

TAKE GREAT CARE OF HEALTH AT CODY

Especially Attention is Paid to
Men Who Reveal Any
Symptom of Tuberculosis.

Camp Cody, Deming, N. M., Sept. 15.—Every soldier in this fast-growing training camp will undergo an examination for indications of incipient tuberculosis at the hands of a board of officers headed by Major E. S. Bullock, Lieutenant Paul Gallagher and Lieutenant E. J. Twitchell. Even Major General Augustus P. Blockson, division commander, will be examined unless he can exhibit a certificate that he has been recently tested for signs of the white plague. The examining board has been serving at Fort Bliss for several weeks.

Sanitarium for Army.
It was appointed by the surgeon general's department at the initiative of Colonel George Bushnell, medical corps, who has for many years been in command at Fort Bayard, nine miles north of Silver City, N. M., where an investment of about \$20,000 has been made by the War department during many years past. Any officer or soldier found to have tubercular symptoms will be invalided to Fort Bayard and given treatment under observation until cured.

Dr. Bullock in private life conducts one of the largest tuberculosis sanitariums in the southwest. The other men on the board are also specialists. The climate around Fort Bayard is pronounced by army men to be the most favorable for the treatment of pulmonary trouble in the country.

Ratio of Sickness.
The hospital chart in the office of Division Surgeon Colonel J. M. Coffin showed on Tuesday that the ratio of sickness and injuries among all the men in Camp Cody is a little over 11 to the 1,000. The personnel of the medical department consists of fifty officers and 350 enlisted men. This number will be increased to 1,325 men and officers as soon as the base hospital is completed, which will be within two weeks.

The men of the Second Iowa infantry, Colonel Robert Bailey commanding, have been inactivated against typhoid and as a consequence there is considerable temperature and sore arms. Usually this treatment does not lay men up, however. The Iowa surgeons have been busy men this week administering the "shots in the arm" to the infantry, Troop A, First Iowa cavalry, from Marengo, Captain Byron Goldthwaite, and Battery D, First Iowa field artillery, from Davenport, Captain Harry Ward.

Causes of Illness.
No serious illness has been reported among the men from any state here, except one man who died of appendicitis, following an operation, Fred Fess of Renville, Minn., member of Company H from Olivia, whose body was taken home for burial last week. The principal sick calls have resulted from men over-indulging in articles of food and drink outside of the mess hall set out at the mess hall. Several of the men of the Third Minnesota infantry were made ill by eating canned tomatoes, said to have been spoiled.

Invitations to hundreds of men in the various regiments to Sunday dinner with families in Deming were seized upon with delight by the soldiers. Besides hearing joint religious services at the Crystal theater, band concerts and other diversions were offered by the committee on camp social activities, headed by Myron A. Kessler of the Fossick committee.

Many Use Y. M. C. A.
About 2,000 letters are written daily on the stationery of the Young Men's Christian association at the five halls of that welfare organization in the reservation by the soldiers. Apart from many accommodations of this sort, the "Y" is furnishing strictly high grade entertainments and amusements that keep many a man from asking for p. s. outside to the town of Deming. Lessons in French and Spanish are part of the Young Men's Christian association's offerings and there are Bible studies and weekly classes. E. F. Denison, for years general secretary of the Young Men's Christian association in Omaha, is the man in charge of camp activities here.

Bau Put on Photos.
As the result of an order prohibiting soldiers from taking photographs in Camp Cody, issued by Major General Blockson, several men have been arrested and their cameras confiscated. Rumors having been circulated in camp that the North Dakota regiments may not come to Cody for training, their detachments here are anxiously waiting further news. Field hospital No. 1 from Lisbon, Major Patterson, with Captain McClaw commanding, is the lone unit from the far off state.

Senate Takes Up War Credits; Expect Unanimous Approval

Washington, Sept. 15.—The war credits bill was taken up by the senate today and prepared for passage tomorrow in about the form it passed the house by unanimous vote last week. Hopes of senate leaders to dispose of the measure today were blocked by Senator La Follette, who insisted upon consideration of some amendments tomorrow.

It is conceded that no changes affecting the amount of bonds and certificates—\$11,538,000, or their interest rates, will be made and that the bill will pass by unanimous consent.

Pleads Not Guilty to Libeling Abe Lincoln

Vincennes, Ind., Sept. 15.—Dr. Wilhelm T. Von Knappe pleaded not guilty to the charge of libeling Abraham Lincoln, and is at liberty today under a bond of \$250. Von Knappe was arrested yesterday on a grand jury indictment as a result of an investigation of a book entitled "History of the Wabash Valley," which the doctor wrote. In the book he charged Lincoln, it is set forth in the indictment, with being a traitor to his country during the Mexican war, and with being an infidel and blasphemer. Von Knappe asserts his defense will be that he has evidence to sustain his statements.

