Mother, Why Don't You Take Nuxated Iron

And Be Strong and Well and Have Nice, Rosy Cheeks Instead of Being Nervous and Irritable All the Time and Looking So Haggard and Old? The Doctor Gave Some to Cousie Smith's Mother and She Was Worse Off Than You Are and Now She Looks Just Fine.

NUXATED IRON WILL INCREASE THE STRENGTH AND ENDURANCE OF WEAK, NERVOUS, CAREWORN, HAGGARD LOOKING WOMEN 100 PER CENT IN TWO WEEKS' TIME IN MANY INSTANCES.

Advertisement for THE CHILDS APPEAL. Includes images of a woman and a child. Text: thereby the lives of thousands might be saved who suffer every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by a lack of iron in the blood. "On account of the peculiar nature of woman, and the great drain placed upon her system at certain periods, she requires iron much more than man to help make up for the loss. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: see how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. I have seen dozens of nervous, run down people who were ailing all the while double their strength and endurance and entirely rid themselves of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. The iron demanded by Mother Nature for the red coloring matter in the blood of her children is, also, not that kind of iron. You must take iron in a form that can be easily absorbed and assimilated to do you any good; otherwise it may prove worse than useless. I have used Nuxated Iron widely in my own practice in most severe aggravated conditions with unfailing results. I have induced many other physicians to give it a trial all of whom have given me the following reports: "Dr. Schuyler C. Janes, Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: 'I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But so many American women suffer from iron deficiency with its attendant physical weakness, nervous irritability, melancholy, indigestion, flabbiness, sagging muscles, etc., etc., and in consequence of their weakness, run-down condition they are so liable to contract serious and even fatal diseases that I deem it my duty to advise such to take Nuxated Iron. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy.'"

You can tell the women with plenty of iron in their blood—beautiful healthy rosy cheeked women full of Life, Vim and Vitality

Dr. Schuyler C. Janes, Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out any medical information or advice for publication, as I ordinarily do not believe in it. But so many American women suffer from iron deficiency with its attendant physical weakness, nervous irritability, melancholy, indigestion, flabbiness, sagging muscles, etc., etc., and in consequence of their weakness, run-down condition they are so liable to contract serious and even fatal diseases that I deem it my duty to advise such to take Nuxated Iron. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

NOTE—Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine or secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians, both in Europe and America. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion, as well as for nervous, run down conditions. The manufacturers have such great confidence in nuxated iron that they offer to refund \$10.00 to any chemist or institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 100 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Sherman & Council Drug Co. Stores and all good druggists.—Adv.

Dr. Ferdinand King, New York Physician and Medical Author, tells physicians that they should prescribe more organic iron—Nuxated Iron—for their patients—Says anaemia—iron deficiency—is the greatest curse to the health, strength, vitality and beauty of the modern American Woman.—Sound's warning against use of metallic iron which may injure the teeth, corrode the stomach and do far more harm than good; advises use of only nuxated iron.
