

SWEDEN MAKES NO MOVE IN INTRIGUE

Washington Awaits Action at Stockholm Before Proceeding Further in Buenos Aires Plot.

Washington, Sept. 10.—The government today still was waiting for some indication of how the Swedish government regards the disclosures of the part taken by its legation in Buenos Aires in transmitting German legation dispatches to Berlin.

Neither the Argentine ambassador nor the Swedish minister here presented any message from their governments, and it was indicated that until one or both had communicated with the State department this government would take no step towards the development of what may lead to a serious alteration of Sweden's position among the neutral governments.

At the State department it was made clear that there was no disposition to question the good faith and honesty of the Swedish people. The distinction between the people and the government was carefully pointed out.

That Argentina will take prompt steps toward securing an explanation from Sweden is assumed, and the State department will be surprised if the Argentine foreign office does not force the recall of Count Luxburg, the charge d'affaires, who advised the sinking of Argentine ships "without leaving any traces," and who referred to the head of the foreign office as a "notorious ass."

No Change in Position. That the incident has been regarded by this government as a warlike act by Sweden was denied. At present there has been no change in the position of the two governments. This government has attempted no restriction on free communication between Sweden's representatives and their government and there was no indication that any would be imposed.

This government regards the entire question as a matter of the State of the allies than of the United States. Whether this government got the dispatches it published from its own agents or from those of one of the allies remained a secret. Refusal also was made to discuss the question as to whether all the information in possession of the department had been made public.

The Daily Mail in an editorial congratulates the American intelligence service on "the great second exploit of this year" and says:

"A blacker device of diplomatic devilry on Germany's part never was exposed, while on Sweden's part an offense against neutrality and against every decency of international intercourse—deliberate and despicable—how despicable can only be realized when we recall that Sweden has itself suffered from such outrages as it is assisting Germany to inflict upon Argentina."

Marshal Law Now Rules Petrograd; Form New Cabinet

yet been made by order of the government, although there may have been some by the judicial authorities under the ordinary process of law.

KERENSKY PROCLAMATION. Premier Kerensky has issued the following proclamation:

"On September 8 a member of the Duma, M. Lvoff, arrived at Petrograd and called upon me in the name of General Korniloff to hand over all civil and military powers to the generalissimo, who would form a new government at his pleasure."

"The authenticity of this summons was afterwards confirmed by General Korniloff himself, who had a conversation with me over the direct telegraphic wire between Petrograd and main headquarters."

"Considering this summons addressed through me to the provisional government as an attempt by certain quarters to profit by the difficult situation of the country and establish a state of things contrary to the conquests of the revolution, the provisional government has recognized the necessity of charging me, for the safety of the republican regime, to take the urgent, indispensable measures necessary to cut at the roots all attempts against the supreme power and rights of the citizens won by the revolution."

"I, therefore, for the maintenance in the country of liberty and public order, am taking all measure which I shall announce at the proper moment to the people. At the same time I order General Korniloff to hand over his functions to General Klembovsky, commander-in-chief of the armies on the northern front, which bar the way to Petrograd, and I order General Klembovsky to assume provisionally the functions of generalissimo while remaining at Pskov."

"Secondly: I declare a state of war in the town and district of Petrograd."

"I appeal to all citizens to remain calm, maintain the order necessary for the welfare of the fatherland and the army and navy, and tranquilly and faithfully fulfill their duty in the defense of the fatherland against the foreign enemy."

To Modify Death Penalty. Washington, Sept. 10.—Russian embassy officials believe the resignation of General Korniloff was forced by elements of the Council of Workmen's and Soldiers' Delegates opposed to enforcement of the death penalty for mutinous soldiers and that General Klembovsky, the new commander, will modify the death penalty order.

Representatives of the workmen and soldiers in the Kerensky cabinet, it was pointed out, have been dissatisfied with the stringent measures adopted to restore the Russian army to discipline, fearing the power might menace the new democratic ideals of the republic.

German Language Papers May Be Barred from Mails. Washington, Sept. 10.—Exclusion from the mails of certain printed German language newspapers influential in various sections of the United States is under consideration by the Postoffice department as a part of the government's determination to prevent circulation of anti-war propaganda.

CONVICTS BATTLE GUARDS AT JOLIET

Prisoner Shot and Three Guards Stabbed in Riot at Illinois Penitentiary.