Sweden Starts Overhauling in Foreign Office; Luxburg Must Report in Person; Mexico to Act

Government Decides to Take Immediate Steps to Bring About Diplomatic Reform; Germany Bestirs Itself.

(By Associated Press.)

Stockholm, Sept. 15.—The Swedish government has decided to take steps to reform conditions in the foreign office. This follows a series of cabinet meetings, conferences of officials with the king and conversations with Ira Nelson Morris, the American minister, and the entente ministers. No official statement of the nature of the steps Sweden has taken at Berlin is made, but the newspapers intimate that representations and a request for an explanation have been made to Germany.

The French minister to Sweden called today at the foreign office to request an explanation of the cable dispatches sent by the German minister to Argentina, through the Swedish legation.

Luxburg Ordered to Berlin.
Amsterdam, Sept. 15.—Dr. von Kuehlmann, the German foreign minister, has requested the Argentine legation at Berlin to communicate telegraphically a request to Count Luxburg, the German minister in Argentina, to come to Berlin in order personally to report, according to ad-

GERMANY ASKS PEACE EVIDENCE

In Reply of Central Powers to Pope's Proposal Desire for Discussion With Allies is Expressed.

(By Associated Press.)

Amsterdam, Sept. 15.—The reply of the central powers to the peace note of Pope Benedict, says a Vienna dispatch to the Tjld, begins by declaring that they regard the papal proposals as a suitable basis for peace negotiations.

Regarding the exchange of occupied territories, arbitration, disarmament and similar proposals declarations are made, the dispatch adds, which testify to the idealism of the central powers and their sincere desire for peace which will insure happiness to all nations.

Conciliatory declarations also are made respecting the settlement of the Balkan question, Poland and the restoration of Belgium, but emphasis is laid on the condition that the allied powers must also give serious evidence of a desire for peace by a joint and benevolent discussion of the questions which now separate the nations. The reply, it is said, will be published as soon as the consent of the papal nuncio at Vienna is obtained.

Bohemians Choose Omaha For Next Meeting Place

Cedar Rapids, Ia., Sept. 15.—Frank M. Barta of Cedar Rapids was re-elected president of the Western Bohemian Fraternal association in convention here tonight.

Other officers chosen are: Vice president, Joseph Kubicek, Cedar Rapids; secretary, L. J. Kaspar, Cedar Rapids; treasurer, B. Horecek, Omaha; medical examiner, Dr. V. V. Smrha, Milligan, Neb.; organizer, Joseph Drtina, Denver, Colo.; editor of official paper, Stanislaw Serpan, Omaha; directors, Joseph Rejman, Jan J. Hibeck, Vacmaly, all of Cedar Rapids.

Omaha was selected for the convention in 1922. Resolutions were adopted allowing \$1,000 for the support of the National Czech Alliance in Chicago, an association working toward the freedom of Bohemia.

Today was virtually the last day of the convention as little business will be attempted tomorrow. Among the important transactions were: Adoption of resolutions pledging 20,000 members of the order to stand behind the president and government at war; admittance of two new states, Texas and Missouri, into the order, making the total territory covered by the organization sixteen states, and the change in bylaws, which provides for the admittance of the American or English wife of a member.

Robbers Take \$30,000 of Diamonds in Broad Day

Chicago, Sept. 15.—Unset diamonds and diamond rings, said to be worth \$30,000, were taken by two robbers who surprised Frank L. Plon, a jeweler, in an office building at Madison and Wabash avenues late today. Plon was bound to a chair, but released himself five minutes after the two men had gone.

The jeweler was preparing to close his office when the robbers entered. A tray of diamonds, valued at \$5,000, was on the show case, together with a wallet containing \$25,000 worth of unset diamonds. Pointing revolvers at Plon and threatening him with death if he uttered a sound, they seized him and tied him to a chair. One of the men stood guard over Plon, while the other swept into his pocket the contents of the tray and the wallet.

In leaving, the man who stood guard over the jeweler ran out first and down the stairway, followed by the man with the loot, revolver in hand, calling out in apparent excitement, "Stop him; stop him; he's stolen my money." Several persons between the fifth floor, on which is the office of Plon, and the street, saw the fleeing men, but no attempt was made to stop them and they quickly disappeared in the crowds on the sidewalk.

vices received here from Berlin.

The Argentine government also has been asked to secure a safe passage for Count Luxburg.

Mexico City, Sept. 14.—From statements made this evening by men in high government circles, after they had discussed the letter made public by Secretary of State Lansing, the relations between Heinrich von Eckhardt, the German minister to Mexico, and Folke Cronholm, former Swedish charge d'affaires at the Mexican capital, the conclusion seemed to have been reached that it was the Mexican government's business to take action in the matter.

Mexico Should Act.
This view was voiced by Luis Cabrera, former minister of finance, and a leader in congress, who said he did not think it was necessary for Mexico to take official cognizance of the matter by action or declaration. Senor Cabrera said he thought it improbable that any action or announcement from the foreign office or the executive would be forthcoming.

