The official cables reported a decline of 75 rels at Rio with Santos futures un-changed to 25 rels lower. Victoria re-ported a clearance of 30,000 bags for New Orleans and Santos cleared 106,000 for New York. Brazilian port receipts, 59,000 bass to crop progress led soon to an outburst of bullish sentiment, which was increased by numerous reports that damage from frost had been greater than the trade has hitherto believed.

It happened that the market was in a po-sition for liberal profit taking by holders when peace gossip was circulated. It hap-pened that the peace rumors included specific references to absolute independence for Belgium to further handicap the bulls and there was no important reaction from the break in values as the market came to an end.

end. Export purchases amounting to \$60,000 bushels failed to prevent oats from sagging with corn in the later trading. Offerings from the country were still light here, but were said to have increased somewhat over night, and it was pointed out that primary receipts totaled larger than was the case a very store and the same a store that the same a YORT ARO.

Supplies of wheat gained a little vol-ume, but not sufficiently so to overtake the demand. Latest estimates of the spring crop in the Dakotas and Minnesota put the

crop in the Dakotas and Minnesota put the aggregate at 6,000,000 bushels less than was suggested by the government report. Active buying of October lard gave the provisions market a lift. The close, however, was unsettled by much profit taking on the part of holders. Added Assets and Earnings CROWN OIL

Has just secured properties in Kansas, Oklahoma and Wyom-ing, with production in Kansas and very promising acreage in both the Big Muddy and Elk Basin fields of Wyoming. Holdings of the company, which now total close to 60,000 acres, have a wonderful potential value being located in

Wyoming

Oklahoma

Kansas

The Four Foremost Oil States.

Previous to the property purchases just made, the company

from its production in Kentucky was able to earn a substantial

margin over dividend requirements, but this monthly surplus

will now be materially enlarged through the Kansas output.

Dividends are being paid at rate of 2% per month.

The new properties greatly strengthen the position of the company as to assat values, production, earnings and subsequently dividends. The latest property acquisitions are being financed through the sale of Treasury shares, a limited amount of which we are offering, subject to

\$1.50 per share

at which price the dividend return is equivalent to

With a consistent dividend record and solid physical values, we recommend purchases for the substantial income yield afforded at the present offering