Joliet, Ill., Sept. 10.—A riot occurred in the state prison here today, during which one convict was shot and three guards stabbed.

The injured are: H. Wiemand, convict, shot in lung by T. P. Clarkson, a guard; Michael J. Marks, guard, stabbed in throat; L. R. Shortwell, guard, stabbed in abdomen; Charles Walters, guard, stabbed in abdomen.

The rioters numbered about fifty, of whom fifteen were ringleaders in the riots of two months ago. The fifteen, led by Wiemand, had been in solitary confinement up to two weeks ago; when Warden Murphy restored them to their former status as convicts.

They were still unruly and inclined to growl at the restrictions on privileges instituted by the new warden in an attempt to restore a discipline which had been sadly demoralized by "too much honor system."

Among the privileges previously enjoyed by the convicts was an almost unlimited correspondence with sentimental women, many of whose letters were made public during an investigation last summer.

The first trouble occurred yesterday. At breakfast call about twenty of the convicts broke from the line and Wiemand, seizing a spade, is said to have threatened Clarkson. The latter, after ordering Wiemand to drop the weapon, shot him. Ten convicts were placed in solitary confinement.

This morning the trouble broke out anew. The emergency whistle sounded and in the melee which followed between the guards and about fifty convicts three of the guards were stabbed.

The guards used their rifles and apparently succeeded in restoring order.

Packers' Strike Spreads Now to Stock Yards Men

Uncle Sam's interest in the strike at the packing houses.

Within fifteen minutes after he arrived Mr. Feick was on the job. He had a short conference with T. E. Reynolds, labor member of the Nebraska State Council of Defense, and several of the strikers.

"I am optimistic enough to hope for a speedy adjustment of this strike," declared Mr. Feick. "I believe these packers are broad-minded men who realize the seriousness of the situation and I am confident the men are, too."

Comes for Government. "I am here in the interest of the government. This strike is a serious thing in several ways. We want these men to return to work. I hope there will be no trouble in bringing about an adjustment satisfactory to both sides, and I am optimistic enough to believe it."

Mr. Feick is the man who adjusted the big street car strike at Kansas City. He did it in just seven days. He is a resident of Indianapolis, where ordinarily he practices law, but at present is doing special work for Uncle Sam.

Strikers allege that the packing houses have been putting in cots by the carload in violation of the federal law, but no authentic reports can be obtained. Managers of the various plants simply say that they will take care of their employees.

Fewer Men at Work. Fewer men reported at the packing houses for work yesterday than at any time since the strike was called. The packers state, however, that some men are working in each department.

Offer of Mediation. Kansas City, Mo., Sept. 10.—The Department of Labor has offered its services in settling the packing plant strikes here with the arrival today of Patrick F. Gill, representing the conciliation bureau of the department.

Freight Handlers Strike. The freight departments of the Missouri Pacific, the Missouri, Kansas & Texas and the Rock Island railroads, are crippled here as a result of the striking of approximately 275 freight handlers. All local shipments are being refused and no deliveries are being made.

The Rock Island officials locked their employees out early today after they heard rumors of the contemplated strike. The strikers demand shorter hours and higher wages.

The Missouri Pacific has lost 100 freight handlers, the Rock Island 125 and the Missouri, Kansas & Texas fifty.

Fifty warehouse employees of the Wabash railroad and twenty from the Chicago & Alton joined the striking freight handlers at noon, increasing the total number from 275 to approximately 350.

Officials of the road say the strikers made no demands before walking out. The strikers have not definitely formulated their demands, the leaders say.

Increase at St. Louis. East St. Louis, Sept. 10.—A wage increase of 25 cents a day has been granted by the packing houses here, it was announced today by Robert E. Conway, general manager of Armour & Co.

The increase becomes effective on last week's work and affects 5,800 men.

Mr. Conway said the increase was not the result of agitation for unionization of the packing plants.

"Corn wasn't really King says Bobby until they made POST TOASTIES"

NEGRO TROOPS TO BE IN SEPARATE UNITS

Will Be Given Opportunity to Volunteer for Special Service With the Army.

Washington, Sept. 10.—Negro troops of the national army will be organized in separate units as is done in the regular army, and as far as possible will be trained in the states where they are raised. The call for negroes to mobilize at their camps will be postponed to allow officers at the camp to arrange for the organization of these separate units.