Ernesto Carza Perez, in charge of the foreign office, repeatedly denied today any knowledge of the affair and declined to discuss its ramifications. Herr von Eckhardt today denied himself to all visitors. He has made no statement beyond his declaration of last night that the matter did not interest him and that he had never recommended any one for a decoration. M. Cronholm is in hiding, but is believed still to be in the city.

Unaware That U. S. is At War; Arrested As Slacker
Peublo, Colo., Sept. 15.—J. H. Carpenter of Marna, Colo., did not know there was a war between the United States and Germany and thought the registration under the selective draft law was registration for an election, he told officers here today, when arrested for failure to register.

Carpenter said a rancher for whom he worked kept him in ignorance of the draft and as he took no newspapers he was unaware of the war.

The president and government at war; admittance of two new states, Texas and Missouri, into the order, making the total territory covered by the organization sixteen states, and the change in bylaws, which provides for the admittance of the American or English wife of a member.

Troop Train Fired On; Four Soldiers Wounded

Stuebenville, O., Sept. 15.—A troop train on the Pennsylvania railroad was fired upon tonight, near Mingo Junction, O., according to reports received here. Four soldiers are said to have been wounded, one seriously. The wounded men remained on the train which is proceeding to Pittsburgh.

Chiropractic Health Talks

(By Dr. Burhorn.)

Those who have not closely followed the recent progress of scientific research of the body wonder just why it is that the chiropractor can "adjust the spine" for diseases of the stomach, liver, kidneys, bowels as well as headaches, nervousness, dizziness, insomnia and the very large class known as "Women's Diseases," or for some other disease seemingly not at all directly connected with the spine.

When it is remembered that every organ in the body is dependent upon, and under direct control of the nerves—and that every one of these nerves passes through the spine before reaching the brain, it can readily be understood why the spine plays so important and so vital a part in the health of the body.

No matter what your ailment is, do not think your case is hopeless until you have tried Chiropractic Spinal Adjustments. What it has done for others, it will do for you. Do not through ignorance of this wonderful science shut the door to your ultimate relief and happiness.

It is the subluxated vertebra that stands between you and good health. Consultation and examination free. No obligation on your part. Adjustments are \$1.00, or twelve adjustments for \$10.00. Dr. Burhorn is a graduate of the Palmer School of Chiropractic—has one of the finest sanitary equipped offices in the west. Corner of 16th and Farnam Sts., Suite 414-418 (Rose) Securities Bldg. Phone Douglas 5347. Residence phone, Webster 1710.

18 BILLIONS FOR FIRST YEAR OF WAR

Representative Fitzgerald Estimates U. S. Expenses; Deficiency Bill Will Appro-
priate Seven Billions.

(By Associated Press.)

Washington, Sept. 15.—Debate began in the house on the mammoth urgent deficiency bill, appropriating more than \$7,000,000,000 for the war, with a lengthy statement by Representative Fitzgerald, chairman of the appropriations committee, reviewing the country's financial situation and the war expenditures of European belligerents.

Leaders of both parties expect the bill to pass tomorrow or early next week. Representative Gillette of Massachusetts, acting republican leader, said that for once the minority would not criticize the majority committee report, though it would reserve the right to support a proposal for a congressional committee on war expenditures.

Representative Fitzgerald gave figures estimating that all the nations at war have spent \$90,000,000,000 since the war began. Great Britain's bill was placed at \$18,500,000,000; Russia's \$15,000,000,000; France's \$15,327,400,000. Italy's \$3,120,000,000; Germany's \$21,800,000,000 and Austria's \$12,800,000,000. The United States, he said, expects to spend during her first year of war \$18,208,000,000, a considerable part of which will make provision for two year's operations.

Mr. Fitzgerald denounced the pro-

Atterbury Directs Transportation of U. S. Troops to France

Washington, Sept. 15.—Appointment of W. W. Atterbury, vice president of the Pennsylvania railroad, as director-general of transportation of the United States expeditionary force in France, was announced tonight by the War department.

Mr. Atterbury already is in France and in active charge of all railways, docks and highways, under General Pershing. In addition to directing operations there, he will co-operate with the army's director-general of railway transportation in this country in securing transportation equipment of all kinds and in the organization of units of railway men needed in France.

Transportation behind the lines is the greatest of all problems for the modern army and the government proposes to give General Pershing the most complete system that money and brains can provide. Mr. Atterbury will have as his assistants many Americans well-known in the railroad world.

Representative Ferris of Oklahoma, spoke out anti war propagandists, assailing the Industrial Workers of the World and pacifism generally, and denouncing particularly members of congress who aid in such activities.

posed congressional expenditures committee as involving abdication of the powers of the house and hampering the executive by setting up a meddling or espionage committee.
