

## SOUTH SIDE

### CONDITIONS NORMAL AFTER BIG STRIKE

South Siders Breathe Sigh of Relief as Packing House Laborers Go Back to Work Again.

Last week 5,000 South Side workmen were on strike. The four large packing houses were practically tied up. Restless crowds paced the streets.

South Side, old in experience with strikes, held its breath. The air was full of rumors—strikebreakers, scabs, shots, riots. Feeling was tense.

Late Tuesday afternoon the strike was settled.

Wednesday morning found South Side normal again. Every workman was in his place. The big packing houses were turning out their quota of the world's meat. All was busy and natural.

There is an undercurrent of gladness in South Side. South Siders feel it and respond to it. Grocers are glad that their patrons are getting paid again. The strikers, mostly persons who need their pay, are glad to be on the job again. The packers are glad that their big plants are busy again. South Side is experiencing that feeling of relief which people feel when some dread disease has been enar, but passed on.

### Military Carnival Plans Not Affected by Boys' Leaving

The boys of Company D of the "Dandy Sixth" will probably be in Deming when their military carnival is being staged in South Side. South Side business men have assured the boys that they will push the carnival and make it a success.

Canteens, built to reproduce the original army canteens, will be erected at the carnival grounds. Since the boys of Company D will not be here to take charge of the canteens, the Red Cross women of the South Side have been asked to give their services in running the canteens.

A big arch will be built over the entrance of the grounds at Twenty-fourth and O streets. The Nat Reiss shows will furnish attractions at the carnival. They had charge of the military carnival in Council Bluffs last week and cleared over \$8,000 for the soldier boys there. South Side men say that they expect the carnival here to be just as big a success as the one in Council Bluffs.

### Police Tell Owner of Spitz Canine to "Tie Dog Outside"

"Tie your little dog outside," is the advice Police Judge Madden gave to Riley Anthony, 3920 S street, who appeared in court Thursday with his little white spitz dog. John J. Buckley, mail carrier, testified that the dog is a vicious animal. Anthony pleaded for the dog's life and promised to keep it tied.

### Packers National Bank Names New Assistant Cashiers

Directors of the Packers National bank met Wednesday afternoon and elected E. R. Spaulding and Amos W. Gates new assistant cashiers.

### Shipping Board Faces Huge Wage Increase

Washington, Sept. 14.—A decision as to the general policy the government will pursue in dealing with demands for wage increases in ship-building plants faces the shipping board in conferences it is holding with Seattle builders and labor representatives. At the close of today's meeting no agreement had been reached.

The Seattle workers employed in plants in which construction has been commandeered by the government ask wage increases approaching 33 per cent. If similar increase were given ship yard workers throughout the country it would cost the government about \$200,000,000 a year to be added to the ship-building program's cost.

The shipping board will have to pay any wage advances in yards in which construction has been commandeered, as the contracts taken over provide that labor costs enter into the cost of the vessels. In the Seattle yards the builders are backing the workers in their demands.

### Trade Acceptance Plan Coming, Say Credit Men

The Omaha Credit Men's association held a meeting and banquet at the Castle hotel last evening. F. A. Cuscade, of the Omaha National bank spoke on the bankers' view of the trade acceptance.

### LOVERS MAY TURN OUT AUTO LIGHTS

Going With Same Girl for Two Years Saves Young Man Arrested for Violating Road Rules.

"Did you have both hands on the steering wheel?" is the leading question which City Prosecutor Anheuser asked James Drelhka of Avery, who was in South Side police station Friday morning for violating the automobile light ordinance.

"Yes," answered young Drelhka, "you see, my girl was with me, but we've been going together for two years."

"Well, any fellow who goes with the same girl for two years has a right to blow out the lights," chuckled Police Judge Madden.

Drelhka had been to the military hall at the Auditorium. He has a brother who is a member of the "Dandy Sixth" and he told the court he had taken his girl to the dance to celebrate his brother's last evening in Nebraska. Officer Beister arrested him when he was on his way home from the dance. He was brought to the station, but when he told the police that his girl was with him he was given a "golden rule" sentence and was allowed to go and take his sweetheart home.

"You see," said Desk Sergeant McCarty, "everybody loves a lover." "Ahem—same girl two years," said Judge Madden, rubbing his chin. "Say, boy, you're discharged."

