H. Z. Greer Asks Divorce—H. Z. Greer, suing Josephine Greer for divorce in district court, alleges cruelty. They were married in Washington, D. C., June 7, 1899.

City Hall Closes Labor Day—The city hall will be closed on Monday in honor of Labor day. On Saturday morning the city council will hear charges filed against Policeman John Unger by Paul B. Sutton.

Failed to Register—Word was received at the United States marshal's office Wednesday that a man giving the name of John Potes had been arrested at Harrison, Neb., and was being held on the charge of failing to register.

Held as Slacker—William McDonald, registered under the draft act at Chicago, Ill., has been arrested at Imperial, Neb., on the charge of being a slacker. He failed to appear for examination at his local board in the "Windy City."

Gets Maiden Name and Children—Joe Wakeley, sitting in divorce court, freed Minnie May Farr from Charles F. Farr. Cruelty and nonsupport were alleged. Mrs. Farr was given the custody of their two children. The court also restored her maiden name of Minnie May Ballard.

Freight Cars Rushed to Grain Belt of Central West
Figures given out by the local railroad war board indicate that during the last ten days more than 7,000 additional empty freight cars have been hurried to the south and southwest to take care of the movement of the crop that has recently been harvested and also to facilitate the movement of lumber.

A compilation of figures shows that since May 1, or since the war board ordered the pooling of freight cars, regardless of ownership, so that abnormal freight conditions might be met, 113,420 cars have been distributed to points where most needed.

Under the provisions of the latest order, looking to the distribution of freight cars, 2,450 have been sent out into the grain producing area of the central west to check any car shortage when the grain commences to move toward the markets. In this distribution only two of the local roads become beneficiaries. The Wash bash gets 500 and the Illinois Central 350.

Omaha Citizens Asked For Two Cars of Books
"We must have more books at once," is the word issued from the public library. "We just received a telegram calling for two carloads of books for the army, to be shipped at once. The people of Omaha responded very liberally on our first call, but we are still considerably short to fill an order of this size. We would like to have The Bee inform the people that we can use all of the books they bring in. The men in the army are very anxious to secure books to read."

School Teachers Are to Hold Meeting Monday
"Constructive criticism" was the keynote of a short talk addressed by Superintendent of Schools Beveridge to the supervisors of the public schools.

The supervisors were directed to prepare their schedules so that as few of them as possible shall attend any school in the same day.

A general meeting of all of the teachers will be held at 9:30 Monday morning in the auditorium of Central High school.

Another New High Mark Is Established for Silver
New York, Aug. 30.—Bar silver's steady advance was unbroken today, the metal being quoted here at 90 3/4 cents an ounce, almost 1 cent more than yesterday's highest figure.

Bilious Attacks.
You wonder what upset your stomach. Never felt better in your life yesterday—now you have a bad bilious attack. Cure that first, then look for the cause. Keep quiet, abstain from food for one day, take three of Chamberlain's Tablets. Drink plenty of water. This will clean the fermenting food and bile out of your stomach, tone up your liver and move your bowels. You will soon be all right again. If you have these bilious attacks at irregular intervals, abstain from coffee and red meats and you may avoid them.—Advertisement.

RAILROADS CUT OFF MILLIONS OF MILES

Conservation of Passenger Equipment Results in Annual Saving of 25,000,000 Miles, Says Winchell.

Soon after the United States entered into the European war the railroads inaugurated the plan of cutting off passenger trains without materially impairing the service and, according to B. L. Winchell, chairman of the committee on transportation, the mileage has been reduced nearly 25,000,000 miles per annum.

Mr. Winchell adds that at this time passenger traffic is at the maximum and that during his many years of railroad experience he has never seen it so heavy. He attributes this to the fact that all through the country the commercial activity is tremendous; thousands of people—parents, wives, sweethearts, brothers and sisters—are making trips to the soldiers' camps and cantonments to visit the men prior to their going to France; special trains are daily carrying thousands of workmen to and from their work at the military camps.

Mr. Winchell predicts that further reductions will come in the passenger service, but as to the extent he is unable to predict. He says that a subcommittee is considering the conservation of sleeping car service.

