

### OMAHA BOY NOW ON U. S. CONVOY SHIP

Ronald Kane Aboard Seattle Guarding American Troops Crossing Atlantic Ocean; In Paris July 4.

Ronald Kane, son of Harry Kane of the C. W. Hull company, is now on a battle ship conveying United States troops across the Atlantic to France. His father has not heard from him for ten days and the boy was expecting his ship to leave for France, so the conclusion is drawn that he is now on the ocean.

Already young Kane, who is on the United States ship Seattle, has helped one set of troops across. He was in Paris July 4 and witnessed the great demonstration there.

Joined Just in Time. The day after war was declared, Kane, then in his third year in high school here, joined the navy. He was not a moment too soon, for a short time after, the navy lists were closed to await more training schools and

his friends who waited a week or so to join did not get to go till last week. Kane's parents seldom know where he is, but they address letters to the postmaster of New York City, who always knows where the battle ships are and sends them on. When he got back from his first trip to France, he found fourteen letters from home awaiting him in New York.

### McAdoo Offers \$300,000,000 Certificates Through Banks

Washington, Sept. 5.—Preliminary to the forthcoming second issue of Liberty bonds, Secretary McAdoo today offered through the Federal Reserve banks for subscription at par \$300,000,000 of treasury certificates of indebtedness. Subscriptions will be received up to noon Tuesday, September 11, and the certificates will pay interest at 3 1/2 per cent to December 15, 1917, when they are to be redeemed.

"Payment for certificates allotted," says the treasury announcement, "must be made on Monday, September 17, 1917, to that Federal Reserve bank to which subscription may have been made. The right is reserved to reject any subscription and to allot less than the amount of certificates applied for. As heretofore, certificates will be in denominations of \$1,000, \$5,000, \$10,000 and \$100,000.

### Serb Children Die

#### For Want of Milk

London, Sept. 5.—Economic conditions in Serbia are deplorable and growing worse every day, according to a statement issued today by the Serbian press bureau in London. The Austrians, Germans and Bulgarians are said to have carried off all this year's harvest, which was abundant. The inhabitants have been deprived of foodstuffs and most families have but one loaf of bread a week. Meat, lard, butter and spices are unobtainable.

There is virtually no milk in Serbia and children are dying by thousands. A great number of families whose men folk perished in the war are doomed to starve.

Interned Serbians and prisoners of war in Austria Hungary and Bulgaria are dying from hunger and various diseases.

### Irish Hoodlums Attack

#### American Sailors in Cork

London, Sept. 5.—Attacks on American sailors on Sunday night are reported in a dispatch from Cork to the Chronicle. It is said that gangs of young men paraded the streets and set upon the Americans, who were accompanied by their sweethearts. One instance cited is that of two

Americans who were attacked on the chief street of Cork, a young woman with them being insulted and having her hat torn off. The correspondents reports that the sailors did nothing improper or contrary to good taste to invite the attack and as far as could be learned did not retaliate. They escaped on a tram car.

### State Council of Defense Commends Gov. Neville

(From a Staff Correspondent.) Lincoln, Sept. 5.—(Special Telegram.)—Resolutions commending Governor Keith Neville for his part in carrying out the work assigned to Nebraska in the preparation for war, the appointment of G. W. Wattles of Omaha, national food administrator for Nebraska and pledging him their support, and C. T. Neal, government wheat buyer for the territory tributary to Omaha, were passed by the State Council of Defense at its meeting this afternoon in Lincoln. The council in other resolutions demanded the repeal of the Mockett law for the teaching of German in the public schools of Nebraska and called upon the federal government to rigidly prosecute violations of the federal laws relating to treason.

Persistent Advertising Is the Road to Success.

### Germany Aided Through Austria, Say Patriots

Washington, Sept. 5.—A statement issued today by the Patriotic Education society urges that the United States should declare war immediately upon Germany's allies, asserting that the German secret service is relying largely upon Austrians and Bulgars for information from this country and asking "If this is a war of democracy against autocracy, how can we maintain friendly relations with the most despotic of the great empires, Austria-Hungary."

Instead of refraining from a declaration of war against Austria in order to leave the door open for a separate peace, the society argues the United States should take a surer road to peace by lending full support in war materials to the great Italian drive through Gorizia.

### Germany Destroys All Belgian Manufactures

Havre, Sept. 5.—Information reaching the lines shows that what is left of Belgian manufacturing machinery is being systematically taken out of the country or destroyed. The machines have been taken from all factories in La Providence and other nearby

places. When the manager of the mills protested, he was told the orders from Berlin were to empty Belgium of its manufacturing resources, the advices state.