Both white and negro men of the selective forces will be given an opportunity to volunteer to battalions for service on the line of communication, their work being military but not combatant. There also will be, however, negro fighting regiments of the national army, as there are of the regulars and the National Guard.

70,000 Negroes Called. Of the 687,000 men called for as the first increment of the national army, it is estimated that approximately 70,000 will be negroes.

In all, the army in France will need, it has been estimated, more than 100,000 men behind the lines for use along the roads and railways or on other special work. A great many battalions of both white and negro troops will be necessary for those purposes and the War department feels certain that many of the negroes of the selective draft forces will volunteer for this duty, in order to be sent quickly to France.

GERMANY'S MOVE TOWARD PEACE BUT FIRST STEP

(Continued from Page One.)

nite increase of strength and prestige in some form or other the influence of the government in the middle classes will be so much weakened that it will be impossible any longer to depend on their active support against a revolutionary movement. The Prussian military and agrarian party remains as firm and uncompromising in domestic as in foreign affairs as ever and many of them undoubtedly would prefer civil war to any surrender which would deprive them of the political power which they regard as their right.

"For this reason that which the German government will seek for most in any peace arrangement is security that as soon as the war is over there shall be a free flow of food and raw material into the country and at the same time free markets for German products. If this could be secured the energy of the people could be at once directed to the restoration of commerce and industry and their interests so concentrated that they would be turned away from dangerous political considerations."

Austrian Press Demands Peace. Copenhagen, Sept. 10.—The Nachrichten of Hamburg, in discussing the question of peace, says that both the Austrian and German pan-Germans declare that Austria would be false to itself and to Germany if it advocated a speedy peace based on a renunciation of annexations and indemnities by Germany.

The Nachrichten's Vienna correspondent assails the Vienna Neue Freie Presse, the Zeit and the Sunday and Monday Gazette, all of which have printed articles intimating that Germany is the great obstacle to the question of peace, and calling upon Chancellor Michaelis to put forth a plain, unconditional statement accepting the basis of no annexations or indemnities and to take real steps to introduce a democratic government in Germany.

Schooner Torpedoed; Only One of Crew Saved. Farsboro, Nova Scotia, Sept. 10.—News has been received here of the destruction by a German submarine of the Nova Scotia schooner Minasqueen, with the loss of all but one of its crew.

Final Arrangements Made For Gilmore Funeral. The funeral of George F. Gilmore is to be held at 3:30 this afternoon at the First Presbyterian church, Thirty-fourth and Farnam streets. Rev. Dr. Edwin Hart Jenks will have charge of the ceremony. Burial will be in Forest Lawn cemetery. The Conservative Savings and Loan

MAY COMPLETE JURY IN KELLY CASE BY NIGHT

(Continued from Page One.)

The court was at ease for half an hour while Attorneys Sutton and Mitchell conferred in an anteroom with Kelly relative to the confession said to have been made by the prisoner at Logan.

Attorney Sutton introduced a new line of questioning jurors this morning when he asked jurors whether O. O. Rock, chief state agent, or Billy Griffin, Herb Crawford or Henry Terrell, state agent, had approached them since they were called as jurors; or whether mysterious strangers have quizzed them regarding the Villisca case.

The answers have all been negative. Rock and his staff of state agents are here.

HAVNER ATTENDS TRIAL. A copy of the confession was transmitted to Attorney Mitchell by Attorney Hess at Council Bluffs Saturday. Counsel for the defense decline to divulge the text of the confession, but it is generally understood that it was reported in substance when the state first announced that Kelly had confessed.

Kelly passed an uneventful Sunday in jail. The sheriff stated the prisoner is holding up well considering his close confinement. Attorney Sutton asserted that Kelly is afflicted with neurasthenia. The sight of blood disturbs the prisoner's mind, as was demonstrated when he scratched his finger.

Attorney General Havner, under grand jury indictment, returned last week, is in constant attendance at the trial. He occupies a seat across the table from Kelly. Mrs. Kelly sits continually by her husband during the court sessions.

This morning's examination of jurors offered further evidence of the difficulties in the way of impaneling a jury. The first four men were excused in short order.

