage of our plan of treatment is that patients live at home and come to the Sanitarium only for treatments. If you are sick, you owe it to yourself to investigate this wonderful institution. Endorsed by leading physicians.

This institution is the largest office sanitarium in the west, occupying fourteen large rooms on the Fourth Floor, Brandeis Building; and is most completely equipped with all Baths and Electrical Apparatus useful in the treatment of the sick.

Miss Gertrude Gilpin, a graduate of the Battle Creek Sanitarium, is now in charge of the Ladies' Department.

Write or call for free booklet, which tells of our special methods of treating disease. Send for your copy today. There is no obligation whatsoever.

Save Money Now On Hudson Super-Six

Many former \$1200 to \$1400 cars now cost about as much as a Hudson Super-Six.

Price has always been a fairly accurate index of quality. But just now, because of the headlong rising of material costs, price is not a true indication of value. Fifty-one cars have been forced to advance prices 20% to 25%.

The present supply of Hudson Super-Sixes is built from materials contracted last year. Since then material costs have almost doubled. When that supply of materials is exhausted, then, Hudsons, too, must cost more. By prompt buying you can save the difference between what a Hudson Super-Six now costs and what it must certainly have to

cost when its price is influenced by the present material market.

When former cheaper cars could be bought at \$200 to \$300 less than the Super-Six, no two of them had sales equal to those of the Hudson. That shows how popular the Super-Six has always been as compared to other cars. It is easy to imagine how much more popular it will be now that there is no such price advan-tage. The Hudson Super-Six has made itself the wanted car as compared with others.

It is the largest selling fine car. Almost 40,000 are in daily use. It has established itself as the lifetime car.
