Yankton, S. Yesterday thirty Germans, all of whom previously had been arrested on similar charges, were taken by federal officers near Tripp, S. D., for having signed a letter to Governor Norbeck protesting against the operation of the draft in Hutchinson county and threatening his defeat in the next election for his administration of the draft. ### HEAR ARGUMENTS IN PAVING CLASH

#### Bauer & Johnson's Application for Injunction Against Callahan Construction Firm Heard by Judge Redick.

Judge Redick, sitting in law court, has begun hearing on application for temporary injunction brought by Bauer & Johnson, paving contractors, against the Callahan Construction company, a rival concern, and the county commissioners.

It is part of the paving row in which Bauer & Johnson seek to have a contract given to the Callahan company set aside and awarded them. The Callahan company was awarded a contract to pave a mile of county road under what is known as the "Finley method." The contract price was 77 cents a yard, stone extra. Bauer & Johnson refused to take a contract for a mile. Their bid for five miles was 36 cents a yard, stone extra.

The county board's idea was to have each company put in a test mile of paving and then award the balance of the contract to the concern whose method proved to be the best.

Attorney Breen, for Bauer & Johnson, told the court the commissioners had no right to let a contract for one mile after advertising for bids for five miles. He said the "Finley method" had no special merit. He said he may later charge "fraud" on account of the high price of the Callahan people's bid.

"The board must follow the legal procedure—advertise for bids and then let a contract according to specifications," he declared.

### Nebraska Troops at Deming; Saloons Close Before Arrival

Deming, N. M., Aug. 28.—(Special Telegram.)—On the three trains from Fort Crook and Omaha, health of the command was reported good. It was the first regiment to reach here.

The closing of the saloons is in obedience to orders from the Department of Justice, which had notified local authorities that intoxicants must not be sold within a half mile of a military camp. There will be no suburban district allowed, where booze can be had, Mayor Norhaus said.

No reflection was meant upon the fine Fourth Nebraska infantry in command of Colonel W. A. Baehr, by the sudden government order to close all saloons in Deming, Mayor Morris Nordhaus said with a smile today. The saloons shut up shop last night and the Fourth arrived and detained this morning and marched to the section reserved in Camp Cody for the Nebraska brigade by General George H. Harries. A pleasant trip was reported by the men.