Accept Another Juror. Henry Ellis of Sherman township said he had such a fixed opinion that he did not believe the evidence would change his mind. Frank Cooney of Villisca knew the victims of the ax-murder. He thought it would be impossible for him to be fair. A. C. Weillman of Red Oak contributed money to the Kelly defense fund. C. W. Allen of Red Oak said he is a friend of W. W. Arnold and had formed a fixed opinion based on fifty conversations. Arnold is Mrs. Ross Moore's father. Wesley Dodd of Pilotgrove had formed an opinion before he attended the Wilkerson meeting and admitted he was influenced by Wilkerson's talks.

"Have you read any of the numerous interviews given out by Attorney General Havner?" asked Attorney Sutton.

"I have not," replied Dodd.

"Do you think you could sit as a fair and impartial juror?" asked Judge Boies.

"Well, it would bother a fellow a little."

Dodd was passed when he told the judge he would do the best he could to weigh the evidence impartially. He was the first man accepted this morning out of six examined.

O. K. Olsen of Sherman township was not O. K.'d as a juror. He frankly stated he agreed to raise \$100 toward the Kelly fund and had subscribed \$10 himself, which disqualified him for jury service without further consideration.

Eleven men were examined this morning, making a total of sixty-three. Each side has exercised four of its maximum of ten peremptory challenges each. Three jurors passed tentatively this morning were C. M. Swanson of Stanton, challenged by the state, but the challenge was overruled by the judge; Henry Bruce of Red Oak, who said he had a mind entirely free, and Wesley Dodd of Pilot Grove.

Final Arrangements Made For Gilmore Funeral. The funeral of George F. Gilmore is to be held at 3:30 this afternoon at the First Presbyterian church, Thirty-fourth and Farnam streets. Rev. Dr. Edwin Hart Jenks will have charge of the ceremony. Burial will be in Forest Lawn cemetery. The Conservative Savings and Loan

Machine Gun Men Still Waiting for Orders to Depart

All is in readiness at the armory for the reentrainment of the Fifth Nebraska machine gun company today. The first thing to be loaded will be the Ford motor truck of the company.

Next will come the camp stove, which will be set up in the baggage car. For three months the soldiers have been living on restaurant fare in Omaha and the prospective change to camp cooking is hailed with delight. Every man has his possessions packed ready to leave on notice.

"Our orders have been to get ready to move as soon as transportation could be provided," said Captain Gardner last night. "Colonel Paul has been insisting that tourist sleepers be provided for the men of the Fifth and that may cause some delay."

At the Auditorium late last night no new orders had come and the officers had gone home for a much needed rest that they might be able to leave Wednesday, when they hope to get off.

THOMPSON, BELDEN & CO

The Fashion Center for Women

New Apparel Fashions That Bespeak Smartness

A showing that deviates from the ordinary in that all of the styles are distinctive. Rich materials have been skillfully fashioned into models that are of unusual beauty. Designs are in many instances original, in others adaptations of Parisian creations. Details have been carefully thought out with a view to adding attractiveness to every garment, giving an appearance of good taste demanded by well dressed women.

Tailored Suits, Frocks, Dresses, Coats for every occasion. Skirts and Blouses—all in keeping with the best standards of dress.

Alterations Are Without Extra Charge.

A Word to Mothers Who Are Sending Their Boys Away to School

In the Men's Shop you'll find complete fall stocks of Shirts, Neckwear, Underwear, Pajamas and Night Shirts, in outing flannel or madras. Bath Robes, Handkerchiefs, Fall Weight Hosiery, Garters, Belts and all the other articles necessary for the school year. We will take pleasure in showing them all to you and feel certain that the prices will also prove attractive.

To the left as you enter.

Taking Up the Slack

Pierce-Arrow trucks are ready to do their share in speeding up American industry. Relieving the shortage of horses, doing work that no horses could do, taking over traffic delayed by freight congestion and embargoes, increasing hauling radius, Pierce-Arrow trucks have made it possible for many manufacturers to speed up operation, increase output and make deliveries.

Pierce-Arrow Motor Trucks

for example: War orders compelled the Winchester Repeating Arms Company to build a factory on ground formerly used for coal storage. Pierce-Arrow trucks, hauling coal direct from docks to power house, 3 1/2 miles, delivered 350 tons daily with unflinching regularity and at a considerable saving in haulage cost.

Such great commercial successes are built upon sound economies like those effected by Pierce-Arrow trucks. A smaller business should not deny itself the advantages on which big business thrives.
