

CIVIL WAR ON IN RUSSIA; PACKER STRIKE SETTLED

EMPLOYERS MAKE CONCESSIONS; MEN TO RETURN TODAY

Employees Claim Big Victory in Recognition of Union and Reinstatement of Workers Who Walked Out; Federal Mediator Urges Men to Accept Packers' Terms; Grant Higher Pay.

Higher Wages and Recognition Of Union Are Agreement Points

Increase of 2 1/2 cents an hour for all packing house employes. Reinstatement of all who were out on strike. No discrimination against men for belonging to a union.

These concessions were made late yesterday afternoon by the packing houses and accepted unanimously by the packing employes, who have been out on strike for a week.

Acceptance of the terms and the end of the strike came suddenly at the close of a day of many conferences and rumors. The streets were filled with strikers, gathered in orderly groups, discussing the situation and awaiting the outcome of the conferences of leaders.

WILD RUMORS SPREAD.

All sorts of rumors were in the air. It was reported that several hundred strike breakers were at work in the plants. A number of wagonloads of cots had been delivered to the Morris plant, it was said, and this was taken to indicate that the packers were preparing for a long siege.

Fred Feick, United States Commissioner of Conciliation, who came to Omaha on Monday, was engaged all day in conferences. First he conferred with the packers, then with the stock yards officials, and then with the representatives of the strikers in the city hall.

The party was greeted with cheers as it pushed its way through the crowded hall to the stage. T. P. Reynolds, president of Central Labor Union, declared that Mediator Feick "has done more for the laboring men of Omaha in two days than any other man has done for them in forty years."

It is either go back now or stay out," he said. "If you stay out the federal government will step in. United States soldiers will be stationed to guard those packing houses, because it is a question of the government getting meat for the army. We don't want soldiers here."

Shamp declared the recognition of the union.

EXECUTIVE COMMITTEE OF NEBRASKA FOOD ADMINISTRATION—Which held a meeting in Omaha yesterday for organization at which State Administrator Wattles outlined what would be necessary in Nebraska for war-time food conservation.

Front Row, Left to Right: Clark Perkins, Aurora; Mrs. J. N. Paul, St. Paul; G. W. Wattles, Omaha, state food administrator; Charles Graff, Bancroft; A. H. Gustafson, Mead; O. G. Smith, Kearney; J. H. Ollis, Oriskany; Samuel Avery, Lincoln.

County chairmen of the county councils of defense will be used as nucleus around which to build the organizations all over the state to promote the pledge card campaign under the Nebraska Food Administration.

Mr. Wattles made the remark that the people here in this great grain belt cannot possibly realize what the conditions are in the war zone with reference to food.

"There is more food wasted in Nebraska than is used in the state," said Mr. Wattles. This was seconded by Charles Graff of Bancroft, himself a farmer who followed the statement up by adding, "Yes, and the people on the farms waste even more than those in the cities."

U-BOAT IS SUNK BY DESTROYERS GUARDING SHIPS

Wholesale Destruction of German Submarines Off French Coast Reported by U. S. Navy Department.

Washington, Sept. 11.—A hostile submarine was destroyed off the coast of France September 5 when several U-boats attacked a fleet of merchant ships, of which the American steamer Westwego was one.

Following the ultimatum of General Korniloff, the entire Russian cabinet resigned to give Premier Kerensky full liberty of action. All the ministers for the time being will remain in their offices.

General Korniloff's "Sikaya" division, which was formerly stationed at Pskov and consists of Georgians and other Caucasian tribesmen, is reported to have occupied Wlitz or Little Vrayn, on the Petrograd-Rybinsky railway, fifty-four versts from Petrograd.

It is officially stated that a part of the rival forces met near Luga and communicated with each other without hostilities breaking out.

ARGENTINE MAY FIRE GERMAN AND SWEDISH ENVOYS

Foreign Minister Defends Luxemburg, but Patriotic Society Demands He Be Tried for Inciting Assassination.

Buenos Aires, Sept. 11.—News dispatches to the effect that passports may be handed to the German and Swedish diplomatic representatives to Argentina are declared by the foreign minister to be premature.

The foreign minister announced that the steamers Oran and Guazo referred to in one of the messages sent by Count Luxemburg through the Swedish legation to the German foreign office arrived at French ports in June after Luxemburg had sent his dispatch.

All documents relating to questions between Argentina and Germany have been published, the foreign minister declared, adding that nothing had been held in reserve and that there is not now, and never had been, a pact, written or verbal, with Germany limiting in any way the freedom of Argentine shipping.

Further doubt concerning Argentina's faith and truthfulness after this declaration must be considered a national offense, the foreign minister declared. He added that the best proof of the inexactness of Count

EXAMINE 21 MENT TO OBTAIN 1 KELLY JUROR

Montgomery County Citizens Have Decided Opinions in Murder Case and Judge Somewhat Ruffled.

By EDWARD BLACK. (Special Correspondent.) Red Oak, Ia., Sept. 11.—(Special Telegram)—Expectations of obtaining a jury today in the Kelly murder case, were given a set-back, when twenty-one men had to be examined to reach George M. Korrihard of Red Oak, who was passed to fill the eighth peremptory challenge of the state.

Out of thirty-three men examined during the day, three were passed. Four more are required to complete the limit of peremptories on both sides. There seems some doubt now that jury selection will be out of the way by adjournment Wednesday.

BACK TO BUSINESS. During the afternoon, H. S. Petty, Red Oak automobile dealer, motored home from Toledo to learn he had been summoned as juror. He was reticent in answering questions, bringing judicial rebuke upon his head. In exasperation the court dismissed him with a brusque, "You may go back to your business."

There is only one way for a man to get rid of this opinion without proof and that is by forgetting it," was the observation made by a judge to an unwilling juror.

The jury in its final selection will be farmers, with few exceptions. Most of the farmers, who have been examined have worn an "I want to get home" expression, as they realized the probable length of the trial.

Complaint Made That Canteens Being Run on British Model on French Fighting Front.

Washington, Sept. 11.—Acting upon representations from Herbert K. Caskey, executive secretary of the board of foreign missions of the Presbyterian church, Representative Cooper of Ohio today complained to Secretary Baker that restrictions on sale of intoxicating liquors at American army canteens in France are very lax; that the statement has been made in the British House of Commons that the American canteens are to be run on the British model, which permits the sale of liquor, and that French officers are not making any strong efforts to keep liquor away from the American forces.

Raid in Texas Proves To Be a False Alarm

Laredo Texas, Sept. 11.—The report of an alleged bandit raid at Dolores Creek, twenty-eight miles south of here, last night, which resulted in the dispatching of a number of soldiers to that place, proved to be a false alarm, army headquarters announced this afternoon. No trace of bandits could be found, and it was indicated that telegraph wires which were reported cut had been broken by accident.

RUSSIAN ARMY FACING TRAP—Only one line of retreat is left open to the Russian army in flight from Riga. Germans have thrown out big forces from Uxkull, where they crossed the Dvina, southeast of Riga. This limits the Russian retreat to the railroad line from Riga to Venden and Pskov.