### Austrian Official Says Country Can't Hold Out

Geneva, Sept. 14.—The Freie Zeitung of Berne publishes an article from a high Austrian official who recently traveled through several sections of this country, in which the writer states that Austria-Hungary cannot hold out the coming winter, owing to economic reasons, as both soldiers and civilians will be starved. He gives several reasons, notably the almost complete destruction of the crops in the richest regions of Hungary by the cold and the heavy rain, while 300,000 tons of Rumanian cereals could not be transported, owing to lack of rolling stock, which, first of all, is utilized for military purposes. In the meantime, he says, the necessities of life are mounting to extraordinary prices.

## Nebraska Strawberries Found in Omaha Stores

Potatoes took a sensational jump upward Thursday of this week. One store was selling them at 35 cents a peck early in the morning, but when the vegetable man returned from the wholesale market they were marked up to 50 cents. "Growers aren't digging them," he said, "and there is a shortage in the market. They will probably go down again soon."

The market is loaded with other good things, both fruits and vegetables. Cabbage is splendid at 5 cents a head. Cauliflower sells at 12 to 15 cents a pound. Carrots cost 4 and 5 cents a pound or 30 cents for market basket full.

Green tomatoes for preserves are around 35 cents a market basket.

Green grapes for making preserves and jellies are plentiful and bring from 75 to 90 cents for a market basket. Concord grapes for eating are on the market at 25 and 30 cents a basket. Tokay grapes are as low as

25 cents a basket in some stores and 10 to 15 cents a pound.

Apples of various kinds for various purposes are fine and plentiful, selling from 25 to 50 cents a peck. Excellent crabapples are on the market as low as 30 cents a peck. Now is the time to make crabapple jelly.

Big fine blackberries, the kind that go well with cream and sugar, are here at 15 cents a box. One store even displayed a small line of strawberries. They were grown at Ainsworth, Neb., and sold at 40 cents a box.

Watermelons are still here at 2½ cents a pound. Cantaloupes cost from 7 to 15 cents each and honeydew melons are about 25 cents.

Oranges range from 30 to 50 cents a dozen.

Fancy slicing cucumbers are 5 and 10 cents each. Wax beans bring 15 cents a pound and considerably less by the market basket. Sweet corn is from 15 to 20 cents a dozen ears.

### Brown Is Held For Passing 91 Bogus Checks

W. C. Brown, charged with passing worthless checks, pleaded guilty in police court Thursday morning, and was bound over to the district court. Bail was fixed at \$1,500.

Special Detective Finn of the Brandeis stores went to Louisville, Ky., after Brown, and returned with him Thursday morning.

Brown began his checkered career by faking advertisements for the Gayety and Empress theaters and for the Mills Advertising company. Manager E. L. Johnson of the Gayety says that his loss was \$185. Brown passed worthless checks at the Henshaw hotel amounting to \$60, and at the Brandeis and Burgess-Nash stores and the Merritt, Beaton and Schaefer pharmacies.

In all he has forged ninety-one checks, averaging \$50 each, using E. L. Johnson's name. He traveled

through the east, stopping at the leading hotels in fifteen large cities.

In these hotels he gave from one to three checks, always for larger amounts than his bills called for.

In Louisville, Ky., Brown stopped at four hotels and it was only at the last one that he was detected in his forgeries.

## FRENCH OFFICERS HERE SHORT TIME

High Commission Makes Stop in Omaha for Few Minutes Between Trains on Way East.

The high commission of the French government stopped over in Omaha for two hours yesterday while making changes in trains for the east on their return from San Francisco. They were met at the station by a delegation of members of the Alliance Francaise who had charge of their entertainment while in the city.

"The conditions in the United States exceeded our fondest expectations," said High Commissioner Debilly. "We were entertained continually while in this country, but no city accorded us a more royal welcome than did Omaha."

A committee from the Alliance Francaise, headed by Dr. Felix Despecher, took the mission to the home of Henry Doory, 124 South Thirty-ninth street, upon their arrival, where a social session was spent until the party left for Chicago.

In the party were Deputy High Commissioner Eduard Debilly, Colonel James Martin, Captain E. J. P. Rouvier and Lieutenants Henri de Courtivron and Emanuel, Limouzain.

### King Corn Must Hand the Sceptre to Humble Bean

Washington, Sept. 14.—Beans take their place this year as one of the country's most important and valuable crops. Forecast of production in the five important bean-growing states, Michigan, California, New York, Colorado and New Mexico, announced by the Department of Agriculture today in a special report, shows 19,969,000 bushels, compared with 8,846,000 bushels last year and 10,321,000 bushels in 1915.

More than 1,500,000 acres were planted to beans in those states, and the average farm price paid for them on August 15 was \$7.24 a bushel, compared with \$4.60 on that date last year. At the August 15 price the prospective crop was worth about \$145,000,000.
