**OVERLAND GIVES FEED FOR DEALERS**

**With Wives at Theater Party, Men Get Together and Talk Shop After Rousing Banquet.**

Dealers obtaining cars from the Omaha branch of the Willys-Overland company were the guests of the branch office at a "get-acquainted" banquet at the Rome hotel Thursday night. The attendance was not as large as expected, as many of the dealers who were in attendance at the day session drove to Lincoln to attend the state fair early in the evening.  
The "get-acquainted" meeting for the dealers originated with E. B. Wilcox, who has lately taken charge of this branch.  
"I wanted to get the dealers together and have them tell each other and us their troubles and successes," he said. "I believe we can all learn more about handling our business in that way than any other. If mistakes are being made by the factory, I want dealers to tell me and we will endeavor to correct them. The automobile business is now one of the most important industries in the United States and it will have to be conducted on more business-like principles than in the past. This branch will endeavor to place it on the highest plane possible. I expect to make these meetings regular events for the benefit of our dealers and ourselves."  
After the banquet O. E. Haring of the Omaha branch presided at a "get-some-pp" meeting. Dealers from all over the state responded on how they sold cars and faults they had to find with the Overland service. The faults were few, and consisted principally of the factory not being large enough to supply their demands.  
A display of oratory was absent, but in its stead were hard-headed business men talking to each other and holding a school of instruction on bettering their business conditions.  
During the last year this branch has disposed of \$3,000,000 worth of automobiles. During the last month they have doubled their business over the corresponding month of last year.  
The wives of the dealers were entertained at a theater party while the dealers talked shop.

**Central Powers Partition Poland; Poles Must Fight**

Zurich, Switzerland, Sept. 7.—According to information received from Vienna, the central powers have decided to carry out the partitioning of Poland. Germany will annex such parts of Russian Poland as she needs "to rectify her strategic frontier" amounting to one-tenth of the territory. Austria will annex the remaining nine-tenths and Emperor Charles will promulgate a decree uniting Russian Poland with Galicia and proclaiming the whole territory to be the United Kingdom of Poland, with himself as king.  
The new Hapsburg Poland will have its own parliament, but its foreign policy, army and finances will be controlled by Austria. The immediate effect will be to make the Poles liable to military service in the Austrian army. It will also involve removal from the Austrian parliament of deputies representing Galicia, giving the German parties in the Reichstag numerical preponderance.

**LaFollette Would Pay Monthly Bonus to Soldiers**

Washington, Sept. 7.—A new complication was added to the income tax contest late today by Senator LaFollette's announcement that he intended to offer an amendment to increase all surtax rates 10 per cent to provide a fund for the payment of a monthly bonus of \$50 beginning November 1 and continuing during the war to every American enlisted and drafted man and officer serving in Europe.  
Preparatory to disposition tomorrow of the income tax section, minor amendments to facilitate their collection were added and the rest of the day was spent in speechmaking, largely on subjects foreign to the bill.

**Building Trades League Puts Business Houses on 'Blacklist'**

The Building Trades league of Omaha has requested the members of the Farmers' Co-operative and Educational Union of Nebraska not to patronize Omaha industries. The Farmers' union is affiliated with the American Federation of Labor, and Gus Lawson, secretary of the Building Trades league, says the league used these methods to fight the business men who are refusing to make a settlement in the strike situation here. He said the request was that the Farmers' union patronize none of the Omaha industries.

**Youthfulness Is the Supreme Note And a Military Smartness Marks the New Tailored Suits**

THE coats are mostly 32 to 36 inches long—almost to the knees. Many collars are draped high in choker and muffler effects; belts are much in evidence, though many coats are stitched at the waist line; skirts are shorter and narrower to the bottom, and effective as well as useful pockets are found in many models. A delightful assortment of advance models is now ready.  
The offering is quite unusual—a fact shown by the suits themselves. The high character, quality, fashion correctness, together with the low prices which they are offering makes it an event of importance.

**Another Smash in the Prices Of Men's Shirts for Saturday at \$1.15**

RECENTLY we bought all this season's broken lines and leftovers from a large eastern shirt factory making high grade shirts. Their cheapest shirt at wholesale price is higher than the retail price we are going to sell this lot for. They consist mostly of neckband soft and stiff cuffs attached, coat style. There will be a few with collars attached. Included will also be the broken lines and "odd" garments from our regular stock. This sale will include the greatest possible value-giving shirt event in our men's department. If a cut in price of one-half or more interests you, come prepared to buy a half dozen or more. Materials are silk fiber, silk front, body to match, fiber and silk mixtures, corded madras and extra fine percale. Price \$1.15.
