

ROURKES BEATEN IN TIGHT CONTEST

Peculiar Work in Field, Aided by Umpire's Decision, Results in Five-to-Three Victory for Ducklings.

Lincoln, Neb., Sept. 1.—(Special Telegram).—Omaha's ducklings work in the field allowed the Ducks to get an even split on the series here today, Lincoln winning the final game, 5 to 3, because of peculiar play in the ninth inning, which checked a rally.

Errors by Lincoln had put Thompson, Nye and Merz on the path, with none down. The Lincoln infield was drawn in and Cooney lifted a Texas leaguer toward short. It was apparently good for a hit, but Bergerhammer, by a brilliant catch, managed to gather it in and doubled Nye at second. Williams' grounder made the third out.

Rourke contends Umpire Brown should have called Cooney out on an infield fly. Brown claims he could not call Cooney out, because the "pop" had all of the earmarks of a hit.

Omaha scored first in the fifth inning, when Shag Thompson drove out a triple to left and scored on Nye's single. Williams' ground in the next inning, when Loyer missed judged his long drive to right and it went for a triple. A sacrifice fly brought him home.

The Rourkes' final tally came in the eighth inning on singles by Cooney and Williams and Selk's error on Shaw's grounder.

Shaw had a bad day in the field, missing up three chances, while his teammates added three more to the Rourkes' total.

Men Who Feed Bluejackets Most Popular Among Personnel of Fleet; Work Pleasant.
The United States navy has issued a special appeal for men who can cook to enlist in that branch of the service. The pay is rather higher than most branches, the work is pleasant, and the cook on a ship is easily the most popular man of the personnel.

The officer in charge of the Nebraska and South Dakota district for the navy announced yesterday that the department is looking to this district to supply a good proportion of the men who can cook for the navy. It is the homesteader and the miner, the man who knows how to take care of himself in the open who knows the science and art of cooking—and its importance in keeping up the fighting spirit. Especially is the man who can take care of the cooking end of a small town restaurant desirable.

The usual hours for a ship's cook are divided up so that he works one day and rests the next—or, three meals on and three off.
The best of material is furnished to work with and the pay is exceptionally good. The salary ranges from \$35.50 to \$66.50 a month. This is in addition to all clothing, food, rent, medical attention and other expenses. Experts have estimated that the living expenses furnished a cook in the United States navy is equal to \$50 a month in civilian life. The United States navy is the highest paid service in the world.

Any one wanting to enlist as a cook should go to the navy station at either Omaha, Sioux Falls, S. D.; Aberdeen, S. D.; Watertown, S. D.; Lead, S. D.; Hastings, Neb.; Lincoln, Neb.; Sioux City, Ia.; Norfolk, Neb., or Council Bluffs, Ia.
If you pass the physical examination there, free transportation will be furnished you to Omaha, where the final examination will be made. If you pass that, free transportation and meals will be furnished you to the substitution from where you started.
