KOUNTZE CHOIR IS 'CUT' AT FT. OMAHA

Commander at Post Orders Engagement and Address by Pastor Baltzly Be Cancelled.

By order of the commanding officer at Fort Omaha arrangements for Dr. O. D. Baltzly, pastor of Kountze Memorial Lutheran church, to address the soldiers at the fort Friday night was cancelled. Kountze Memorial choir was scheduled to give a program of sacred music. This also was cancelled. Major H. B. Hersey is in command at Fort Omaha. Singers from other churches substituted for the Kountze Memorial choir and no speaker substituted for Dr. Baltzly. Dr. Baltzly has been criticised for stating last spring that "this is Wilson's war." It is understood that this was the reason why he was not permitted to speak. Major Hersey could not be seen last night. "Arrangements for myself and my choir to take part last night were made through the Omaha Church federation, which had charge of the series of Friday night meetings at the post," Dr. Baltzly told The Bee. "They asked us to participate in the meeting and afterward told us that the arrangements had been cancelled. Other than that I know nothing of the affair."

Glad to Serve Country. "You can say for me," Dr. Baltzly added, "that we should have been glad to serve our country in providing an evening's entertainment for our soldiers at the fort."

"We are always ready in Kountze Memorial to do our full part wherever we can and may." C. S. Holcomb, secretary of the Young Men's Christian association at Fort Omaha, said that sectarianism is not in any way permitted to enter into the meetings at the fort conducted under the auspices of the organization.

"In view of what has transpired and because these meetings can not be thrown open to any sect or denomination the officer in command at the fort deemed it wise to cancel the arrangements for the Kountze Memorial minister and choir to conduct the meeting," he said. "No specific reasons were given, but it is apparent that this must have been the cause."

"Should denominational addresses be permitted it would only be fair to allow all churches in the city to be represented. In view of the number of churches in Omaha this is clearly impossible."

The cancelling of the engagement of the Kountze Memorial representatives is the latest development in the controversy that has already split the union of church choirs in Omaha and brought about the cancellation of the Reformation cantata that was to have been sung at the city auditorium.

Only a short time ago several church choirs announced that "for patriotic reasons" they would not assist in the cantata that was to have celebrated the four hundredth anniversary of the Reformation. The Kountze Memorial choir was in charge of the proposed cantata. As a result of the refusal of the other choirs to join in the entertainment the project was dropped.