### Miss Pankhurst Arrested; Talks Anti-Conscription

London, Sept. 5.—Adelaide Pankhurst, daughter of Mrs. Emmeline Pankhurst, the English suffrage leader, was sentenced today at Melbourne, Australia, to nine months' imprisonment for holding an unlawful demonstration, according to a Reuter dispatch from that city.

Miss Pankhurst has been engaged for some time in propaganda in Australia against conscription and several meetings at which she was to speak were broken up by soldiers.

### Japs Reported Ready to Assist Russian Troops

Geneva, Sept. 5.—In Russian circles, in Berne and Geneva, the fall of Riga was predicted a week ago when the archives and treasures were removed to Pskoff, while most of the ships left Riga for Revel.

Riga was known as a hot-bed of Lenin pacifists and also of German agents. The Munich Neuste Nachrichten says that a large Japanese force is concentrated on the Manchuria frontier, ready to come to the assistance of the Russians.

Portuguese Sailors in Serious Mutiny. Madrid, (Via London), Sept. 5.—Mutinies have broken out aboard some of the Portuguese warships. Many arrests have been made.

### Range 500 Feet

This means safety no matter how fast you drive.

### Smooth Outside Surface

Easy to keep clean, will not clog with dust, mud, snow or ice.

EVERY BIT OF LIGHT used. None misused. Perfect compliance with the law.

STRONG ROADSIDE illumination, plainly showing ditches or obstructions. Penetrates fog and dust.

## Noviol (Yellow Tint) CONAPHORE Complies with No-Glare LAW

Letter From the Deputy Attorney General, Department of State, Lincoln, Neb.

August Twenty-fourth, 1917.

Mr. R. G. Ames, Representing Corning Glass Works, Corning, N. Y.

Dear Sir:—

Answering your inquiry with reference to the different automobile lenses and their compliance with the requirements of the new Motor Vehicle Law enacted by the last Legislature, particularly with reference to the use of a white light.

It is our opinion that the requirement as to a white light is misleading, and it would seem that it is not a question of a purely white light that the statute had in view. The purpose of the statute is the elimination of the glare. Lights are white only by degrees.

In this respect we understand that both the Noviol (yellow) and the clear Conaphore lenses are generally approved as answering the purpose of the statute. That is the understanding of this department.

Very truly yours,  
(Signed) CHARLES S. ROE,  
Deputy Attorney General.

There is as much difference between the scientifically planned, carefully designed and properly built CONAPHORE and its competitors as there is between a toy magnifier and a modern microscope.

There is positively no other lens to be compared to the CONAPHORE as a complete, scientific solution of the headlight problem.

Most of the lenses used in railroad signaling and the globes in railroad lanterns, the Famous Pyrex Baking Ware, Pyrex Chemical Ware and Thermometer Tubing are on the long list of Corning products. For years we have been the world's largest producers of Technical Glass—and we KNOW—we do not guess, or suppose.

Actual road tests have borne out every single claim we make for the CONAPHORE—that it will light the road 500 feet ahead, that it will clearly light the sides of the road, that it will penetrate fog and dust, and that it positively has no objectionable glare.

Actual use by motorists everywhere is rapidly standardizing the CONAPHORE as motordom's only completely satisfactory headlight lens.

This headlight will be long in use after all others have been cast aside—because it is made correctly, in accordance with actual scientific facts, by the world's foremost manufacturers of Technical Glass.

#### EASY TO INSTALL

You will have absolutely no difficulty in installing the CONAPHORE. You simply take out the glass now in your headlight and put the CONAPHORE in its place. Sizes made to fit all cars.

#### PRICE LIST

Noviol Glass—	Per Pair.	Clear Glass—	Per Pair.
3 to 4 1/2 inches inclusive....	\$1.90	3 to 4 1/2 inches inclusive....	\$0.80
5 to 6 1/2 inches inclusive....	2.40	5 to 6 1/2 inches inclusive....	1.60
7 to 8 1/2 inches inclusive....	3.50	7 to 8 1/2 inches inclusive....	2.50
8 1/2 to 10 inches inclusive....	4.50	8 1/2 to 10 inches inclusive....	3.00
10 1/2 to 11 1/2 inches inclusive....	6.00	10 1/2 to 11 1/2 inches inclusive....	4.00