Omaha Boy Serving On Chicago Exemption Board
A. J. Smith, a former Omaha boy, but now with the American Harvester company in Chicago, has been appointed and is serving as a member of the exemption board in one of the big Cook county districts of Illinois.

Sergeant Harer Has Fought in Twenty-Six Battles for the U. S.

Sergeant Edward B. Harer, of the machine gun company of the "Famous Fifth," now at the army, won't get frightened at his first battle in France, for he has already been in twenty-six battles. He served in the Spanish-American war with the state of Washington volunteers and was in the islands shortly after the taking of Manila. His first battle was at Santa Anna, in the islands. There, he says, the Filipinos employed a mild manner of trench warfare.

"But we soon got them out of the ditches," he says.

He thinks the boys from the United States will be able to get the Germans out of theirs, too, once they get over to France.

In the last few weeks Colonel Grant and his staff at the Omaha supply depot have outfitted 40,000 soldiers, including most of the Deming troops and those at Fort Snelling.

The district supplied by the Omaha depot includes five states, Nebraska, Iowa, Minnesota, North and South Dakota. All the supplies for troops in these states come from the Omaha depot, including uniforms, shoes, blankets, coats, provisions, etc. Most of these were purchased in Omaha.

As all of these 40,000 men were clamoring for attention at once it can be easily seen why there has been no rest for the quartermaster's staff for many weeks. Sunday Colonel Grant and Major Maher took a few hours to move up to the Army building, this being the only time they could spare for the work. The depot also shipped 384 tons of supplies to Deming and other points in the district that day.

"But that was a light day for us," said Colonel Grant. "We usually ship between 400 and 500 tons a day."

Here are the things the boys of the Dandy Sixth liked best on the Straud train in the order of preference, judged by the volume of applause:

OMAHA STUDIO OF SPEECH ARTS
AMY WOODRUFF
EXPRESSION AND DRAMATIC ART
Classes for Business Girls and Women.
18 ARLINGTON BLOCK
1511 1/2 Dodge

MURDER VICTIM IS BURIED TODAY.

MRS. CHRISTINE ANDERSON.
Funeral services for Mrs. Christine Anderson, whose body was found in her home Saturday night with the head almost severed, were held Thursday. Charles Smith, a negro, is held as a suspect.

Boys Go to State Fair As Guests of Management
County superintendent of schools has selected seven boys to represent Douglas county at the state fair as guests of the state agricultural board. They are Arthur Agee, George King, Ralph Thomsen, Milton Vasack, John Otto, Henry Wiese and Clarence Wiese. The boys will go to Lincoln Sunday and remain there during state fair week.

The American flag, themselves marching down Fifteenth street and a company of Red Cross nurses about to start for the front.

First Sergeant T. N. Dillon of the machine gun company, Fifth Nebraska, is on detached service at Fort Snelling now. His place is being taken by Sergeant Stewart Doig.

Captain Brome of Company A of the Sixth is congratulating himself on the fact that he has an experienced secretary in his ranks. David R. Marvin, the company clerk, who is acting as secretary to Captain Brome, was formerly secretary in the manager's office of the Union Pacific railroad.

RHEUMATISM
If you are a sufferer from Rheumatism, you should investigate the new method of treating this disease.
Send For Our Free Book
This booklet tells about the new way of treating this and other noncontagious diseases by sanitarium methods—the latest discovery of medical science. Handsomely illustrated with actual photographs of the Solar Sanitarium, where this treatment is being applied so successfully. A book as interesting as it is valuable.
Everyone suffering from disease of any kind should not fail to investigate this new method of treatment. Send for your copy today. There is no obligation whatsoever.

The Solar Sanitarium

410-417 Brandeis Bldg. Omaha, Neb.

"Give Service" Girls to Aid In Registration of Women

One hundred "Give Service" girls will offer to help on women's registration day, September 12. Miss Nelle Ryan, local Campfire guardian, from whose ranks most of the "Give Service" girls are recruited, today offered the services of the girls to Miss Edith Tobitt, chairman of the registration committee.

The girls are to serve as registrars, according to the plan. If Miss Tobitt's committee decides the girls can be used for this work, Principal Masters will be asked to excuse these girls from school on that day.
